COMMENTS FROM BOARD MEMBERS/STAFF –

ADJOURNMENT

MINUTES
CULTURAL RELATIONS ADVISORY BOARD
Friday, November 14, 2014 – 12:00 Noon
Dodge City Public Library – 1001 N. Second Ave.

The meeting was called to order by Chairman Greta Clark.

Members present: Greta Clark, Debra Muylaert, Oliver Bland, Sergio Garcia for Opie Estorga, and Casey Cantrell. Staff Jane Longmeyer. Absent: Elva Dominguez, Robert Vinton, Mary Marquez, and Sergio Holguin. Guests: Lado Lodoka, Refugee Coordinator for KDCF and Debra Stone, Counselor from Linn Elementary School

The minutes of the October 10, 2014 were approved on a motion by Casen and seconded by Oliver.

UNFINISHED BUSINESS:

1. Discussion on nationally celebrated Human Rights Day on December 10th was held. Roma Meraz Valencia, Special Investigator for the Kansas Human Rights Commission, is checking into the possibility of giving a presentation that day. Staff will contact the public library about a 'Lunch & Learn' presentation. Another suggestion was to give a presentation to ESL students. Students at the Adult Learning Center will be in finals that week and not available.
2. Discussion was held on potential Black History Month events in February. The Public Library will be contacted about a window display. The Heritage Center should also be contacted about participating. Lado suggested that a fundraiser breakfast be held on Martin Luther King holiday. Further thought will be given to this suggestion.
3. See new business about highlighting a culture each month/quarter.

NEW BUSINESS:

1. Debra Stone of Linn Elementary School talked about the school mandate to find ways to get parents more involved and welcomed. One activity by one of the schools was to celebrate cultures. Classes were assigned to highlight a culture. There are open gym nights in which an activity can be planned. It was suggested that this might be a good venue to incorporate the Community Partnership Engagement Program. Casey suggested a poster project that she was familiar with. Debra stated there was a great need for mentors from the Big Brothers/Big Sisters program. Greta asked about the availability of high school students begin available. Greta also mentioned a program through the Methodist Church in which volunteers will be meeting with children in

various schools. Further discussion will continue and Debra was asked to continue to attend the meetings.

2. Board members were asked to provide suggestions regarding outreach strategies to get emergency response communications materials to the immigrant communities within Dodge City for the Dodge City Mitigation Plan. Hosting community meetings such as with the Somali representatives was suggested. Jane will be gathering information materials from appropriate entities for review by the Board and further discussion.

BOARD PROGRAMS:

1. Further development of the Community Engagement Partnership Program for spring will continue. One way to get participation is to go to where the targeted audience is such as churches, mosques, classrooms.
2. Debra was unable to attend the most recent Racial Profiling/Bias Based Policing meeting with the Police Department and Elva Dominguez was not in attendance to report. Debra said that she received some information for the meeting but was not sure how to interpret it. The meeting meets the 2nd Wednesday at lunch which is a conflict for Debra but the meeting does change around as needed. Greta Clark will speak with Marco Malek about serving on this Board for the police department.

COMMENTS FROM BOARD MEMBERS/STAFF:

Casey mentioned that Cargill is interested in our Board and what we do and will support our projects.

Lado spoke of a Cultural Festival in Portland that he helped organize. It was suggested to have his input in planning the International Park Festival during Dodge City Days.

Greta stated that human trafficking is becoming a serious issue that we need to be aware of.

There being no further business, the meeting was adjourned on a motion by Oliver and seconded by Debra.

Respectfully submitted,

Jane Longmeyer
City of Dodge City

Fixing Our Broken Immigration System Through Executive Action - Key Facts

[\(En español\)](#)

The President asked Secretary Johnson and Attorney General Eric Holder to undertake a rigorous and inclusive review to inform recommendations on reforming our broken immigration system through executive action. This review sought the advice and input from the men and women charged with implementing the policies, as well as the ideas of a broad range of stakeholders and Members of Congress from both sides of the aisle. Our assessment identified the following ten areas where we, within the confines of the law, could take action to increase border security, focus enforcement resources, and ensure accountability in our immigration system.

Executive Actions

Strengthen Border Security

DHS will implement a [Southern Border and Approaches Campaign Strategy](#) to fundamentally alter the way in which we marshal resources to the border. This new plan will employ DHS assets in a strategic and coordinated way to provide effective enforcement of our laws and interdict individuals seeking to illegally across land, sea, and air. To accomplish this, DHS is commissioning three task forces of various law enforcement agencies. The first will focus on the southern maritime border. The second will be responsible for the southern land border and the West Coast. The third will focus on investigations to support the other two task forces. In addition, DHS will continue the surge of resources that effectively reduced the number of unaccompanied children crossing the border illegally this summer. This included additional Border Patrol agents, ICE personnel, criminal investigators, additional monitors, and working with DOJ to reorder dockets in immigration courts, along with reforms in these courts.

Revise Removal Priorities

DHS will implement a new department-wide [enforcement and removal policy](#) that places top priority on national security threats, convicted felons, gang members, and illegal entrants apprehended at the border; the second-tier priority on those convicted of significant or multiple misdemeanors and those who are not apprehended at the border, but who entered or reentered this country unlawfully after January 1, 2014; and the third priority on those who are non-criminals but who have failed to abide by a final order of removal issued on or after January 1, 2014. Under this revised policy, those who entered illegally prior to January 1, 2014, who never disobeyed a prior order of removal, and were never convicted of a serious offense, will not be priorities for removal. This policy also provides clear guidance on the exercise of prosecutorial discretion.

End Secure Communities and Replace it with New Priority Enforcement Program

DHS will end the Secure Communities program, and [replace it with the Priority Enforcement Program](#) (PEP) that will closely and clearly reflect DHS's new top enforcement priorities. The program will continue to rely on fingerprint-based biometric data submitted during bookings by state and local law enforcement agencies and will identify to law enforcement agencies the specific criteria for which we will seek an individual in their custody. The list of largely criminal offenses is taken from Priorities 1 and 2 of our new enforcement priorities. In addition, we will formulate plans to engage state and local governments on enforcement priorities and will enhance Immigration and Customs Enforcement's (ICE) ability to arrest, detain, and remove individuals deemed threats to national security, border security, or public safety.

Personnel Reform for ICE Officers

Related to these enforcement and removal reforms, we will support [job series realignment and premium ability pay coverage for ICE ERO](#) officers engaged in removal operations. These measures are essential to bringing ICE agents and officers pay in line with other law enforcement personnel.

Expand Deferred Action for Childhood Arrivals (DACA) Program

We will [expand eligibility for DACA](#) to encompass a broader class of children. DACA eligibility was limited to those who were under 31 years of age on June 15, 2012, who entered the U.S. before June 15, 2007, and who were under 16 years old when they entered. DACA eligibility

will be expanded to cover all undocumented immigrants who entered the U.S. before the age of 16, and not just those born after June 15, 1981. We will also adjust the entry date from June 15, 2007 to January 1, 2010. The relief (including work authorization) will now last for three years rather than two.

Extend Deferred Action to Parents of Americans and Lawful Permanent Residents (DAPA)

DHS will [extend eligibility for deferred action](#) to individuals who (i) are not removal priorities under our new policy, (ii) have been in this country at least 5 years, (iii) have children who on the date of this announcement are U.S. citizens or lawful permanent residents, and (iv) present no other factors that would make a grant of deferred action inappropriate. These individuals will be assessed for eligibility for deferred action on a case-by-case basis, and then be permitted to apply for work authorization, provided they pay a fee. Each individual will undergo a thorough background check of all relevant national security and criminal databases, including DHS and FBI databases. With work authorization, these individuals will pay taxes and contribute to the economy.

Expand Provisional Waivers to Spouses and Children of Lawful Permanent Residents

The [provisional waiver program](#) DHS announced in January 2013 for undocumented spouses and children of U.S. citizens will be expanded to include the spouses and children of lawful permanent residents, as well as the adult children of U.S. citizens and lawful permanent residents. At the same time, we will further clarify the "extreme hardship" standard that must be met to obtain the waiver.

Revise Parole Rules

DHS will begin rulemaking to identify the conditions under which [talented entrepreneurs should be paroled into the United States](#), on the ground that their entry would yield a significant public economic benefit. DHS will also support the military and its recruitment efforts by working with the Department of Defense to address the availability of [parole-in-place and deferred action to spouses, parents, and children of U.S. citizens or lawful permanent residents who seek to enlist in the U.S. Armed Forces](#). DHS will also issue guidance to clarify that when anyone is given ["advance parole" to leave the country](#) – including those who obtain deferred action – they will not be considered to have departed. Undocumented aliens generally trigger a 3- or 10-year bar to returning to the United States when they depart.

Promote the Naturalization Process

To [promote access to U.S. citizenship](#), we will permit the use of credit cards as a payment option for the naturalization fee, and expand citizenship public awareness. It is important to note that the naturalization fee is \$680, currently payable only by cash, check or money order. DHS will also explore the feasibility of expanding fee waiver options.

- [Executive Action: Promote the Naturalization Process](#) (1 MB PDF)

Support High-skilled Business and Workers

DHS will take a number of administrative actions to better [enable U.S. businesses to hire and retain highly skilled foreign-born workers and strengthen and expand opportunities for students to gain on-the-job training](#). For example, because our immigration system suffers from extremely long waits for green cards, we will amend current regulations and make other administrative changes to provide needed flexibility to workers with approved employment-based green card petitions.
