AG CMB Corporate Application (Rev. 6.21.11)
Memorandum

To: City Manager  
City Commissioners

From: Ray Slattery, P.E.  
Director of Engineering Services

Date: September 14, 2016

Subject: Consulting Services Change Order for  
US 50 & Fairway Dr. Intersection  
Design, ST 1404  
Agenda Item: Consent Calendar

**Recommendation:** Approve Consulting Services Change Order in the amount of $12,500.00 with PEC for additional work on the above mentioned project.

**Background:** In May of 2014 the City submitted a Geo-Metric Improvement (GI) application to KDOT for consideration of the construction of this intersection. The previous 3 GI applications to KDOT for this intersection construction were denied. Request-for-Proposals (RFP) were sent out and PEC was selected to design the Intersection and connecting leg of Fairway Dr. After some discussions with KDOT of the project, they were concerned about building an intersection and not connecting to the existing Fairway Dr. KDOT would not bid the intersection project until the City had a contractor under contract to build the Fairway Dr. connection. To do this a part of PEC design had to be split and combined with a portion of Fairway Dr. that was designed as part of the Summerion 5 sub-division. This created additional work for PEC. To keep the project moving PEC continued working on both projects to meet scheduled deadlines.

**Justification:** To keep the GI Project moving and meet a requirement of KDOT the project had to be split into two phases.

**Financial Considerations:** The original contract with PEC was for $77,500.00. The additional $12,500.00 will bring their new contract amount to $90,000.00. There are funds available in the GOB fund for this project to cover the overage.

**Purpose/Mission:** This meets the core value of On Going Improvements not only for the street, but allows for new development to take place. The completion of this project will enable the City to have the documents necessary to bid the improvement and allow for construction.

**Legal Considerations:** The City entered into a contract with PEC and is bound by the provisions of the contract.

**Attachments:** Supplemental Agreement No. 1
Supplemental Agreement No. 1

November 2004
Memorandum

To:   Cherise Tieben, City Manager
From: Nannette Pogue
Date: September 14, 2016
Subject: Ordinance No. 3637 and Ordinance No. 3638
Agenda Item: Ordinances and Resolutions

Recommendation: I recommend the approval of Ordinance No. 3637 and 3638

Background: Ordinance No. 3637 adopts the “2016 Edition of the Standard Traffic Ordinance” by reference. The changes made to this code during the 2016 legislature include the following:

Section 30  Driving under the Influence of intoxicating liquor or drugs; penalties (amended)
Section 30.1 Driving commercial motor vehicle under the influence of intoxicating liquor or drugs; penalties (amended)
Section 30.2 Preliminary Breath Test. (Amended)
Section 30.2.1 Refusal to submit to alcohol or drug test (Deleted)
Section 175.1 Compression release engine braking system. (Amended)

Ordinance No. 3638 adopts the “2016 Edition of the Uniform Public Offense Code” by reference. The changes made to the Uniform Public Offense Code during the 2016 legislative session include the following:

Section 1.1 Definitions. Amended: Act, Smoking; Definitions (h); Deleted: Juvenile Correctional Facility Officer or Employee
Section 3.2 Battery against a law enforcement officer (amended)
Section 3.12 Breach of privacy (amended by HB 2501)
Section 5.1 Contributing to a child’s misconduct or deprivation (amended)
Section 5.8 Purchase, consumption or possession of alcoholic liquor or cereal malt beverage by a minor; 18-21. (Amended by SB 133)
Section 6.1 Theft. (Amended by HB 2462)
Section 10.14 Operation of a motorboat or sailboat (amended by HB 2436)

**Justification:** Each year the State Legislature passes numerous laws that affect the laws of the State as well as those of the individual cities. The League of Kansas Municipalities compiles a small booklet which incorporates all of the laws in Kansas that deal with public offenses and traffic offenses. These are the “Uniform Public Offense Code” and the “Standard Traffic Ordinance”. Cities are allowed to adopt these codes by reference, so the entire code is not included in the adopting ordinance. Each employee that deals with any of these codes or ordinances is furnished a book to reference when necessary, to cite persons with violations of the ordinances.

**Financial Considerations:** The cost of the booklets for the pertinent employees’ use is approximately $1,000.

**Purpose/Mission:** Ensure the City is up to date on all of the laws passed in the State of Kansas as well as make sure all employees have easy access to these laws.

**Legal Considerations:** None

**Attachments:** Ordinance Nos. 3637 and 3638. The Standard Traffic Ordinance and Uniform Public Offense Code booklets are available in my office if any one would like to review them.

Memorandum

To: City Manager
City Commissioners

From: Ray Slattery, P.E.
Director of Engineering

Date: September 13, 2016

Subject: Agreement for Slurry Seal of
US 400 – 400-29 KA-4238-01,
ST 1609

Agenda Item: New Business

Recommendation: Approve the Agreement with the Kansas Department of Transportation (KDOT) for the above referenced project. KDOT will be completing a Slurry Seal project on US 400 and instead of stopping at the City Limits, KDOT and Staff believe it is in the best interest of everyone to extend the project into the city to the intersection of the Over Pass and US 400/Trail St. The City’s share of the project is $31,000 as stated in the agreement. There was $35,000 budgetted in the 2016 Street Program for this project.

Background: This would repair minor problems to the surface of the highway. We have partnered with the state in the past on the same project to keep the condition of US 400/Trail St. in an acceptable condition. This section of roadway is one of the busier roads in the city. By partnering with KDOT, the city does not have to let its own project. Mobilization, traffic control and some other costs are greatly reduced by partnering with KDOT.

Justification: This project will maintain the roadway infrastructure and extend the service life of the highway.

Financial Considerations: This project will be funded through 2016 Street Program.

Purpose/Mission: The completion of this project would align with the City's core value of ongoing improvement.

Legal Considerations: By approving the agreement with KDOT, the City will enter into the agreement, and be responsible to make payment to KDOT.

Attachments: KDOT Agreement and a map of the project location.

4. **Future Encroachments.** Except as provided by state and federal laws, the City agrees it will not in the future permit Encroachments upon the Right of Way of the Project, and specifically will require any gas and fuel dispensing pumps erected, moved or installed along the Project be placed a distance from the Right of Way line no less than of the distance permitted by the National Fire Code.

5. **Use of Right of Way.** All Right of Way provided for the Project shall be used solely for public highway purposes.

6. **Trails and Sidewalks on KDOT Right of Way.** Intentionally deleted.

8. **Financial Obligation.** The City will be responsible for the first $31,000.00 of the total contract bid items for the work within the City limits for the Project. The City will not be responsible for any costs over the initial $31,000.00.

9. **Access Control.** The City will maintain the control of access rights and prohibit the construction or use of any entrances or access points along the Project within the City other than those shown on the final Design Plans, unless prior approval is obtained from the Secretary.

10. **Accounting.** Upon request by the Secretary and in order to enable the Secretary to report all costs of the Project to the legislature, the City shall provide the Secretary an accounting of all actual Non-Participating Costs which are paid directly by the City to any party outside of the Secretary and all costs incurred by the City not to be reimbursed by the Secretary for preliminary engineering, right of way, utility adjustments, construction, and construction engineering work phases, or any other major expense associated with the Project.

(b) cancellation, termination or suspension of the contract, in whole or in part.

7) Disadvantaged Business Obligation

(a) Disadvantaged Business as defined in the Regulations shall have a level playing field to compete for contracts financed in whole or in part with federal funds under this contract.

(b) All necessary and reasonable steps shall be taken in accordance with the Regulations to ensure that Disadvantaged Businesses have equal opportunity to compete for and perform contracts. The Consultant shall carry out applicable requirements of 49 C.F.R. Part 26 in the award and administration of Federally-assisted contracts. Failure by the Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy, as the recipient deems appropriate.

The provisions of this paragraph number 5 (with the exception of those provisions relating to the ADA) are not applicable to a contractor who employs fewer than four employees during the term of such contract or whose contracts with the contracting State agency cumulatively total $5,000 or less during the fiscal year of such agency.

6. Acceptance Of Contract: This contract shall not be considered accepted, approved or otherwise effective until the statutory required approvals and certifications have been given.

7. Arbitration, Damages, Warranties: Notwithstanding any language to the contrary, no interpretation of this contract shall find that the State or its agencies have agreed to binding arbitration. Further, the State of Kansas and its agencies do not agree to pay attorney fees, costs, or late payment charges beyond those available under the Kansas Prompt Payment Act (K.S.A. 75-6403), and no provision will be given effect that attempts to exclude, modify, disclaim or otherwise attempt to limit any damages available to the State of Kansas or its agencies at law, including but not limited to the implied warranties of merchantability and fitness for a particular purpose.

8. Representative's Authority To Contract: By signing this contract, the representative of the contractor thereby represents that such person is duly authorized by the contractor to execute this contract on behalf of the contractor and that the contractor agrees to be bound by the provisions thereof.

10. Insurance: The State of Kansas and its agencies shall be required to purchase any insurance against loss or damage to property or any other subject matter relating to this contract, nor shall this contract require them to establish a "self-insurance" fund to protect against any such loss or damage. Subject to the provisions of the Kansas Tort Claims Act (K.S.A. 75-6101 et seq.), the contractor shall bear the risk of any loss or damage to any property in which the contractor holds title.

11. Information: No provision of this contract shall be construed as limiting the Legislative Division of Post Audit from having access to information pursuant to K.S.A. 46-1101 et seq.

12. The Eleventh Amendment: "The Eleventh Amendment is an inherent and incumbent protection with the State of Kansas and need not be reserved, but prudence requires the State to reiterate that nothing related to this contract shall be deemed a waiver of the Eleventh Amendment."

Memorandum

To: City Manager
From: Ray Slattery
Date: September 13, 2016
Subject: 1st Ave. Reconstruction with Waterline Replacement, ST 1601

Agenda Item: New Business

Recommendation: Reject all bids for the construction of the 1st Ave. Reconstruction Project with Waterline Replacement. Although the bid from Building Solutions, LLC of $442,682.00 was only 2% above the Engineer’s Estimate of $432,363.00, both the Engineer’s Estimate and Building Solution’s bid are several thousand dollars over the budgeted amount of $240,000. The thought was there may have been additional funds from other sources to cover the overage, but at this time there is not. Staff will look at this project and will; 1) Downsize the project to stay within the budgeted amount, 2) Modify the scope of the project to meet the budgeted amount, 3) Request additional funds for next year, or 4) Request additional funds and increase the project size to hopefully see some benefit by economy of scale. We will then determine the best way to proceed with the project and move forward.

Background: The City budgeted money for this project. The budgeted amount for this project does not have room for deviation at this time.

Justification: The project budget was established prior to the 2016 Budget process. Since that time we have seen an increase in unit prices. There was also a change in scope on the project.

Financial Considerations: Since the bids are being recommended for rejection, there will not be any financial Consideration at this time.

Purpose/Mission: The completion of this project would align with the City’s core value of ongoing improvement.

Legal Considerations: By rejecting the bid, the city will not have any responsibility to Building Solutions, LLC.

Memorandum

To: City Manager
City Commissioners

From: Tanner Rutschman, E.I.
Civil Engineer

Date: September 14, 2016

Subject: Fairway Dr. Extension & Waterline Loop
ST 1613

Agenda Item: New Business

Recommendation: Approve the bid from APAC Kansas Inc., Shears Division in the amount of $551,215.33 for the construction of Fairway Dr. Extension & Waterline Loop. The bid from APAC Kansas Inc., Shears Division came in 8.6% above the Engineer's Estimate of $507,592.50.

Background: In May of 2014 the City submitted a Geometric Improvement (GI) application to KDOT for consideration to construct the intersection of Fairway Dr. and US Highway 50. The previous 3 GI applications for this intersection construction had been denied. Following some negotiations, KDOT decided to award this project with a maximum contribution of $600,000. Following an RFP process, PEC was selected in February of 2015 to design the intersection. This Fairway Dr. extension and waterline loop project was separated out of the intersection project in large part because they would be non-participating in the KDOT project and Fairway Dr. had not been extended through the proposed Summerlon 5 development. In order for KDOT to proceed with the intersection project and for the City to receive $600,000 in KDOT funding, Fairway Dr. must be under contract to be extended to the south right-of-way of the proposed US 50 intersection.

In regards to cut through traffic and drivers speeding on Fairway Dr. with this added access to the highway, we are taking steps with this project to hinder the ability of those drivers to speed in the form of a traffic circle and multiple valley gutters. We have other traffic calming ideas that may be implemented further south on Fairway Dr. if speeding does become an issue.

Justification: The construction of this extension is necessary to receive funds from KDOT to construct the intersection of US 50 and Fairway Dr. As development in this area south of US 50 continues, traffic along existing local road networks continues to increase. This intersection will aid in funneling this increase in traffic off of the local road network. Also, emergency response times can be reduced with this intersection resulting in increased safety for the adjoining neighborhoods. The opening for the intersection from the residential area has been planned since the 70's when KDOT purchased right-of-way for the highway and every housing development since has worked to align Fairway Dr. with the existing access control opening.
**Financial Considerations:** Funding of this project will be in the form of GOB funds which have already been secured in the amount of $600,000, of which $251,215.33 will go towards this project, as well as $300,000 in CIP waterline funds. The contract with APAC Kansas Inc., Shears Division is for $551,215.33.

**Purpose/Mission:** This project aligns with two of the City's Core Values. Those are "Safety", together we endeavor to provide a safe and secure workplace and community. Also, "Ongoing Improvement", together we value progress, growth & new possibilities by providing and preparing for the community's future.

**Legal Considerations:** By approving the bid from APAC Kansas Inc., Shears Division the City will enter into a contract with APAC Kansas Inc., Shears Division and be responsible to make payments to APAC Kansas Inc., Shears Division.
