WHAT IS SMALL BUSINESS SATURDAY?

Small Business Saturday® was created in 2010 in response to small business owners’ most pressing need: more customers. Falling between Black Friday and Cyber Monday, it’s a day to support the local businesses that create jobs, boost the economy and preserve neighborhoods around the country. It has since become a well-known, celebrated event on the nation’s calendar with support from elected officials and public and private organizations.

WHY SUPPORT SMALL BUSINESS SATURDAY?

• Demonstrates commitment to the communities in which we live
• Creates goodwill within the communities
• When we support small businesses, jobs are created and local communities preserve their unique culture

WHAT PEOPLE ACROSS THE NATION ARE SAYING ABOUT 2016 SMALL BUSINESS SATURDAY*:

“I feel a strong sense of support from the community as a whole. The campaign is absolutely a huge help. It gets people down here. It shows people we do have a presence and there are businesses and places to shop, places to eat and things to do within our own community. You don’t have to drive an hour and a half out of here to do that.”
– Cari Cannon, Lew Lew Belle in Cumberland, MA

“Everyone seemed to think there was an up-tick in foot traffic, and everybody was really excited about the opportunity to cross-promote their businesses. That really drives the point home: it’s a network and everybody has to support each other. It’s wonderful that the small, independent businesses are getting recognition for the exceptional services they provide and their fantastic customer service.”
– Sara McGibany, Alton Main Street in Alton, MS

“Our Small Business Saturday celebration was a huge success! We had more than 120 small retail businesses in Charlotte’s Historic South End participating in the Small Business Saturday festivities. This included 100 businesses in four pop-up markets, and more than 20 brick and mortar retail businesses and art galleries open for the day. We counted more than 2,600 shoppers at just one of the pop-up markets!”
– Megan Liddle Gude, Historic South End in Charlotte, NC

Recommendation: I recommend the approval of Resolution No. 2017-34

Background: The City of Dodge City is submitting a petition to create the Sutherlands Development Community Improvement District and authorize the proposed CID project. The reason the City will petition for the CID instead of Sutherlands is that the City of Dodge City is the current owner of the property. Once all of the conditions are met, the property will be transferred to Sutherlands High Plains LLC and the CID will go with the property. The request would add an additional 1% sales tax to sales at the Sutherlands store to commence on January 1, 2019.

The resolution sets a public hearing for December 18, 2017 and provides for notice of the public hearing. The resolution also restates the general nature of the proposed project, the estimated cost of the project, the proposed methods of financing, and a proposed 1% CID sales tax.

Justification: The Community Improvement District is an economic development tool authorized by the State of Kansas that allows eligible construction costs to be reimbursed to the developer. The additional sales tax collected in the improvement district will be paid to the City to reimburse the costs of road, driveway and drainage improvements.

Financial Considerations: none

Purpose/Mission: We value progress and business growth for the community.

Legal Considerations: All will be met upon the passage of the Resolution.

Subject: Resolution No. 2017-36
Agenda Item: Ordinances and Resolutions

Recommendation: I recommend the City Commission approve Resolution No. 2017-36

Background: Resolution No. 2017-36 is a resolution that offers for sale of General Obligation Refunding Bonds, Series 2017-B, of the City of Dodge City.

Our Financial Advisor, Pat Hinojos, Stifel, Nicolaus, reviews all of our bonds periodically and at times when she thinks there may be opportunities for savings. Both the House and Senate Tax bills include eliminating advanced refunding of bonds. Because of this she and the Bond Counsel reviewed our outstanding bonds to look for opportunities to refund prior to the end of the year. There were two outstanding GO Bonds that were able to cash flow on an advanced refunding. Those are:

The estimated present value savings is $241,580. This may change as the market changes, but that is the estimated amount based on the markets today. That is a positive savings margin on those outstanding bonds, so the Bond Counsel and Financial Advisor are recommending that these be refunded.

Attached is an analysis of those bonds.

This resolution gives us the opportunity to advance refund these bonds if the market holds. If the bonds do go out for sale and things have changed that we don’t realize a sizable savings, then the sale won’t go forward. But, this gives us the authority that we need if the savings are there.
**Justification:**  The City is offering for sale the bonds and approving the Preliminary Official Statement so that the underwriter can refund the current Series 2009-A and 2013-A General Obligation Bonds if the market is right.

**Financial Considerations:** The City of Dodge City stands to realize a net present value benefit of $241,580.

**Purpose/Mission:** We strive for high service and performance standards

**Legal Considerations:** Legal obligations fulfilled by authorizing resolution.

**Attachments:** Resolution No. 2017-36 and analysis of bond issue.

Re: Subscription for Purchase of United States Treasury Time Deposit Securities – State and Local Government Series

Issuer: City of Dodge City, Kansas
Tax I.D. No: 48-6008416
Bonds: General Obligation Refunding Bonds, Series 2017-B (the “Bonds”)
Underwriter: Stifel Nicolaus & Company, Incorporated, Wichita, Kansas
Bond Counsel: Gilmore & Bell, P.C., Wichita, Kansas

In connection with the issuance of the Bonds, the Issuer hereby authorizes and directs Bond Counsel to submit an initial subscription on its behalf for the purchase of United States Treasury Time Deposit Securities – State and Local Government Series (the “SLGS”), to be issued as entries on the books of the Bureau of the Public Debt, Department of the Treasury. The total amount of the subscription and the issue date will be determined at a later date.

The Issuer certifies that the SLGS will be purchased solely from proceeds of the Bonds, and not from any amounts received from either: (a) the sale or redemption before maturity of any marketable security, or (b) the redemption before maturity of a time deposit SLGS (other than a zero-interest SLGS).

The Issuer agrees that the final subscription and payment for the SLGS will be submitted to the U.S. Treasury on or before the issue date. The Issuer further authorizes Bond Counsel, Escrow Agent, and Underwriter to file the final subscription for SLGS, to amend or cancel such subscription, and to re-subscribe for SLGS, all on behalf of the Issuer. The Issuer understands that, if it fails to settle on the subscription for the SLGS or makes an untimely or unauthorized change to the subscription, the Bureau of Public Debt may bar the Issuer from subscribing for SLGS for six months beginning on the earlier of (a) the date the subscription is withdrawn, or (b) the proposed issue date of the SLGS.

The Issuer acknowledges that Bond Counsel has not made any recommendation as to the investment of bond proceeds or other monies in the SLGS or any other investment securities. Bond Counsel is not a financial advisor or a “municipal advisor” as defined in the Securities Exchange Act of 1934, as amended.

Memorandum

To: City Commissioners
   City Manager, Cherise Tieben
From: Jackie Regan
       Nannette Pogue
Date: November 15, 2017
Subject: Request to Amend 2018 Membership Rates
Agenda Item: New Business

Recommendation: Staff recommends the City Commission approve the request to amend 2018 membership rates.

Background: As stated in Section 2 (g) of the Management Agreement between the City of Dodge City and the YMCA of Southwest Kansas, the Dodge City YMCA is currently required to seek and receive City Commission approval prior to any increases in membership costs and/or program fees. The purpose of this memo is to request your consideration for the amendment of 2018 membership rates.

Justification: The primary goal for seeking this rate increase for membership is to offset our deficit and cover any increases in overhead expenses. A moderate increase in membership rates similar to what was done for 2016 will allow the YMCA to keep pace with those additional costs and avoid dramatic increase. The proposed 2018 membership rates have gone through our review process with approval at the Executive/Finance Committee level prior to action by the Board of Directors at our last board meeting. Pending your approval, we would then be able to provide appropriate notice to members before implementation of the new rates on January 1, 2018.

Financial Considerations: The YMCA is proposing an adjustment in membership rates at as a 5% increase in fees across the board for all membership types. Our goal is to also have a 3% increase in growth of membership units for a total of 8% increase to our 2018 Membership budget. The 2018 budget will be the first full year the Dodge City Family YMCA does not receive any 21st Century Funding, which was in the amount of $95K for 2018 and $189K in 2017. This is in addition to the decrease in funding that the City has been providing to the YMCA which went from $50,000 in 2017 to $16,500 in 2018.
Current Fees:
Youth (0-17) $18.21 (bankdraft)/$170.16 Annually
Y-Adult (18-24) $32.80 (bankdraft)/$364.64 Annually
Adult $37.66 (bankdraft)/$425.41 Annually
Family $57.12 (bankdraft)/$607.75 Annually
Senior $25.35 (bankdraft)/$254.67 Annually
Senior Family $38.58 (bankdraft)/$392.49 Annually

Proposed Fees:
Youth (0-17) $19.12 (bankdraft)/$178.67 Annually
Y-Adult (18-24) $34.44 (bankdraft)/$382.87 Annually
Adult $39.54 (bankdraft)/$446.68 Annually
Family $59.98 (bankdraft)/$638.14 Annually
Senior $26.62 (bankdraft)/$267.40 Annually
Senior Family $40.51 (bankdraft)/$412.11 Annually

Purpose/Mission: The proposed request is consistent with the City's Core Purpose of "Together We Serve to Make Dodge City the Best Place to be."

Legal Considerations: None.

Subject:  Biogas Insurance
Agenda Item:

**Recommendation:** Over the last few months, the City’s insurance provider (Fee) has been working to secure necessary insurance for the new Biogas Plant. Mary Trent from Fee has obtained a quote from Chubb after seeking quotes from a dozen or so insurance companies. Chubb was the only vendor that responded with interest in providing these types of coverage. Staff recommends that we purchase the insurance from Chubb.

**Background:** The Biogas Plant will be needing to begin testing and become operational soon. The two types of insurance Chubb is providing are premises liability ($10,310 a year) and a pollution policy ($29,635 a year or $56,306 for three years of coverage). The premises liability is particularly important because it will cover the City during the testing phase of the plant when the Builder’s policy is no longer in place.

**Justification:** Engineering and our insurance agent both recommend these policies.

**Financial Considerations:**
These two policies together total $66,616. On the second year, the cost is expected to drop to $10,310. The third year should be similar and we would then evaluate the two policies.

Subject: Change Order #1 & #2  
   Railroad Crossing Non-Traversable Medians, CA 1702  

Agenda Item: New Business  

**Recommendation:** Approve Change Orders #1 & #2 in the amount of $25,500 and $30,000, respectively. Change Order #1 is the cost to have a Railroad Flagger stand by as the contractor completes work within 25' of the rail. Change Order #2 is the cost associated with replacing the street paving adjacent to the new railroad cross panels that will be installed at the 2nd Ave. Railroad Track Crossing.

**Background:** The contract to construct the Non-Traversable Medians was awarded to Building Solutions, LLC at the September 18, 2017 Commission Meeting. As you know the City has been looking into what it would take to establish a railroad "Quiet Zone" for quite some time. After countless hours of navigating through the steps and guidelines set forth by the FRA (Federal Railroad Administration) we reached the point in the establishment process where we started the installation of the safety improvements that are required to make this a reality. The installation of these non-traversable medians will complete one of the three steps necessary in regards to safety improvements, the other two being traffic signal preemption and signage. These medians will be installed at 5 of the 6 crossings included in the quiet zone. Those five railroad crossings are 1st Ave., 2nd Ave., 4th Ave., 11th Ave., & 14th Ave. After all three safety improvement steps are completed, the City will need written statements from the CEO's of BNSF, KDOT, Cimarron Valley Railroad, & Amtrak that the safety improvements have been installed as planned. These statements are required for our Notice of Quiet Zone Establishment to be sent to the Associate Administrator of the FRA and all other involved parties.

**Justification:** Change Order #1 is the cost associated with having a Railroad Flagger from a company that works with BNSF. BNSF required the Contractor/City to have this flagger on site prior to any work being started. In the past the City has been able to partner with the local BNSF personnel to provide this service when it was required. Unfortunately, for this project we were not able to continue this. Therefore, the only option was to hire flagging personnel from the company provided by BNSF. We could not hire any other company for this service. The average daily cost for the flagger to be on site is $1,500. To date, the flagger has been at the project 10 days. It is anticipated there will be an additional 7 days required for flagging operations. The total approximate cost for flagging the 17 days will be $25,500. We will be billed the actual cost incurred by the flagging company.
Change Order #2 is the anticipated cost to replace the concrete paving in between the railroad track crossing panels and on the north and south sides of these panels. The city was notified in September that BNSF was planning to replace the crossing panels. It was said that materials would be on site within 30 days. The materials were delivered last week. BNSF wants to replace the panels starting Tuesday, November 28th. Since Building Solutions is under contract to construct the non-traversable medians, carries the required railroad insurance, and has a contract with the flagging company, staff worked with them to get an estimate for this work. Some of the items of work are the same as the non-traversable medians, there are other items that will be negotiated. Items of work include saw cutting pavement adjacent to the crossing panels, the removal of existing pavement, placement of 9" reinforced concrete pavement, and 6" concrete sidewalk. The exact amount of work may change due to the removal and installation of the crossing panels. We have experienced in the past, longer ties under the panels than originally thought. This required additional pavement be removed and replaced. Another time the edge of the existing pavement was damaged during the panel installation and had to be replaced. The estimate for this work is $30,000. Building Solutions will be paid based on the actual quantities of work done and unit prices of the project. In the past BNSF has said that they would place asphalt in between and at either side of the crossing panels. Several years ago BNSF removed the rail line where the original rail that came into Dodge City was located. BNSF patched 2nd Ave. with asphalt. Staff believes that due to the traffic and that the remainder of 2nd Ave. is paved with concrete, concrete pavement should be installed. The asphalt patch will also be replaced. This crossing was last replaced in the mid '90s.

Financial Considerations: Change Order #1 will be funded through the STAR Bond funding allotted for the Heritage District STAR Bond improvement area. Based on the budgeted amount for the Quiet Zone Improvements, the Non-Traversable Medians and Change Order #1, the remaining balance of the STAR Bond funds allotted for the establishment of a quiet zone will be $151,805.00. Unfortunately, there will be additional work required prior to the establishment and approval of the Quiet Zone. During the comment period, both KDOT and BNSF indicated that the 14th Ave. & Wyatt Earp Blvd. traffic signal will need to have pre-emption with the Railroad Crossing Gates. This requires that the pre-emption time be determined. Staff has calculated this time and submitted to BNSF. BNSF requires that their 3rd party engineer review this timing and the City pay any costs associated. BNSF provided an estimate for this review. The cost for this review was $7,483 and 60 days to complete the review. The City Manager approved this cost. After the pre-emption time is calculated, BNSF will need to design the pre-emption equipment needed in their existing signal hut. It is anticipated that the City will be responsible for this cost along with any new equipment needed. The traffic signal will have to be connect to BNSF’s signal hut via conduit and wiring. Staff has received an estimate to bore the conduit between the two signals. This cost is $4,000, wiring should be minimal.

Change Order #2 will be funded through the Special Streets Fund.

Purpose/Mission: The completion of this project aligns with the City's core value of ongoing improvement.

Legal Considerations: These change Orders will be added to the contract the City currently has with Building Solutions, LLC.
