PLEDGE OF ALLEGIANCE

PETITIONS & PROCLAMATIONS

Mayor Rick Sowers proclaimed Saturday, November 25, 2017 as Small Business Saturday.

VISITORS (Limit of five minutes per individual and fifteen minutes per topic. Final action may be deferred until the next City Commission meeting unless an emergency situation does exist).

Steve Brown – Talked about the need for maintenance for a particular drainage area at Spruce and Gardner in Dodge City. The property is owned by his wife and the drainage area is cutting through and eroding the back yard and causing foundation damage to the house. He is asking the City to remove trees and put in a retaining wall and in addition asked for a culvert pipe to be installed. He also asked to be paid for damages to the house. The Mayor responded that he would direct the City Manager to get with Ray Slattery and Brad Ralph and get back to the City Commission with a response.

Subject: Biogas Plant Pollution Insurance

Agenda Item: Consent Calendar

___________________________________________

Recommendation: Staff recommends not purchasing the pollution coverage that was approved for purchase on the 20th.

Background: Staff brought the Commission two insurance policies on the 20th of November, 2017. The first one was premises liability coverage which was approved and we purchased ($10,310 a year). The second policy was for pollution coverage ($56,306 for a three year period).

Justification: Upon further review, the pollution policy appears to be too expensive compared with the risk. We will continue to evaluate this as time goes on.

Financial Considerations:

Subject: CH2M Hill Contract
Agenda Item: New Business

Recommendation: Staff recommends the approval of the annual contract amendment with CH2M Hill to continue operation and maintenance of both wastewater treatment facilities and to incorporate the operation of the Warrior Project into the annual agreement.

Background: The City of Dodge City has had a very long standing agreement with CH2M Hill, formerly known as OMI. They have operated our plants for well over 20 years and stand ready to take on the operation of the bio-gas plant. The contract includes a 2% increase on the operations fee and on some costs routine costs associated on the maintenance of the plant. If the maintenance fees are not used, the funds are credited back to the City at the end of the year.

Justification: Due to the technical nature of the operation of the plant, we have always felt that having an outside entity work in coordination with our staff assured consistency and expertise versus the internal operation of the plant. CH2M Hill is nationally recognized and respected in the operation of sewer treatment facilities and have been a true asset to our organization.

Financial Considerations: Adequate funds have been budgeted in the 2018 budget for this expense.

Purpose/Mission: Working towards excellence – together we strive to achieve high performance and service standards set by us and expected by the community.

Legal Considerations: The agreement has been reviewed by the City Attorney.

AGREEMENT
For
OPERATIONS, MAINTENANCE AND
MANAGEMENT SERVICES

THIS AMENDMENT NO. 11 is made and entered into this ___ day of __________, 2017, by and between
the City of Dodge City, Kansas (hereinafter “Owner”), whose address for any formal notice is P.O. Box
880, Dodge City, Kansas 67801 and Operations Management International, Inc. (hereinafter
“CH2M HILL”), whose address for any formal notice is 9191 South Jamaica Street, Englewood, CO 80112.
This is an Amendment to the Agreement for Operations, Maintenance and Management Services dated
the 1st day of March, 2007, between Owner and CH2M HILL (the “Agreement”). Collectively, Owner and
CH2M HILL will be referred to as the “Parties” and each individually as a “Party.”

Owner and CH2M HILL agree that the Agreement shall be and is hereby amended and modified in the
following manner:

1. Article D.3 in Appendix D is hereby added as follows:

   D.3 Operations and maintenance of Pressure Swing Adsorption Unit at Owner’s Wastewater
   Treatment Plant located at 11079 Warrior Road, Dodge City, Kansas.

2. Article E.1.1 in Appendix E is deleted in its entirety and replaced with the following Article E.1.1
   in Appendix E:

   E.1.1 Owner shall pay to CH2M HILL as compensation for Services performed under this
   Agreement One Million Nine Hundred Thirty Six Thousand Four Hundred Ninety Eight Dollars
   ($1,936,498) which includes the Base Fee, Biosolids Costs, Gypsum Costs, Repairs Costs,
   Chemicals Costs and the Membrane Performance Agreement Costs for the period of January 1,
   2018 through December 31, 2018. The Base Fee for subsequent calendar years of the initial term
   and any subsequent terms shall be determined as hereinafter specified.

3. Article E.1.5 in Appendix E is deleted in its entirety and replaced with the following Article E.1.5
   in Appendix E:

   E.1.5 The total amount CH2M HILL OMI shall be required to pay for Repairs Cost shall not
   exceed the annual Repairs Limit of Two Hundred and Thirty Thousand Dollars ($230,000) during
   year January 1, 2018 to December 31, 2018. CH2M HILL OMI shall provide Owner with a monthly
   accounting reflecting the reason for and the cost of repairs provided. CH2M HILL OMI will rebate
   to Owner the entire amount that actual Repair Cost is less the annual Repairs Limit during the
   calendar year. In the event the Repairs Limit is reached, CH2M HILL OMI shall invoice Owner on
   a monthly basis for Repair Cost in excess of such limit.
All other terms and conditions of the original March 1, 2007 Agreement, as it has subsequently been amended, shall remain in effect. The Parties hereby approve this Amendment as is indicated by the signatures of their authorized representatives, below.

Memorandum

To: Cherise Tieben, City Manager
From: Nannette Pogue
Date: November 30, 2017
Subject: Approval of Proposal for Heritage District Lot
Agenda Item: New Business

Recommendation: Approval of one of the proposals for the Heritage District Lot

Background: The City purchased lots on Trail Street in the Heritage District directly east of the Laundry Mat for future development. Request for proposals to purchase this lot has been sent out twice, the most recently in September. The first request did not result in any proposals. The second time the request was sent out, two proposals were received; one from Lopp Motors and one from the Rib Crib BBQ, Inc. Those proposals are attached. The request asked interested persons to demonstrate the following: intended use of the property, business plan for proposed development, business sales estimates, timeline for proposed development, financial capability to develop and maintain the property and proposed purchase price.

There is a work session scheduled at 6:00 p.m. to hear from each of the companies that submitted proposals.

Justification: To sell land that is currently vacant to enhance the Heritage District.

Financial Considerations: Profit from sale of land and potential increased sales tax revenue.

Purpose/Mission: Together we value progress, growth and new possibilities by providing and preparing for the community’s future.

Legal Considerations: None

Attachments: The proposals and a map of the area
October 4, 2017

Proposal for purchase and development of lot on west Trail Street in the Heritage District in Downtown Dodge City.

The intended use of the property is for vehicle parking of staged vehicles for the service department and new and used vehicles prior to being ready for the lot.

The business plan for the development is to enable us to continue to grow our business with the increase in service business and not be curtailed by the amount of service and sales storage capability. Which will allow us to continue to be one of major providers of sales tax revenue to the city. The property could, in the future, if needed be used to construct a supplemental service facility.

The timeline for the initial improvement, blacktopping, would be with in twelve months.

The financial capability to develop and maintain the property is not as issue as attested to by our longevity, credit rating and bank balances.

The proposed purchase price is $35,000.00.

Sincerely,

Jeffrey D. Lopp

President

The Rib Crib BBQ, Inc, based in Tulsa, OK, understands the desire by the City of Dodge City to redevelop a site in its Heritage District. This proposal responds to the City’s Request for Proposals for development of a .33 acre lot located on Trail St., as identified in that RFP.

Rib Crib is very experienced in development of new restaurants, and has shown particular expertise in redeveloping properties in downtown areas, which can be a more challenging process than bare ground developments. This proposal will explain Rib Crib’s vision for the development of this site, its background in developing and operating restaurants and its capability to meet the City’s vision for successful development.

**Intended Use of the Property**

Rib Crib proposes to develop a two-user commercial building on the site. Rib Crib will be one of the building tenants. The other tenant will be determined as the project proceeds, but will be a user from the restaurant/retail/service sector. The proposed building will be 7-9,000 square feet in size. As more is understood about the City’s development standards and goals for the site, the precise size and development layout will be determined. While it may be possible to develop some parking on the development site, it is intended that much of the parking demand for the project will be met by the City’s adjacent parking lots.

Rib Crib’s standard building design will fit very well within the City’s intended development style for this neighborhood. Images of several Rib Crib buildings in a variety of settings are attached to this proposal. Rib Crib will work with the City to develop specific design details for this project.

While Rib Crib is based in Tulsa and has several of its restaurants in larger metropolitan areas, many of its facilities are in communities of similar size to Dodge City. Rib Crib understands communities of this size and has been very successful in these markets for many years.

Several other redevelopment projects have been successfully completed in a variety of communities, such as:
- Tulsa, OK
- Gainesville, TX
- Ponca City, OK
- Broken Arrow, OK
- Springfield, MO

Each of these projects has proven to be a successful collaboration between the community and Rib Crib, serving to revitalize neighborhoods, create jobs, increase taxes and help achieve community goals.
Business Plan for Proposed Development

Rib Crib has successfully developed and operated restaurants for more than 25 years. In that time, the number of restaurants they operate has grown to more than 60, located in seven states. Six Rib Crib locations exist in Kansas. System-wide, their restaurants generate revenues of approximately $100 million.

While some of the Rib Crib restaurants are franchisee-owned, most are corporate facilities. The proposed Dodge City restaurant will be corporately-owned and operated. It will be open for lunch and dinner trade, served in a casual, sit-down table service facility with a full bar.

This development will continue Rib Crib’s planned growth throughout its markets. Rib Crib’s success has resulted from its commitment to authentic BBQ, innovating in the industry. As Rib Crib embarked on its operations in 1992, BBQ restaurants were frequently relegated to remote shacks and roadside trailers. Rib Crib changed the BBQ market, ultimately developing high-quality buildings on prominent, high-impact sites on major roadways and in downtown areas.

The new employment realized by development of a Rib Crib is also important to communities. Customarily, the operation of each store requires two or three salaried manages and a staff of 30-50 total employees.

Rib Crib prides itself on staying true to its vision for success. Its stated values are:

- **Straight Talk** – We’re honest with ourselves about what we are doing well and where we are struggling.
- **Welcoming** – Everyone is welcome in our restaurants, and we need to make sure that comes through.
- **Neighborly** – Remember that Golden Rule? Be good to each other. It’s really as simple as that.
- **Pursuit** – We’re always chasing the perfect rib, and perfecting each shift and meal served.
- **Craftsmanship** – We hire and develop a kitchen of craftsmen, not cooks.

Business Sales Estimates

Rib Crib customarily experiences revenues of $1.5 – $2 million per store annually. In areas of high tourism, that number is potentially increased by 25%.

Real estate taxes range from $30,000 to $50,000 annually per restaurant. If Rib Crib is chosen to move forward with this proposed development, they will work with local tax officials to determine a more precise expectation for property taxes that will be generated.

As stated previously, it is intended that the building will be a two-user building. Due to the unknown character of the balance of the space and its user, it is difficult to accurately predict its projected revenue generation or real estate taxes. However, it can be anticipated that the sales revenue and real estate taxes from the second space will be similar to that of Rib Crib.
Timeline for Proposed Development

It is intended that Rib Crib will proceed with the development of the site as quickly as possible. It is anticipated that agreements for the purchase of the site and local development incentives can be negotiated over the next couple months. Once a common understanding of the business deal is developed, Rib Crib will begin its due diligence site investigation process and will proceed through the City’s development approvals. That could allow construction on the site to begin in Spring, 2018 with construction completion occurring in Fall, 2018. A more precise development schedule will be developed as work proceeds through the due diligence process.

Financial Capability to Develop and Maintain the Property.

Rib Crib is sufficiently well capitalized to undertake this project. In addition, Rib Crib has worked successfully with development partners for long term ownership of many of its buildings, leasing them back to Rib Crib on long term leases. Upon selection as the successful developer of the site, detailed information on financial capability will be provided to the City.

Proposed Purchase Price

Successful site redevelopment depends upon the ability to find the right balance between the cost of the site, the commitment to building and site development amenities and access to creative financing programs that are available. It is understood that the City’s determination of an appropriate sales price for the site is, in part, a balance between the purchase price and the long-term return on its investment through increased sales tax, real estate tax and employment levels represented by the successful development.

Rib Crib, through this proposal, hereby makes an initial offer to pay $20,000 for the purchase of the site, subject to further negotiation as more is known about other incentive financing programs that can be committed to the project.

Subject: Allocation of 2017 Special Alcohol and Drug Funds
Agenda Item: New Business

Recommendation: I recommend the approval of the disbursements of Special Alcohol and Drug Tax money for the recommended programs.

Background: The City of Dodge City receives a portion of the alcohol and drug tax that is collected in the community. That tax is allocated 1/3 to the General Fund, 1/3 to a Special Park and Recreation Fund and 1/3 to a Special Alcohol and Drug Fund. This allocation is spelled out in the Kansas State Statutes. The amount deposited into the Special Alcohol and Drug fund are to be used for “the purchase, establishment, maintenance or expansion of services or programs whose principal purpose is alcoholism and drug abuse prevention and education, alcohol and drug detoxification, intervention in alcohol and drug abuse or treatment of persons who are alcoholics or drug abusers or are in danger of becoming alcoholics or drug abusers”. In order to accomplish this, we take applications from agencies/programs that provide those services. A committee of 3 individuals reviewed the applications and made a recommendation on the allocation of these funds. The 3 people serving on the committee were Jane Longmeyer, Luanne Menard and Vickie Williamson. There is approximately $110,000 to be allocated for these programs. The applications received, the amount applied for and the recommended allocation is:

Agenda Item: New Business

Recommendation: The Planning Commission met on Nov. 7, 2017 to review and recommend approval of this plat. This plat meets all of the requirements of the Dodge City Zoning Regulations and the Dodge City Subdivision Regulations.

Background: The City of Dodge City is proposing to plat this area to allow for a commercial development that is part of the Power Center Area 1 of the STAR Bond District. A portion of this area was recently rezoned to C-2 Commercial Highway to align with the rest of this area to be platted.

Justification: The proposed lots meet all of the C-2 zoning regulations and lot size requirements. The planned development is suitable for all of the proposed lots. The proposed streets and R.O.W. meet city requirements and line up with existing adjacent streets. Proposed utility easements and ingress/egress easements are in suitable locations. Platting this property to allow for commercial development is an ideal land use for this area and is consistent with the Comprehensive Plan.

Financial Considerations: None

Purpose/Mission: To provide additional residential development.

Legal Considerations: None
