OTHER BUSINESS
- Explained that the Consent Calendar on the agenda was done in one motion and each individual item included in the Consent Calendar is not mention when the motion is made. The Consent Calendar includes regular items that need approved at every meeting, but are normal day to day items including the minutes, appropriation ordinance and Cereal Malt Beverage Licenses.
- Attended a tour of the USD #443 construction projects at all of the schools that was a result of the bond issue that was approved. Encourage everyone to go to the open houses at the schools.

Commissioner Brian Delzeit
- Being a Real Estate Agent he has the opportunity to see a lot of homes and yards. Dodge City is in a drought and has seen big crack in yards and has seen separation of the yard from the foundation or from the porches. If you have that, take a soaker hose and soak the ground with water to fill in those cracks. If the separation continues, when it rains, that separation is what causes basements to flood.

Mayor, Kent Smoll
- Attended the open house for Boutique Air last week. Since they have started their flights at Dodge City Regional Airport, the ridership has increased. Encourage everyone who can to fly out of Dodge City. They co-chair with United.

ADJOURNMENT

Commissioner Joyce Warshaw moved to adjourn the meeting. Commissioner Jan Scoggins seconded the motion. The motion carried unanimously.

Subject: Anti-Drug and Alcohol Misuse Prevention Policy Approval Page

Agenda Item: Consent Calendar

Recommendation: Staff recommends approval of the Anti-Drug and Alcohol Misuse Prevention Policy. The policy reflects the name change of the drug and alcohol testing company, Compliance One who manage these services for the City of Dodge City and regulation changes from the Department of Transportation to add four commonly abused opiates to its test panel.

Background: TMHC Services (previous name) the company that manages our drug and alcohol testing and provides our employee assistance program changed names to Compliance One. No changes to program or services were made.

On December 5, 2017 the City was notified that the U.S. Department of Transportation (DOT) amended its regulations to add hydrocodone, hydromorphone, oxymorphone, and oxycodone, four commonly abused opiates, to its test panel. This change harmonizes DOT regulations with the revised HHS regulations. This final rule change, was published in the Federal Register on Monday, November 13, and the new testing standards went into effect on January 1, 2018.

Justification: Compliance One has been working with DOT, medical labs, and the Medical Review Officer to prepare for this regulation change. They have been excellent to work with that have made this change a smooth process.

Financial Considerations: None.

Purpose/Mission: Together we work honestly and with integrity, while respecting the rights of others.

Legal Considerations: The policy has been reviewed by Compliance One team.

Date: February 15, 2018
Subject: Early Retirement Policy
Agenda Item: Unfinished Business

Recommendation: Staff recommends approval of the Early Retirement Policy as presented.

Background: In the past, staff has reviewed the potential of offering early retirement programs, however, when approached with the idea the risk was too significant in regards to loss of experienced workers and institutional knowledge. With numerous retirements taking place, we had been asked to consider an early retirement policy similar to that offered by Ford County. Following the review of multiple policies, this draft was prepared by staff to present to the Commission.

Justification: Since the time of earlier reviews, staff has worked to develop a succession plan to insure that inevitable retirements do not result in unnecessary risk to the organization. Upon reviewing the prepared policy, staff reviewed the financial benefit to the City to offering such an early retirement package. The savings was significant enough to move forward with further consideration.

Financial Considerations: Staff reviewed the opportunity with this policy through multiple lenses. In some cases, it is not necessary to bring in experienced workers, however, in other cases it is very necessary. A spreadsheet will be distributed at the meeting showing the savings generated over the next 5 years if all positions were filled by new employees (2018 - $157,576.78) or if all positions were filled by experienced employees (2018 - $125,419.26) or even if the vacant positions were filled by employees with significant experience (2018 - $81,725.98).

Purpose/Mission: Together we work honestly and with integrity, while respecting the rights of others.
**Legal Considerations:** The policy has been reviewed by legal counsel and our Health Insurance Consultant.

Memorandum

To: City Commissioners
From: City Manager, Cherise Tieben
Date: February 16, 2018
Subject: Memorandum of Understanding for Boot Hill to purchase the Chamber Building
Agenda Item: New Business

Recommendation: Staff recommends acceptance of the Memorandum of Understanding between the City of Dodge City (“City”), Boot Hill Museum (“Boot Hill”), the Dodge City Area Chamber of Commerce (“Chamber”) and the Dodge City/Ford County Development Corporation (“Eco Devo”).

Background: With the expansion of Boot Hill, their administration identified some critical space issues that needed resolved. This included an issue with a main city water line which runs under the basement of Boot Hill where important archives and collections are stored, putting these items at risk. Another important issue was office space needed for administrative and curatorial staff since much of the current office space is not ADA accessible and is difficult for visitors to access.

In order to provide a secure space for the artifacts and collections as well as provide adequate office space for staff, Boot Hill received cost estimates for the construction of a basement under the new addition however, the $800,000 was cost prohibitive. Therefore, Boot Hill Management decided to search for an alternate location. The Chamber Building was identified due to its close proximity to Boot Hill as well as its accessibility to the public. Upon approval from their board, Boot Hill entered negotiations with the Chamber for the purchase of the Chamber of Commerce Building located at 311 West Spruce Street.

Justification: The City has offered to assist Boot Hill with funding a portion of the purchase of the Chamber building with no obligation for repayment. Eco Devo agreed to allow the debt owed by the Chamber to Eco Devo to be transferred to Boot Hill.

The City has agreed to provide Boot Hill the necessary documents to start a Community Incentive District (“CID”) where Boot Hill has agreed to place a 1 cent sales tax on all sales made within the CID once the new addition is complete and open for business. The full proceeds of the CID
sales tax will be used to fulfill the financial obligation to Eco Devo. Eco Devo has agreed to accept payments over time from Boot Hill to fulfill the owed obligation.

**Financial Considerations:** The City will provide $136,008 to Boot Hill to fund a portion of the purchase of the Chamber Building. The funds are readily available in the 2% guest tax reserve. Boot Hill will pay the financial obligation of $113,992 to Eco Devo utilizing funds generated from the CID.

**Legal Considerations:**
The Interim City Attorney reviewed the MOU and does not have any concerns and the boards from Boot Hill, the Chamber and Eco Devo have all approved the terms of this MOU. Upon full payment of the obligation to Eco Devo, Boot Hill may repurpose the CID for other statutorily allowed expenses until the expiration of the CID.

**Purpose /Mission:** This project fulfills the City of Dodge City’s mission by preserving our heritage to foster a better future. It also meets our core purpose of making Dodge City the best place to be while matching the core value of ongoing improvement.
