(e) Right to Perform. If the Assignor shall fail to perform and observe its obligations under the Development Agreement, the Assignee shall have the right to perform such obligations, without waiving or releasing Assignor from liability by reason of such default. All sums paid by the Assignee and all necessary incidental costs and expenses in connection with the performance of such obligations, shall be payable by the Assignor to the Assignee upon demand, with interest at the Default Rate specified in the Note.

The City hereby consents to the collateral assignment of the Development Agreement to Assignee to secure the indebtedness provided by the Loan, and agrees that in the event the Assignee, its successors or assigns, succeed to the rights of the Assignor under the Development Agreement, the City will complete its obligations under the Development Agreement pursuant to the terms thereof, as long as the Assignee or its successors and assigns are not in default after the expiration of all cure periods under the terms and conditions of the Development Agreement.

(e) Notices to Assignee. The City hereby agrees to use reasonable efforts to give Assignee simultaneous notice of any event of default on the part of Assignor under the Development Agreement, and a reasonable time to cure said default thereafter prior to exercising its remedies for default thereunder. However, the parties understand and agree that the City shall not be in default or liable to Lender or Borrower if the City should fail to deliver any such notice.
However, should the City fail to notify Assignee of any event of default on the part of Assignor under the Development Agreement during the Construction Period, Assignee’s time to cure shall be extended by the time that it has not received such notice. The foregoing sentence shall not have any application whatsoever to a default on the part of Assignor occurring after the end of the Construction Period.

(f) **Direction of Payment.** By its execution and delivery of this Assignment, the Assignor hereby authorizes and directs the City to pay all Public Financing proceeds (as defined in the Development Agreement) that Assignor is entitled to receive under the Development Agreement up to a total amount equaling the principal, interest and costs of the Loan to an account established with Assignee (the “Development Agreement Account”). The City acknowledges the direction and assignment of the Public Financing proceeds from Assignor to Assignee and agrees to pay all such Public Financing proceeds to the Development Agreement Account as set forth herein. The City recognizes and agrees that the Assignee shall have the right and ability to utilize funds on deposit in the Development Agreement Account towards the application of the Loan, provided however that (i) the Public Financing proceeds are required to be used for payment or reimbursement of "Eligible STAR Bond Expenses" or “CID Eligible Expenses”, respectively as defined in the Development Agreement, and accordingly, (ii) Assignee's application of any such Public Financing proceeds toward the Note or other obligations under the Security Documents shall be limited and restricted to the extent that Assignee's loan proceeds were used to pay “Eligible STAR Bond Expenses” or “CID Eligible Expenses,” respectively pursuant to the Development Agreement, and (iii) the Public Financing proceeds are further limited and conditioned as set forth in the Development Agreement. Additionally, the parties understand and agree that:

   (i) Such direct payment by the City of the Public Financing proceeds due from time to time shall discharge the City’s obligations under the Development Agreement to the extent such payments are made and the City shall have no further liability to the Assignor for the amount of such sums so paid directly to Redevelopment Agreement Account for application to amounts due and owning under the Note and/or Security Documents.

   (ii) Upon payment in full of Assignor's indebtedness to the Assignee as evidenced by the Note and/or Security Documents, this Assignment shall terminate and Assignee shall notify the City of such payment in full. Upon such payment in full, the Public Financing proceeds, if any, shall be deemed to be reassigned to the Assignor and the City shall pay all future Public Financing proceeds the Assignor is entitled to receive under the Development Agreement to or at the direction of the Assignor.

   (g) **No Modification of Development Agreement.** Notwithstanding anything set forth herein which is seemingly to the contrary, nothing herein shall be deemed to amend, modify or waive any of the terms and conditions of the Development Agreement.

Memorandum

To: City Manager
   Assistant City Manager
   City Commissioners

From: Ray Slattery,
      Director of Engineering
      Services

Date: June 27, 2018

Subject: Ordinance 3691
         No Parking on Morgan Blvd.

Agenda Item: Ordinances and Resolutions

Recommendation: Approve Ordinance No. 3691

Background: In 2010 the school district reconfigured the entrance/exit to the Dodge City Middle School. As part of this project the Morgan Blvd. crosswalk was moved east to the new entrance/exit location. The City also installed a traffic signal and provided a dedicated left turn lane for east bound traffic and a dedicated right turn lane for west bound traffic at this location. As a result of this work No Parking Zones were established along Morgan Blvd. in the area of the new entrance/exit and crosswalk per Ordinance 3510 and was modified with Ordinance 3547. The No Parking Zones were needed to provide both site distances for the crosswalk and a lane for the thru traffic around the turn lanes. From this time there has been issues with the No Parking Zone and what was perceived to be a No Parking Zone around the school and athletic fields. At the last Commission Meeting the quote to restripe Morgan Blvd. was approved. Staff modified the pavement marking plan to hopefully clarify the Parking and No Parking areas along Morgan Blvd. and still provide the same traffic movement at the dive to DCMS. This Ordinance will allow more parking near the athletic fields and still maintain site distance for the cross-walk and drives along Morgan Blvd.

Justification: Per the Standard Traffic Ordinance for Kansas Cities adopted by the City, there shall not be any parking allowed near a cross-walk or fire hydrant. Also parking should not be allowed within the travel lanes of a street.

Financial Considerations: The cost of the installation of a No Parking Sign and painting the curb.

Purpose/Mission: One of the City's core values in Safety. With the No Parking Zone, the City will be able to provide a safe pedestrian crossing and travel way for the community.
Legal Considerations: N/A

Attachments: Ordinance 3691 and an exhibit showing the No Parking, Stopping, or Standing Zones.
Ordinance No. 3691

AN ORDINANCE ESTABLISHING NO PARKING ZONE ON MORGAN BOULEVARD NEAR THE VICINITY OF A PUBLIC SCHOOL, REPEALING CONFLICTING ORDINANCE AND PROVIDING PENALTIES FOR THE VIOLATION OF THE PROVISIONS OF THIS ORDINANCE.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF THE CITY OF DODGE CITY:

Section 1: REPEAL. Ordinance 3691 (No Parking along Morgan Blvd. near the Entrance to DCMS), adopted on the 1st day of October, 2012, is hereby repealed.

Section 2: The following traffic control measures are hereby established on MORGAN BLVD. in the vicinity of DODGE CITY MIDDLE SCHOOL.

2.1 A NO PARKING, STOPPING, OR STANDING ZONE is hereby established along the southern curb of Morgan Blvd. beginning at the east curb line of 6th Ave.;
- extending easterly 180',
- then again from 590' to 910' from the east curb line of 6th Ave.,

Subject: Roof for DCFD Training Facility
Agenda Item: New Business

Recommendation: On June 22nd, Staff opened bids to replace the flat roof at the DCFD Training Facility (the old swimming pool). We received one bid from Diamond Roofing for $33,921.00. Staff recommends we accept the bid from Diamond Roofing.

Background: This roof was not budgeted. However, during budget talks for 2019, it was determined that it would make sense to bid it out this year and use existing money in roofing fund to accomplish the repair.

The roof at this site received some repairs after the hail storm in 2016 and also in 2009 after a storm around then. The building has been leaking a great deal and numerous efforts to repair it have been unsuccessful.

Justification: The Training Facility has been improved in many ways and is being used for various training uses.

Financial Considerations: There are funds available in the roofing fund to purchase this roof.

Subject: Traffic Signal Improvement
         1st Ave & Comanche St., ST 1808

Agenda Item: New Business

_________________________________________

Recommendation: Approve the quote from L & S Electric LLC, for the traffic signal improvements at the intersection of 1st Ave. and Comanche St. in the amount of $43,400. They propose to start the project this August and anticipate that it will take 8 days to complete.

Background: The intersection of 1st Ave. & Comanche St. can be very difficult to navigate if you are traveling east or westbound and want to make a left-hand turn. This project will help those wanting to make left-hand turns by providing a dedicated left-turn phase in the traffic signal cycle and installing video detection that will prompt the turn phase when those vehicles are present. This project will improve the flow of traffic and the overall efficiency of the intersection.

Justification: Completion of this project will enhance the safety of the traveling public by allowing traffic to move through the intersection in a more efficient manner.

Financial Considerations: The traffic signal improvement at the intersection of 1st Ave. and Comanche St. will cost $43,400. Funding for this project will come from the Special Streets Fund. There was $45,000 budgeted for the project which brings the quote from L & S Electric LLC, 3.5% under budget.

Purpose/Mission: The completion of this project will adhere to our core value of 'Safety' and 'Ongoing Improvement' by improving efficiencies of our traffic signals.

Legal Considerations: By approving the quote from L & S Electric LLC, the City will enter into a contract with L & S Electric LLC, and be responsible for payments of completed work.

Subject: Quote for Street Lights for Central Ave. Reconstruction Project; ST 1508  
Agenda Item: New Business  

Recommendation: Approve the quote from Victory Electric to install 18 LED Street lights along the Central Ave. corridor from Vine St. to Comanche St. and supply luminaires for the new traffic signals installed as part of the project in the amount of $144,770.00.

Background: With the reconstruction of Central Ave. the existing street lights will be removed. These lights were supplied power via aerial electric lines. As part of the project design, underground conduit will be installed to supply power to the street lights to provide a cleaner look for the corridor. Also during our public meeting leading up to the final design, we heard many times how dark Central Ave. is. Therefore, as part of the project street lights will be installed at each intersection and mid-block. This is similar to how other collector and arterials are laminated. The street lights will be 30’ in height and have 50 watt LED fixtures.

Justification: The addition of the street lights will help with the visibility along the Central Ave. corridor.

Financial Considerations: Funding for the Street lights will come from the GOB issued for the Central Ave. Reconstruction Project. Staff had estimated the cost of street lighting at $150,000. This amount was used to determine the final GOB amount.

Purpose/Mission: The completion of this project aligns with the City's core value of ongoing improvement by providing and preparing for the community's future.

Legal Considerations: By approving the quote from Victory Electric the City will be responsible to make payment to Victory Electric for the completed work.
