AG CMB Corporate Application (Rev. 10.25.17)
Memorandum
To: City Commissioners and City Manager
From: Joann Knight, Executive Director, Dodge City/Ford County Development Corporation
Date: October 30, 2018
Subject: Kansas Health Foundation Grant
Agenda Item: Consent Calendar

Recommendation: Staff recommends approval to apply for a $50,000 grant from the Kansas Health Foundation. The purpose of this application is to request financial support to continue the progress underway for establishing a University Center in Southwest Kansas by building a Western Kansas Health Care - Advanced Education Coalition to increase access to post-secondary education. The Dodge City/Ford County Development Corporation is respectfully requesting the City of Dodge City to apply on our behalf for the University Center project which will provide increased access to post-secondary healthcare education, to improve access to healthcare in Western Kansas by “Growing Our Own” providers and additionally establishing the development of a new organization and staff position to create a stronger, more educated workforce through focus on business/education partnerships and bringing more workforce resources to Southwest Kansas. This position and new 501c3 organization will help us transition from the consultant on the University Center project into a full-time focus on workforce including coordination of the University Center as it develops and developing additional workforce programs meeting the needs of all our businesses.

Background: City and Development Corporation staff along with volunteers have been coordinating efforts to bring higher education opportunities for health care providers to Southwest Kansas. We are currently working with Fort Hays State University, Wichita State University, Newman University and the University of Kansas to identify outreach programs that could help educate individuals to provide services to meet the critical healthcare needs of Southwest Kansas residents who have been identified as a severely underserved population. The first step in bringing this project to fruition was a feasibility study and the hiring of a consultant to help move the project forward through the coordination of meetings which are required to identify the best options available for all the universities expressing interest in this proposal.

Justification: This is the next step in moving this project forward as indicated by the expertise provided by the WSU study as well as the consultant. It will be essential that we continue to coordinate all the different stakeholders in the education realm, businesses and Southwest Kansas community citizens and leaders, to build strong business education partnerships. Transitioning from the consultant to a full-time employee focused on continuation of building the coalitions and working towards greatly enhancing our workforce training opportunities will help insure that we can
provide the students needed to fulfill the requirements of the universities for class size now and into the future. Establishing a new 501c3 focused on workforce partnerships will help us bring in much needed resources to strengthen the educational attainment and workforce skills of our citizens that chose to live and stay in our region.

**Financial Considerations:**
These funds will be used to partner with other grants and funds from the Dodge City/Ford County Development Corporation including the approved City and County contribution of $10,000 each for our 2019 Budget and the Development Corporation has also been awarded a $25,000 grant from the Scroggins Foundation. Additional grant funds will be applied for and private pledges will be raised to establish permanent funding for the long-term success of the project. We will need to establish a 501c3 to qualify for a variety of grants. The Kansas Health Foundation has expressed interest in supporting our efforts but as a 501c6, the Dodge City/Ford County Development Corporation is not eligible to apply for their funding. Their request is that the City of Dodge City apply as noted in their attached invitation to apply.

**Purpose/Mission:** To improve the health care and education opportunities for this region by “Growing Our Own” workforce through enhancing our education opportunities.

**Attachments:** Invitation from Kansas Health Foundation for us to apply for funding.
Dear Joann:

Per conversations and correspondence to this date, please consider this KHF’s invitation for you to submit a preliminary proposal related to the above-referenced initiative in the amount of up to $50,000 for a period of one year starting November 15, 2018. After it has been reviewed, you will receive a formal proposal invite with a link for an online submittal of the proposal.

Memorandum

To: Dodge City Commissioners & City Manager

From: Assistant City Manager/Public Affairs

Date: November 1, 2018

Subject: Resolution for University Center

Agenda Item: Resolutions

Request: Request for approval of a Resolution by the City of Dodge City to create a Kansas Board of Regents University Center in Dodge City with satellite locations in Garden City and Liberal to serve 28 counties in the region.

Background:
The City Commission has previously approved Resolution NO. 2017-17 to apply for a United States Department of Agriculture Rural Enterprise Grant as well an agreement to hire the consultant for the University Center Project. The consultant and Dodge City/Ford County Development Corporation and City staff are collaborating with stakeholders from the community and the region on this project and support has been garnered with the area community colleges including Dodge City Community College, Garden City Community College and Seward Community College who are all willing to partner on efforts to pursue the University Center.

Fort Hays State University, Newman University, the University of Kansas and Wichita State University have all expressed interested in participating in the University Center and initial conversations have begun with the Kansas Board of Regent. The Cities of Garden City and Liberal have recently passed resolutions of support and several counties in the region have expressed interest in passing resolutions and staff will be working with them to achieve this.

Proposal: The proposed University Center will offer baccalaureate and post baccalaureate degrees focused but not limited to medical fields in both face-to-face and virtual modalities. In addition, the proposed programs will offer blended, traditional learning and cooperative internship style workplace learning in area clinics and hospitals. It is anticipated that Hennessey Hall, the former home of Saint Mary’s of the Plains College in Dodge City will be remodeled and serve as the main campus building for the University Center with
satellite locations in Garden City and Liberal. The expenses for the remodel of Hennessey Hall will be paid for by the City of Dodge City, however these costs are yet to be determined. It is also anticipated that the Kansas Board of Regents will govern the University Center through Fort Hays State University, the University of Kansas, and Wichita State University.

**Financial Considerations:** Ten thousand ($10,000) has been committed by the City for the University Center project for 2019. Additional funding will be needed in the future for improvements to Hennessey Hall. However, there are no cost estimates at this time.

Subject: Resolution 2018-21
Agenda Item: Ordinances & Resolutions

Recommendation: Staff recommends approval of Resolution 2018-21 amending resolution 2018-03 passed March 19, 2018 setting fees for solid waste collection for the City of Dodge City.

Background: The past few years staff has been tasked to deal with an illegal dumping issue that continues to occur in the downtown area. Through numerous complaints it has been determined that several individuals and businesses throughout the downtown area do not have solid waste collection services. Resolution 2018-21 will allow the City to provide solid waste collection services to downtown residents and business owners if it is determined that no other service is provided to them. Previously our Solid Waste Ordinance had not allowed the City to provide services to commercial users prior to 1984. Resolution 2018-21 establishes boundaries for Sanitation Downtown District #1 which will allow the City of Dodge City to provide solid waste collection services to those found not to have any collection services. Services from other solid waste collectors will still be allowed if the individual chooses a commercial provider.

Additional changes to the resolution include fees set for trash bags collected and placed beside the polykarts $1.00 to $2.50. The fees set for trash carts that are placed to the curb late changed from $2.00 to $5.00. Also fees were established to roll off containers set for residential and commercial use. Residential use of a roll off container will be $50.00 plus the landfill fees and commercial use of the container is $100 plus landfill fees. All other fees established will remain the same as established in previous resolutions.

Justification: Staff has taken numerous steps to try and remedy the illegal dumping issues in the downtown area. In many case the City is already providing these services to the people that currently have no collection service. Many are using the containers placed around the downtown sidewalks which the City provides services to three times a week.
By establishing the Downtown Sanitation District #1 city staff will be able to place these users on City services and monitor the each issue case by case. The fees set for the roll off containers have been established for many years and will remain the same this will only make them official. The increase in fees for loose and bagged trash as well as late pickup will assist staff to ensure the residence in Dodge City are provided the best possible solid waste collection service.

**Financial Considerations:** None

**Legal Considerations:** Legal has reviewed the Resolution and is in agreement.

Date: November 5, 2018
Subject: Ch2m Hill Contract
Agenda Item: New Business

Recommendation: Staff recommends the approval of the annual contract amendment with CH2M Hill to continue operation and maintenance of both wastewater treatment facilities and to incorporate the operation of the Warrior Project into the annual agreement.

Background: The City of Dodge City has had a very long standing agreement with CH2M Hill, formerly known as OMI. They have operated our plants for well over 20 years and stand ready to take on the operation of the bio-gas plant. The contract includes a 6.76% increase on the operations fee and a $100,000 increase on some costs routine costs associated on the maintenance of the plant. If the maintenance fees are not used, the funds are credited back to the City at the end of the year.

Justification: Due to the technical nature of the operation of the plant, we have always felt that having an outside entity work in coordination with our staff assured consistency and expertise versus the internal operation of the plant. CH2M Hill is nationally recognized and respected in the operation of sewer treatment facilities and have been a true asset to our organization.

Financial Considerations: Adequate funds have been budgeted in the 2019 budget for this expense.

Purpose/Mission: Working towards excellence – together we strive to achieve high performance and service standards set by us and expected by the community.

Legal Considerations: The agreement has been reviewed by the City Attorney.

City Commissioners

From: Nicole May
Date: October 31, 2018
Subject: Public Transportation Grant Letters
Agenda Item: New Business

**Recommendation:** Staff recommends the City Commission approve the submission of applications for 5311 public transportation grant including local match financial commitment letters as follows:

1. U.S.C. 49-5311 Public Transportation Operating Grant in the amount of $375,059 which includes $68,087 for dispatch and $36,900 for replacement of 3 buses.

**Background:** The Dodge City Public Transportation provides services to Dodge City and Ford County area residents. Our services include Fixed Route, Demand Response and ADA Para-transit service. Currently we provide over 49,000 rides annually and we continue to increase ridership. The proposed budget for this grant (see Attachment 1) will continue funding for the program as follows:

- **Fixed Route Bus Service in Dodge City.** The Fixed Route bus system was expanded in May 2015. Each route runs hourly from 6:00 am to 7:00 pm, Monday through Friday, except from mid-November to March 1 when routes run from 6:00 am to 6:00 pm.

- **Door-to-Door ADA Para-transit Service.** We continue to provide door to door service (within ¼ of a mile of the Fixed Routes) for passengers with physical, cognitive or visual disabilities which prevent them from utilizing the fixed route buses.

- **Regional Demand Response Service.** We provide service outside the 3/4 mile Para-transit zone, and up to 2 miles beyond the city limits. Any resident may schedule a door-to-door ride if the ride's origin or destination is beyond the 3/4 mile Para-transit zone and within a 2 mile radius of City limits. Based on our reports over the last year, we are providing over 1,400 Para-transit and Regional Demand Response rides per month.

**Justification:** As of today, Dodge City Public Transportation is providing over 4,000 rides a month with both Fixed Route and Para transit/Demand Response service. We have seen an 11% increase in total rides when comparing to last year. We expect that the Fixed Route and Para-transit services continue to increase and build ridership.
**Financial Considerations:** There are no significant changes to the level of funding requested. Our operating and administrative budget remains the same or similar. For this grant cycle staff recommends Dodge City commit to meeting the local match costs associated with this important public service. The letters of financial commitment required for the 5311 grant application are as follows:

- **U.S.C. 49-5311 Public Transportation Grant:**
  - Operations (50%) $249,712
  - Dispatch (50%) $68,087
  - Administration (20%) $20,360
  - Capital (20%) $36,900
  - **TOTAL** $375,059

The commitment letters are required to include a 50% local match of the Federal transportation funds for Operations and Dispatch for which the City is applying. Historically KDOT has supplemented the Federal funds and for this grant cycle we anticipate State funding of an additional 20%. With State funding, the net City obligation will be $275,169 of which $218,269 is budgeted in Public Transportation (3410) for 2019; $36,900 is budgeted in the depreciation fund and $20,000 will be raised through service contracts.

**Purpose/Mission:** Improvements to public transportation represent the City’s core values of Ongoing Improvement and Preparing for the Community’s Future. Dodge City’s expanding service is helping more residents every day by allowing them to get to work, do their shopping and get to medical appointments. The availability of public transportation also allows older residents to live more independently.

**Legal Considerations:** These commitment letters are required elements of the City’s application for grant funding. KDOT will consider all requests and most likely will adjust the final approved amounts.

- Ash St. (9th Ave. to 7th Ave.)

Asphalt Patching - This 67 Ton increase in quantity is a result of the added patching on Bristol Ave.
1 ½ ” Asphalt Mill - This 3822 S.Y. increase in quantity is due to the addition of streets to the project.
2” Asphalt Mill - This 1825 S.Y. increase in quantity is due to the addition of streets to the project.

Date:              October 24, 2018
Subject:           Acquisition of Property for Barbara Lane Connection, ST 1801.
                   Agenda Item: New Business

Recommendation:   Approve compensation for property from the Cox Solution Store property for Road R/W and Temporary Construction Easement for the extension of Barbara Lane from the Wagon Wheel #2 Subdivision to Frontview Rd. in the amount of $9,555 and connection to municipal sewer within three years of the date of the agreement.

Background:       With the development of Wagon Wheel #2, City Staff and SMH has been working to acquire the western 40’ +/- of the Cox Solution Store property so that a connection road could be constructed between Barbara Lane and Frontview Rd. This would not only provide an additional access to the Wagon Wheel #2 Subdivision, but also to the existing residents of Barbara Lane (East & West), Sue Dr., Anna Ave. and Louise Ave. Currently the only access to these neighborhoods is from St. Joseph St. off of Ave. A. It would also help in emergency situations to have another access point. The 40’ +/- by 210’ +/- parcel has been appraised. The value of the real property and temporary easement came to $9,555. Once acquired, the property along with a 20’ alley west of the Cox Solution Store property will be used to construct the connecting road.

Justification:    With the addition of this connection road, there will be better access for both the resident and Emergency Services into the Wagon Wheel #2 and Kliesen Subdivisions.

Financial Considerations: Payment of $9,555 for the property and Temporary Easement along with the connection to municipal sewer within 3 years. The Opinion of Cost to extend sewer past the Cox Solution Store Property is $47,750. This will also provide sewer to at least 3 additional lots, 2 north and 1 south of the sewer extension. This project was included in the 2018 Street Program.

Purpose/Mission:  The completion of this project coincides with the City's Core Values of Safety and Ongoing Improvement.
Legal Considerations: An agreement will be drawn up for all parties to sign based on the compensation outlined above.

Attachments: Drawing of the Cox Solution’s property and of the proposed R/W and Temporary Construction Easement along with the plan sheet for the Barbara Lane extension.

Subject: MIH Grant Agreement
Agenda Item: New Business

Recommendation: Staff recommends the approval of the Moderate Income Housing Program Grant Agreement.

Background: The City of Dodge City submitted an application for the Moderate Income Housing grant through the Kansas Housing Resource Corporation for the Abandoned Housing Program. Our application was approved by KHRC for Two Hundred Fifth Thousand Dollars ($250,000). The funds will be used to build a new duplex at 510 E. Brier Street in partnership with the Dodge City Community College Building Trades Programs and rehabilitate two additional homes. Once complete the homes will be sold to moderate-income citizens with the proceeds of the sale going to the Community Housing Association of Dodge City.

Justification: Housing continues to be a constant challenge in the Dodge City area. The Abandoned Housing Program has been successful in creating new housing and rehabilitating vacant housing throughout Dodge City.

Financial Considerations: None at this time for the City. This is a pass thru and CHAD will provide the remainder of funds needed to complete the builds.

Purpose/Mission: To provide adequate housing in order for the City to accommodate present and future growth.

Legal Considerations: None

GRANT AGREEMENT

THIS GRANT AGREEMENT ("Agreement") is made by and between the City of Dodge City, Kansas, ("Grantee"), P.O. Box 880, Dodge City, Kansas 67801 and Kansas Housing Resources Corporation, 611 South Kansas Avenue, Suite 300, Topeka, Kansas 66603 ("KHRC") this 23rd day of October, 2018.

WHEREAS, KHRC is a public corporation that administers Federal and State housing programs, as well as the State Housing Trust Fund ("SHTF") which is used for funding housing programs and services.

WHEREAS, the Kansas Legislature passed and the Governor signed Senate Substitute for Substitute for HOUSE BILL No. 2231 ("Bill") which provided $2 million for the State Housing Trust Fund ("SHTF") to be used for the purpose of loans or grants to cities or counties for infrastructure or housing development in rural areas ("Eligible Activities").

WHEREAS, utilizing the funds provided under the Bill, KHRC issued a Kansas Moderate Income Housing ("MIH") Request for Proposal ("RFP") on June 27, 2018.

WHEREAS, Grantee requested MIH funds for proposed eligible activities by an application dated September 7, 2018 which is hereby incorporated by reference herein ("Application"), and which commitments and representations contained therein expressly remain a continuing obligation and responsibility of Grantee;

WHEREAS, KHRC’s Loans and Grants Committee approved a grant totaling $250,000 for Grantee’s proposed eligible activities at its October 10, 2018 meeting;

NOW THEREFORE, the parties do mutually agree as follows:

1. **Grant Funds.** KHRC hereby grants Grantee up to $250,000 ("Funds") for Eligible Activities.

2. **Use of Grant Funds.** Grantee shall use the MIH Funds solely on the Eligible Activities proposed in Grantee’s Application and approved by KHRC, and in accordance with the following allocation:
   
   a. Construction of a new duplex and renovation of two abandoned homes

   b. Construction of this development shall begin by April 1, 2018 unless a change is approved by KHRC.

3. **Leverage Commitment.** In addition to the Funds provided by KHRC, Grantee shall provide leveraged funds in accordance with its representations in its Application towards the costs of the Eligible Activities.
4. **Disbursement of Grant Funds.** Grantee commits to use its usual procurement processes for bidding out each portion of the approved Eligible Activities. As development costs are incurred, Grantee may make a lump sum or partial payment request from KHRC, providing documentation of such costs, as well as evidence that the leverage commitment in Grantee’s Application is being used in the funded Eligible Activities. Requests for payment shall be accompanied by supporting documentation and made to the attention of Fred Bentley, who may be reached as follows:

Fred Bentley, Director of Development  
E-mail: fbentley@kshousingcorp.org  
Phone: 785-217-2029

KHRC reserves the right to request additional documentation prior to disbursement of MIH Funds.

5. **Compliance with Regulations.** Grantee shall ensure compliance with all MIH rules and restrictions, as stated in the Bill and the MIH RFP, as well as other governing laws, including the accessibility requirements of KSA 58-1401 et seq, when applicable, and the 2012 International Energy Conservation Code. If Grantee is using the Funds for single family housing development or assistance, Grantee shall also enact and monitor a recapture provision as explained in the RFP. Prior to making any modifications to the approved Eligible Activities from Grantee’s funding Application, Grantee commits to obtain written approval from KHRC.

6. **Program Income.** Grantee commits to use any income derived from or generated by the approved Eligible Activities, regardless of when the income is received, solely for housing purposes in accordance with the RFP.

7. **Reporting.** Beginning with the first business day of the month following the award being made to an applicant and each month thereafter, the awardee shall submit in writing monthly status reports to KHRC until the entire development is completed and all funds have been expended. The status report should detail the use of funds to date, along with a self-assessment comparing that use with the recipient’s proposed use from its original application to KHRC. The status report should include an evaluation of the housing activities to date as well as the status of construction and the nature and reasons for any changes in the activities. A monthly status report should be filed even if there has been no progress or activity from the previous month.

Within 60 days following completion of the development and expenditure of all MIH funds a final accounting shall be submitted to KHRC on its forms, which shall include the use of any income generated from the housing activities.
8. **Compliance Monitoring.** When MIH funds are used in the development of rental housing, either directly or indirectly, it shall be required that tenants be initially qualified with gross incomes within the established MIH ranges as outlined in the RFP. Generally, the housing tax credit qualification procedures will be used to certify tenants and verify incomes but will use the higher MIH ranges. Tenants need not be recertified once they are initially qualified. This process will be used for the first five years following completion of the development whenever a new tenant enters the property. At the end of the fifth year, there shall be no further qualification procedures.

When MIH funding is used for home ownership opportunities, either directly or indirectly, an initial certification using the housing tax credit procedures will be required when the home is purchased. There will be no certification required for subsequent purchasers of the home when the first purchaser was qualified under the MIH guidelines. However, KHRC will require that the city or county receiving funding for homeownership purposes shall record a deed restriction on the property limiting the profit that can be achieved whenever such home is sold within a ten year period of its initial occupancy. The restriction shall require a declining refund of any profit payable to the city or county in increments of ten percent annually. If a home is sold within one year of its initial occupancy, 100 percent of the profit earned from such sale shall be paid to the city or county. This percentage shall decline ten percent each year so that in the tenth year, if the home is sold, ten percent of the profit shall be returned to the city or county. At the end of the tenth year of occupancy, the deed restriction shall be lifted and there shall be no restriction on the profit achieved by the sale of the home.

9. **Noncompliance.** Noncompliance with the MIH RFP, this Agreement, or other reasonable requirements of KHRC, shall result in penalties including but not limited to recapture of funds and/or loss of eligibility for future funds.

10. **Rescission/Unavailability of Funds.** Grantee understands that the MIH RFP and Grantee’s award is funded in whole or in part by State of Kansas funds provided through the Bill. In the event the State funds supporting this Agreement become unavailable, are reduced, or rescinded, KHRC may terminate or amend this Agreement without penalty and will not be obligated to pay the Grantee from any other sources, including KHRC, SHTF, or State of Kansas monies.

11. **Miscellaneous.** The descriptive headings of this Agreement are for convenience only and shall not be deemed to affect the meaning of any provision. This Agreement may be modified only by the mutual written agreement of the parties. If any provision of this Agreement is determined by a court of competent jurisdiction to be invalid or unenforceable to any extent, the remainder of this Agreement shall not be affected and each provision of this Agreement shall be enforced to the fullest extent permitted by law. The failure of KHRC to exercise any of its rights or responsibilities under the Bill or this Agreement shall not
constitute a waiver of the right to exercise the same or any other option at any subsequent time in respect to the same or any other event. This Agreement constitutes the entire agreement of the parties and supersedes all other prior written or oral contracts between the parties with respect to the subject matter hereof.

**IN WITNESS WHEREOF**, the parties hereto have caused this instrument to be executed by their duly authorized official or officers on the date first indicated.

- Northview Nursery & Landscape - $213,772.00
- Al’s H₂O - $274,679.50

- Engineer’s Estimate - $202,270.50

Although the bids from Furr Lawn Care, LLC and Northview Nursery & Landscape where either below or within 10% of the Engineer’s Estimate, some required KDOT documentation was not included in their proposals. The bids from Al’s H₂O and Building Solutions, LLC were more than 10% above the Engineer’s Estimate.

**Background:** This project is partially funded by a Transportation Enhancement (TE) Grant from KDOT. By accepting the grant the project must meet KDOT requirements not only in the bidding process, but during the construction phase. The project was advertised for letting earlier this year and no proposals were submitted. In September the project was re-advertised. This time the City gathered a list of Landscapers and other contractors and mailed a letter to each stating the City was advertising this project. This was done to try and generate more interest and bids for the project. Per KDOT requirement the project had to be advertised for 30 days. Bid were opened on October 30, 2018, the results of the bid opening where mentioned above. In speaking with KDOT, it has been determine that if the project is rebid the advertising period for the project can be reduced to 21 days.

**Justification:** The project as designed would not be feasible without the TE Grant from KDOT as designed. Therefore, we must follow the requirements from KDOT for the project.

**Financial Considerations:** Since the bids are being recommended for rejection, there will not be any Financial Consideration at this time.
**Purpose/Mission:** The completion of this project would align with the City's core value of ongoing improvement.

**Legal Considerations:** None
