

## PROCLAMATION

**WHEREAS**, Manufacturing Day was created in 2011 to raise awareness of the important role manufacturing plays in local communities across our country and celebrates modern manufacturing; and

**WHEREAS**, for every \$1 spent in manufacturing, another \$1.89 is added to the economy, the highest multiplier effect of any economic sector; and

**WHEREAS**, Dodge City recognizes the importance of the Manufacturing Industry as a vital economic component promoting development, innovation and job stability; and

**WHEREAS**, Manufacturing Sectors across Dodge City strengthen the community we live in by building partnerships among public agencies, educational institutions, religious and civic organizations and the business community; and

**WHEREAS**, the nearly 6,200 jobs in the manufacturing sector who earn an average compensation of \$56,659 contribute to the economic well-being of our community; and

**NOW, THEREFORE, WE**, the Mayor and City Commission of Dodge City, Kansas, do hereby proclaim Friday, October 4, 2019 as.....

### **“NATIONAL MANUFACTURING DAY”**

And urge all Dodge City residents to join in recognizing the value of our manufacturers and the importance they serve within our community.

IN WITNESS THEREOF, I have hereunto set my hand this 16<sup>th</sup> day of September 2019.

---

Brian Delzeit, Mayor

# Memorandum

*To: City Manager  
City Commissioners*

*From: Ray Slattery, Director of Engineering Services*

*Date: September 6, 2019*

*Subject: Linn St. Reconstruction & Drainage  
Improvements  
(SD 1201)*

*Agenda Item: Consent Calendar*

---

**Recommendation:** Approve Change Order No. 1 for Linn St. Reconstruction & Drainage Improvements

**Background:** Linn St. Reconstruction & Drainage was approved on February 18, 2019.

**Justification:** Remove/Replace 6" Concrete Drive - This 18 S.Y. increase in quantity is due to having to remove more driveway to have a clean edge of concrete to tie into.

53"x34" Horiz. Elliptical RCP, Installed - This 82 L.F. increase in storm pipe was needed to conform to the stipulations included in the drainage easement acquisition. In order to acquire the easement the homeowner requested that the pipe be extended to the south end of their property.

4" HMA Base Course - This 15.51 Ton decrease in quantity is a result of over estimating and under running the asphalt quantity.

2" HMA Surface Course - This 1.22 Ton increase in quantity is a result of a difference in theoretical quantity calculation to applied material in the field.

Remove/Replace Curb & Gutter - This 73 L.F. increase in quantity is due to additional damaged sections of curb at the limits of the project and completely removing and replacing the curb returns on the north side of the Bristol and Linn intersection.

6" Concrete Drive - This 16 S.Y. increase in quantity is due to a homeowner changing their mind about having their drive reinstalled. It was initially thought that with the street rising that the their drive would not be able to reach top of curb height before their fence. Curb height could be reached so the drive was reinstalled.

Sub-Grade Repair - This 100 C.Y. decrease in quantity is due to the project locations not requiring as much repair as estimated.

Liquidated Damages - The contractor was unable to open the road in the allotted number of days.

**Financial Considerations:** Change Order No.1 is for a increase of \$10,773.21.

**Purpose/Mission:** The project aligns with two of the City's Core Values. Those are "Safety", together we endeavor to provide a safe and secure work place and community. Also, "Ongoing Improvement", together we value progress, growth & new possibilities by providing and prepare for the community's future.

**Legal Considerations:** N/A

**Attachments:** Change Order No. 1

**Memorandum of Understanding  
Between  
Ford County and City of Dodge City**

**General Purpose:** During times of disaster, whether natural or man-made, or pandemic/epidemic outbreaks, the parties will cooperate to make available locations for shelters, command centers, and/or food and supplies distribution facilities.

The City of Dodge City agrees to:

1. Provide use of City-owned physical facilities (the "Facilities") for the purpose of providing shelter for the community, the operation of a command center, or the establishment of a Point of Distribution (POD) site during a disaster or epidemic/pandemic (an "incident"). The Facilities are identified in the list attached hereto as Exhibit A. The Facilities shall not be utilized as shelter in anticipation of severe weather events, but will only be used in the aftermath of such disasters.
2. Provide the Ford County Emergency Management with two points of contact in case of an incident:
  - a. An Administrator who will serve as the primary Point of Contact. The Point of Contact will have authority and ability to provide access to the building for activation.
  - b. A custodial point of contact who will have authority and ability to provide the Ford County Emergency Management personnel with access to available tables, chairs, cots, etc. and assist with directing the placement of such resources within the facility.
3. Cooperate with the Ford County Emergency Management to ensure good communications prior to and during an incident by relaying pertinent information, advisories, and updates as they become available.
4. Allow the Ford County Emergency Management access to the facilities in advance of any incident for the purposes of developing, maintaining and updating of the County Site Dispensing Plan.

Ford County agrees to:

1. Provide a current Ford County Emergency Management point of contact to answer questions that the City of Dodge City may have regarding these arrangements.
2. Use the after-hours contact or request the use of the facilities only during an actual disaster or pandemic/epidemic.
3. Cooperate with the City of Dodge City to ensure good communications prior to and during an incident by relaying pertinent information, advisories, and updates as they become available.
4. Return the facilities to the condition they were found in prior to the Ford County Emergency Management's use, and replace any and all supplies used during an incident.

This memorandum of understanding is not intended to create binding or legal obligation on either party. The parties to this memorandum wish only to provide written description of their efforts of cooperation in times of disaster and/or epidemic/pandemic. This document will be reviewed and revised as needed but at least every four (4) years.

Agreed and accepted by:

Shawn Tasset  
Ford County Board of County Commissioners

## Memorandum

*To: City Manager  
City Commissioners*

*From: Ray Slattery, P.E.  
Director of Engineering Services*

*Date: September 11, 2019*

*Subject: Supplement #2 to Consulting Agreement for the  
Design of a Sampling Basin and Force Main, SS 1701.*

*Agenda Item: Consent Calendar*

---

**Recommendation:** Approve the Supplement Agreement #2 to the Consulting Services Agreement with PEC Consultants in the amount of \$11,400.

**Background:** At the January 2, 2018 Commission Meeting, the Commission approved the Design Services Agreement with PEC for the design of a Sampling Basin and Force Main. It was discovered during the design of the project a new lift station would be required on the National Beef Processors (NBP) location to complete the project as proposed. NBP has given verbal approval to this change. In the summer of 2016, NBP was billed surcharges on their sewer bill based on the loading of the constituents found in the waste water. From time to time in the past there have been other disputes over sampling and billing of NBP's wastewater. To resolve the issues both parties entered into a "Surcharge & Sampling Basin Resolution Agreement". This agreement will help settle the dispute from 2016 and limit any future disputes over wastewater surcharges. The improvements included in this wastewater project align with the City's and National Beef's obligations in the agreement.

Once the agreement was in place, PEC started designing the wastewater improvements. Working closely with NBP, the City, & our wastewater operators Jacobs, plans for improvements were completed and put out for bid. Due to the complexity of the project, a mandatory pre-bid meeting was included as a prerequisite for contractors to bid. Only two contractors attended this meeting, Nowak and UCI. UCI ended bidding with Nowak as a subcontractor on the project.

At the July 15, 2019 Commission Meeting, approval was granted allow City, Jacobs, and NBP staff, the contractor, and PEC to try and value engineer the project to reduce the cost of the project. A week later everyone met in Wichita to discuss the project and brain storm on ideas to reduce costs. From this meeting several ideas were reviewed. There were a couple of phone call afterwards to discuss ideas.

From this meeting and phone calls PEC had to redesign a portion of the project. Also, included in the Supplemental Agreement #2 is for a ground penetrating radar to be used to determine the location of reinforcing is the wet well to determine the best location for the new pipe penetration.

**Justification:** The design of the Sampling Basin and Force Main separation will provide an easier, accurate flow measurement and sampling of NBP's waste water. The new force main will remove existing flow from the East Dodge Pressure Sewer (EDPS) and allow for future growth along this system.

**Financial Considerations:** This revision will add \$11,400 to the contract with PEC. The new total for design services is \$224,900. This along with the video inspection by Mayer Speciality Services brings the total to \$232,050. Funding for these services will be split 50%-50% between the City and NBP. The construction of this project will also be split 50%-50% between the City and NBP. The City's portion of the project was budgetted in the 2018 and 2020 CIPs.

**Purpose/Mission:** The completion of this project meets our Core Value of Ongoing Improvement. Along with providing Safe services for our citizens.

**Legal Considerations:** The City as an addition to the contract with PEC Consultants, we are bound by the provisions of this supplement.

**Attachments:** Supplement Agreement #2 with PEC Consultants.

September 9, 2019

Ray Slattery, P.E.  
City of Dodge City  
PO Box 880  
Dodge City, KS 67801

Reference: Dodge City NBP Wastewater System  
Supplemental Agreement No. 2  
Original Contract Date: January 2, 2018  
PEC Project No. 34-170940-000-1009

Dear Mr. Slattery:

This Supplemental Agreement by Professional Engineering Consultants, P.A. (PEC) modifies the referenced Agreement, and any other previous Supplemental Agreements as may be noted herein.

A. Modification of Scope:

1. Value Engineering Services
  - a. Participate in a value engineering meeting with the CLIENT and potential Contractor to discuss potential cost saving measures and updated project schedule.
  - b. Prepare and submit alternative concept plans for the South Phase to the potential Contractor and CLIENT for review.
  - c. Conduct a review meeting to discuss alternative concept plans for the South Phase with the potential Contractor and CLIENT.
  - d. Review impacts of removing Forcemain #3 on the North Lift Station design and update the design, as required.
  - e. Prepare and submit sealed plans to include value engineering items accepted by the CLIENT, referencing Change Order No. 1 to the construction agreement.
2. Additional Construction Services
  - a. Determine location of reinforcing within the existing wetwell concrete wall using Ground Penetrating Radar. Results will be reported to Contractor and design adjustments made as required.

B. Time of Performance:

1. The completion date will be based on a mutually agreed upon schedule.

C. Payment Provisions:

1.	Original Contract amount	\$	194,000.00
2.	Net change by previous Supplemental Agreement(s)	\$	19,500.00
3.	The contract amount will increase by this Supplemental Agreement in the amount of	\$	<u>11,400.00</u>
4.	The new contract amount including this Supplemental Agreement will be	\$	<b>224,900.00</b>

D. Authorization to Proceed:

1. Return receipt of this executed Supplemental Agreement will be considered our authorization to proceed.

Sincerely,  
**PROFESSIONAL ENGINEERING CONSULTANTS, P.A.**

Sarah C. Unruh, P.E.  
Project Manager
