AG CMB Corporate Application (Rev. 10.25.17)
Memorandum

To: City Manager
City Commissioners

From: Ray Slattery, P.E.
Director of Engineering Services

Date: April 22, 2020

Subject: Circle Lake Drainage Improvements;
SD 1902

Agenda Item: Consent Calendar

Recommendation: Approve Change Order No. 2 of the Circle Lake Drainage Improvements in the amount of $5,020.00. This is a culmination of changes to the project throughout the construction process to date.

Background: The City Commission approved the bid from Huber Land and Water LLC at the October 7, 2019 meeting. Over the past several years, the existing storm sewer in the Circle Lake neighborhood has been showing signs of its age. There are two components of the storm sewer in particular that are in need of immediate attention. The first is the storm sewer line that conveys water between houses from Cactus Rd. to Windsong Way in an easement. This corrugated metal arch-pipe has collapsed in several locations including under Cactus Rd. The sections that have collapsed in the easement are thought to be the result of an old tree row whose roots found their way into the pipe. The second issue are the inlets and pipe at Windsong Way and the fact that they hold water. This issue stemmed from the construction of the head wall at the north end of the lake that has an elevation above the inlet pipes. This project will repair and line the failed metal pipe, install new concrete pipe under the roadways, and provide a way for the inlets on Windsong Way to drain after a rain event.

Justification: The quantities or the bid items listed represent final field measurements.

Financial Considerations: Change Order 1 is for an increase of $5,020.00.

Purpose/Mission: The completion of this project would align with the City's Core Values of Ongoing Improvement and Working Towards Excellence.

Legal Considerations: By approving the Change Order, additional payment will need to be made to Huber Land & Water, LLC.

Attachments: Change Order #2
**NET INCREASE**  $ 6,200.00

**RECOMMENDED FOR APPROVAL:**

**CONTRACTOR:** Huber Land and Water, LLC

**PROJECT NUMBER:** SD 1902

**CHANGE ORDER**

**CITY OF DODGE CITY**
Memorandum

To: City Commissioners
From: Cherise Tieben, City Manager
Date: April 30, 2020
Subject: Administrative Policy Manual
Agenda Item: Ordinance 3732

Recommendation: Staff recommends your approval of Ordinance 3732.

Background: Updating the Administrative Policy Manual (APM) was a goal of City Clerk Nannette Pogue’s prior to her retirement. Over the years the document has evolved but it simply needed a significant update and to officially incorporate some of the individual policies that had been approved by the Commission over time. There are a few new policies but overall the changes have been outlined in the attached memo from Nannette Pogue dated March 3, 2020.

In that memo, she explains that she took the Policy Manual that was updated in 1992; deleted policies that were in other publications of the City; looked at Resolutions that had been adopted that were titled policies, but were not added to the manual and weren’t in a central place where everyone knew they existed and added those policies to the manual; added some policies that needed to be added; and updated policies that were already in existence to reflect current practices, state statutes or other best practices that were included in information from the League of Kansas Municipalities, Government Finance Officers Organization or other professional organizations that advise municipalities.

Justification: This document is utilized on a daily basis by many of us to guide our everyday work and with so many retirements, we simply wanted to make sure that this document had all of our resources up to date and readily available in one document for the individuals that will lead our organization into the future.

Financial Considerations: None

Purpose/Mission: Together we serve to make Dodge City the best place to be.

Legal Considerations: None at this time.

MEMO

TO: Cherise Tieben, City Manager
FROM: Nannette Pogue
SUBJECT: Policy Manual

Attached is the updated Policy Manual to be submitted and approved by the City Commission. The City adopted a Policy Manual in 1979 and the manual was updated and approved by the City Commission in 1992. In the meantime there have been policies adopted, resolutions adopted that were titled policies and other policies adopted or changed that never made it into a policy manual. I took the Policy Manual that was updated in 1992; deleted policies that were in other publications of the City; looked at Resolutions that had been adopted that were titled policies, but were not added to the manual and weren’t in a central place where everyone knew they existed and added those policies to the manual; added some policies that needed to be added; and updated policies that were already in existence to reflect current practices, state statutes or other best practices that were included in information from the League of Kansas Municipalities, Government Finance Officers Organization or other professional organizations that advise municipalities.

Below is a list of policies that were in the original Policy Manual and have been deleted from the proposed Policy Manual:

Utility Department Administrative Policies – Most of the items in this policy are included in the Revenue Control Policy
Open Records – This is in the Code of the City of Dodge City, Chapter 1, Article 8
Open Air Dances – Is not needed, covered under other items in the Code
City Owned Vehicles – Included in the Personnel Policy Manual
Policy for Travel and Meeting Expenses – Will be included in whole in the Personnel Policy Manual
Sexual Harassment Policy – In Personnel Policy Manual
Bad Debt and Collection – Included in the Revenue Control Policy
Billing of Municipal Services – Included in the Revenue Control Policy
Purchasing for Public Works Construction – Included in the Purchasing Policy
Transient Guest Tax Rehabilitation Fund Guidelines – No longer applicable
Development of Property Within the City and Its 3-Mile Limit – This is a part of the City’s Subdivision Regulations
Cereal Mal Beverage Licenses – This is in the Code of the City of Dodge City
Alcoholic Liquor Occupation Permit - This is in the Code of the City of Dodge City
Occupation Tax on Private Clubs - This is in the Code of the City of Dodge City
Dodge City Civic Center Alcohol Policy – No longer needed
Below is a list of all the policies in the manual. I have included information as to changes that were made to the policies or if they are new policies. The Resolutions that were adopted that were titled policies, were not changed only included and formatted for this policy manual.

ADMINISTRATIVE POLICIES

ADA Agencies Receiving Funds or In-kind Services. Added that it will be updated annually.

ADA Grievance Procedure. Changes to wording regarding the Human Resources Director is the ADA Coordinator.

Biogas Sales Execution Policy. This was a policy that was adopted in November, 2019. Added to manual.

Civil Rights/Fair Housing Policy. This is a Resolution, and added to the policy manual. No changes

Closing of City Streets. Changed the process to - the application will be turned into City Clerk and the City Clerk will disseminate and get approval from applicable Department Heads instead of having the applicant take the application around to the Department Heads. Also added the form to be filled out in the policy.

Early Retirement Policy. Added the form to be filled out.

Energy Conservation Program. This is a new policy and I modeled it after policies of other government organizations.

Identity Theft Prevention Program. This policy was adopted as a resolution and added to this policy manual. As a note, policy it says there is training. The training can be very informal, but needs to be repeated annually and needs to be given to all new people who take credit cards, checks or sign up customers for services.

Open Meetings Policy. This is a policy that existed, but was not included in the manual, so it is added to the manual. All employees who deal with boards, commission or committees need to be aware of this policy.

Policy to Provide Assistance to other Counties, Cities and Townships during Disasters. This is a Resolution titled policy, so added to the policy manual. Updated to match information in State Statutes.

Public Notification Policy. No changes

Purchasing Policy. Added wording needed to comply with Federal Grants. Other changes are: wording added to reflect that all bids may be rejected; price does not need to be the deciding factor; and added some wording in the Noncompetitive negotiation paragraph regarding federal awarding agency.

Records Management Policy. Included the records request form

Recycling Policy. Corey is currently reviewing to make sure this is consistent with what we are actually doing.

Regulating Use of Local Alcoholic Liquor Fund. No changes, this reflects State Statute

Risk Management Policy. Added some wording to reflect using insurance pools and the current practices regarding the amount that property will be insured at, with any exception to be approved by the City Manager.

Sale of City-Owned Real Estate. Changed wording from shall be published in the local newspaper to may be published in local newspaper and will be published on City’s website.
State does not require publication in the local newspaper, it has been a long practiced policy as a way of notification. Now that the City has a website and websites are read seeking information widely, it is not as important to publish in the newspaper.

**Sick Leave Bank Policy.** Deleted some wording referring to releasing information to the Sick Leave Bank Committee. The forms are also included. Added this policy to the policy manual.

**Social Media Terms of Use Policy.** Changed the wording to reflect that open records requests will be submitted to the Freedom of Information Officer opposed to the Public Information Officer. This was added to the policy manual.

**Standards for City Contracts and Agreements.** No changes

**Title VI Policy for the Public Transportation and Other City Programs –** There were 2 separate policies passed as resolutions, one for Public Transportation specifically and one for Public Transportation and Other City Program. This is all included in one policy and added to the policy manual. The forms and attachments that were approved by Resolution are included in this policy manual.

**Tobacco-Free Parks and Recreation Policy.** No changes to policy. Added to policy manual.

**Travel Policy.** The Travel Policy was included in the Policy Manual as well as in the Personnel Policy Manual in abbreviated form. It is now only included in the Personnel Policy Manual and not the Policy Manual.

**Use of the City Emblem.** Changed the definition of the City’s logo to the Silhouette Cowboys and added that the City Manager will approve any separate department logos.

**FINANCIAL POLICIES**

**Capital Financing and Debt Policy.** This is a new policy and was modeled after the sample policies made available by the Government Finance Officers Association.

**Capital Improvement Projects Financing.** This policy was included in the Administrative Policy area and changed to the Financial Policies area of the policy manual.

**Depreciation and Replacement Fund Policy for Sales Tax Project Fund.** Changed some wording regarding amounts that are deposited annually to reflect what is actually done currently. This policy is added to the policy manual.

**Entertainment Fund Policy (for Sales Tax Fund Projects-Event Center).** Changed wording regarding replenishing of the fund to be consistent with what is in the VenuWorks Management Agreement. This policy was added to the policy manual

**Fund Balance and Fund Use Guidelines.** This is a new policy.

**Grant Award and Administration Policy.** This is a new policy and includes wording required for management of federal funds.

**Investment and Portfolio Policies.** This policy is updated to match State Statutes and prudent investing practices included in sample policies from the Government Finance Officers Association.

**Policy and Procedure for the Imposition of Infrastructure Impact Fees.** This policy is a resolution and originated with the construction of Ross Avenue. This is a tool to assess properties at a time when they actually used the improvement versus special assessments in which the assessments begin immediately. Will need to establish procedures to insure new developments are charged any impact fees that are imposed upon them.

**Purchasing Card Policies and Procedures.** Add this policy to the policy manual and corrected some spelling.
Revenue Control Policy. This is a new policy. There were some policies in the previously approved manual that are included in this policy. This policy is expanded and encompasses all revenue of the City. It was included in the previous policy manual entitled Billing of Municipal Services, but we want to reemphasis to all departments: “no other department or individual is permitted to bill anyone directly for municipal services” in reference to miscellaneous accounts receivable originating in the Finance Department. The exception of course is Utility Billing and Municipal Court fines.

Tax Exempt Financing Compliance Procedure. This is a policy that was adopted in 2012 when rules and regulations regarding tax exempt financing were being more strictly enforced. This policy was adopted as a resolution and outlined the procedures that the Finance Director is required to take at the time and after tax exempt financing is issued. It outlines the reporting to the national depository and to others and outlines the information that is to be retained as well as other procedures required to take.

ECONOMIC DEVELOPMENT POLICIES

Community Improvement Districts (CID) Policy. Added to the policy to the policy manual. Added to the policy the eligible expenditures for a CID.

Economic Development Policy. Minor changes regarding grammar and spelling.

Exemption from Ad Valorem Taxation Policy. No changes.

Housing Incentive Policy. Changes were made that reflect the procedures that are currently being followed. This policy was added to the policy manual.

Industrial Revenue Bond Policy. No changes

Local Revolving Loan Fund Policy. The policy stated that Great Plains Development was the organization that would accept and process all loan applications. This was changed to reflect some flexibility as to the City or other qualified organization could accept and process applications.

PHYSICAL DEVELOPMENT AND MAINTENANCE

Brick Street Policy. This policy and the Brick Street Guidelines were added to the policy manual. No changes were made to most recently approved policy.

Dodge City Regional Airport Disadvantaged Business Enterprise Program. This policy was added to the policy manual. No change

Drainage. No change

Financing of Public Improvements within the City. Minor wording changes

Installation of New Street Lights. No change

Maintenance and Reconstruction of Streets. No change

Sanitary Sewers. No change

Snow Removal and Preparedness. No change

Water Conservation Plan. Corey is working on updating

Water Extension. Changed wording to reflect the current amount of participation the City is matching financially.
Memorandum

To: City Commission
From: Ryan Reid, Dir. of Administration
Date: April 27, 2020
Subject: Resolution No. 2020-11 and Property Insurance Renewal
Agenda Item: Ordinances and Resolutions

Recommendation: Staff recommends the City Commission approve Resolution No. 2020-11 which will renew our membership with Midwest Public Risk (MPR).

Background: Staff has been working with Fee Insurance to get quotes for property and liability insurance. The last review of this kind was done in 2017. The intent was to see what was available.

Staff received four quotes, two of which were competitive (MPR and Brit). Brit was a little lower at $513,000 a year but MPR is close ($530,000) and has a significantly better wind and hail deductible. Staff recommends we stay with MPR.

Financial Considerations: Staff believes that staying in the Midwest Public Risk pool is the best choice for cost savings and value.

Purpose/Mission: On-going maintenance and improvement of City’s property and liability insurance coverage.

Legal Considerations: None

To: City Commissioners
From: Cherise Tieben, City Manager
Date: April 30, 2020
Subject: Commissioners Pay
Agenda Item: Resolution 2020-12

**Recommendation:** Approve Resolution 2020-12 as directed by the Commission to reduce the Commissions salary.

**Background:** In an effort to assist with the Covid-19 budget issues, the Commission volunteered to stop receiving pay for their role as City Commission. As you can see, this guidance stops at the end of the year. If you desire to do something similar in the future, you will need to authorize another Resolution at that point.

**Justification:** The Commission recognized the loss of jobs and felt that it was important that they take a cut in pay also.

**Financial Considerations:** Commissioners are paid a very small amount for their time and effort. However, this action will save approximately $17,000 total for the rest of the year for all 5 Commissioners or $3,400 per commissioner.
RESOLUTION NO. 2020-12

WHEREAS, the City of Dodge City (City) is experiencing an unprecedented loss of revenue due to the economic impact of the Covid 19 pandemic, and

WHEREAS, the City Commission was compelled to take action indicating their selfless commitment to serve the City of Dodge City during this pandemic, and

WHEREAS, the City Commission has chosen to refuse their compensation as afforded them in accordance with Article 2, 1-208 of the City Code, and

WHEREAS, the City Commission will not receive compensation for their service as a Commissioner from May 1, 2020 to December 31, 2020, and

WHEREAS, the City Commission compensation shall be automatically reinstated on January 1, 2020 unless otherwise provided for through future action.

NOW, THEREFORE, BE IT RESOLVED by the City Commission of the City of Dodge City, Kansas that they approve to temporarily waive their compensation from May 1, 2020 until December 31, 2020.

ADOPTED BY THE GOVERNING BODY AND APPROVED BY THE MAYOR, this 4th day of May, 2020.

Memorandum

To: City Manager
   City Commissioners
From: Ray Slattery, P.E.
       Director of Engineering Services
Date: February 26, 2019
Subject: Inspection Services Estimate for US 50 & Gary Ave. Intersection, ST 1901
Agenda Item: New Business

Recommendation: I am looking for a consensus to move forward and accept the estimate for inspection services from Kirkham, Michael & Associates, Inc. (KM) for the US 50 & Gary Ave. Intersection Improvement project. This is Geo-metric Improvement Project, which the City is partnering with KDOT on is to be bid in May 2020. The estimate for inspection services is $148,593.89.

Background: In May of 2018 the City submitted a Geo-Metric Improvement (GI) application to KDOT for consideration of the widening of this intersection. The project consists of adding a third, a two-way left turn, lane from 6th Ave. to Central Ave. In August of 2018, KDOT issued a Press Release stating that the Dodge City was awarded the GI Project with a not to exceed funding amount from KDOT of $500,000. Our construction estimate for the project is $901,521. In December of 2018, Request-for-Qualifications (RFQ) were requested for design services. Eight firms responded to the RFQ. A selection committee made up of Engineering Staff reviewed and evaluated these RFQ's. KM was then chosen for the design of the project. In January of 2019, KDOT has sent us the program packet outlining a timeline as to when crucial steps in the design process of this project have to be completed. KM has developed the construction plans meeting KDOT's specifications. KDOT has approved the final plans. The project is scheduled for a May 2020 letting. Construction will take place in the calendar year of 2020 or possibly 2021. The City will still have an opportunity to decline the project after bids are opened.

Justification: Improvements to this intersection will improvement safety and reduce delay on US 50 from 6th Ave. to Central Ave. Numerous accidents have been reported on this section of US 50.

Financial Considerations: The estimate from KM is $148,593.89. Funding for these services and the City's share of the construction will come from GOB which were issued in 2019. The City will need to make payment to KDOT for the construction prior. The inspection services may be costed shared by KDOT if the matching funds are available. However, we are moving forward under the assumption all of KDOT's share will be used for construction.
**Purpose/Mission:** The hiring of KM for inspection services will ensure the City will meet all the requirements to meet KDOT’s requirements of the project. These services will ensure that both KDOT and the City will receive the maximum funding possible for the project. The intersection will provide better access for the residents, businesses, and emergency services.

**Legal Considerations:** None at this time.

Memorandum

To: City Manager
   City Commissioners
From: Ray Slattery, P.E.
      Director of Engineering Services
Date: April 29, 2020
Subject: Green Hill's O' Ford & Trail St. Drainage Improvements, SD 1803.

Agenda Item: New Business

Recommendation: Approve the bid and alternate from Building Solutions, LLC for the construction of the Green Hills O'Ford & Trail Street Drainage Improvements in the amount of $336,680.75. The Engineer's estimate for the project was $360,386.00. Bid were opened on April 14, 2020. Building Solutions plans to start the project on July 1, 2020.

Background: Staff has been working with the Homeowner's Association of Green Hill's O' Ford to eliminate the erosion and maintenance issues of the drainage ditch that flows though the southern portion of the sub-division. Over the past 20 years the City has done smaller projects on different sections of the drainage ditch to solve the same issues. City crews have even helped the HOA by grading out drainage channel in the same section that we are currently looking to improve. On Trail St. there is not a defined drainage channel or swale. The storm water was expected to free flow across the private property and head south towards the river. Over time the location where the storm water runs has moved because sediment off of Trail St. has been deposited. This buildup of sediment has caused standing water issues for the private property owners south of Trail St. The two affected property owners have granted the City a Drainage Easement for the construction of the new concrete flume. This project was advertised and bid were opened late last year. However, only one bid was received and it was 51% above the Engineer's Estimate. At the January 21, 2020 Commission Meeting this bid was rejected. Staff reevaluated the project, made some modifications and omitted part of the project in an attempt to make the project more cost effective. The project was advertised again in early March of 2020 with these modification.

Justification: This project will allow the City and the HOA to better maintain the drainage ditch through the sub-division. The Trail St. portion will provide a direct massage for the storm water so that structures are not affects.

Financial Considerations: This project will be funded by proceeds from the 2019 General Obligation Bond Issuance.

Purpose/Mission: The completion of this project meets our Core Values of Honesty, Integrity & Respect, Ongoing Improvement, and Working towards Excellence.

Legal Considerations: By approving this bid from Building Solutions, LLC the City will enter into a contract with Building Solutions, LLC and be responsible to make payments to Building Solutions, LLC.

Memorandum

To: City Commissioners
From: Joann Knight
Date: April 29, 2020
Subject: CDBG Local Revolving Loan Fund Requests
Agenda Item: New Business

Recommendation: Staff and Review Committee recommends approval of the following CDBG Local Revolving Loan Funds and requests the Mayor to sign the Determination of Level of Review attached for each applicant business. All loans will be a three-year term at 1% interest with the first six months being interest only.

JIVA Inc./Executive Inn - $15,000
Protec Service - $10,000
Quick Bail Bonds/Insurance Express - $10,000
Restoration LLC/Christian Brothers Construction - $25,000
Sneak-A-Peek Imaging Studio - $5,000
Technology Two, Inc. - $15,000

Background: Businesses across the state of Kansas are feeling unprecedented pressures from the economic and health impacts of COVID-19. This situation calls for a strong and creative response from all of us.

The Department of Commerce is encouraging you to use CDBG Revolving Loan Fund monies in your account to assist small businesses with their need for working capital and to continue to employ their workers.

The Kansas Department of Commerce CDBG Program is allowing you IMMEDIATE use of your CDBG revolving fund monies to support the working capital needs of businesses in your community. Here are the terms:

1. Loans must be used for working capital. Working capital is defined as salaries and wages, purchase of inventory, utilities, rent, insurance payments, etc.;
2. The term of the loan shall be 3 years or less – the term is determined by the city/county;
3. The interest rate can be determined at the local level but must be less than 4%;
4. Money loaned, when re-paid, will be returned to your accounts;
5. City/county can provide financial assistance in the form of a grant rather than a loan, but be mindful that will reduce the amount in your CDBG Revolving Loan Fund account;
6. Complete the Job Certification Form to prove 51% of the persons impacted are LMI at retention;
7. Cities/Counties do NOT need to require matching funds;
8. Cities/Counties do NOT need to require collateral;
9. Maximum Loan is $35,000 per job retained;
10. We encourage minimal paperwork. Cities/counties should develop a one or two page application for the loan request from the business;
11. Job retentions will need a letter from the company/business attesting the company is either shut down or will be shut down due to COVID 19;
12. Public Notice of Fund Availability has been reduced to 24 hours. We will allow posting at City Hall, as well as local radio or tv.

The Development Corporation worked with Dodge City, Ford County and Spearville staff to set the rate and terms for each loan fund and promoted the availability of funds through social media and public announcements including an article in the Dodge City Daily Globe, video announcements and social media.

All the applications were reviewed by Great Plains Development and the City LRLF Review Committee consisting of Joann Knight, Gary Johnson and Nannette Pogue.

**Justification:** The funds available will help provide working capital to critical small businesses in our community that may have to close or lay off employees if they do not receive funding. All applicants meet the 51% Low to Moderate (LMI) requirements set by HUD. Following is the LMI of each applicant and a brief description of the COVID 19 impact on their business:

1. JIVA Inc./Executive Suites – 2.5 FTE which 100% meet LMI, Hotel sales have been severely reduced due to community facilities being closed and business travelers not coming to the community. Received $1,100 PPP and no response yet on EIDL. Requested $45,000, Review Committee recommends $15,000.
2. Protec Services – 3 FTE which 100% meet LMI, Pressure washer business for restaurants, cleaning exhaust vents and parking lots. Restaurants, nursing homes and schools are their primary customers and are not letting them in to clean due to being closed or cautious at this time. Has applied for EIDL and PPP but no response. Requested $25,000, Review Committee recommends $10,000.
3. Quick Bail Bonds/Insurance Express – 2 FTE which 100% meet LMI. Resubmitting request with more information. Jails are releasing inmates with no bonds and customers are not able to pay their insurance bills due to loss of job or decrease in hours. They have experienced a 45% loss in their insurance business and 25% in the bail bonds. They are applying for PPP but not heard anything back yet. Original request was for $35,000, Review Committee recommends $10,000.
4. Restoration LLC/Christian Brothers Construction – 12 FTE which 66.67% meet LMI. General Contractor performing design, remodel and construction services. Confirmed projects have been put on hold due to the economic climate in response to COVID-19. They have applied for both EIDL and PPP with no response yet. Requested $100,000, Review Committee recommends $25,000.

5. Sneak-A-Peak Imaging Studio – Owner is 1 FTE which 100% meets LMI. Imaging Studio has been closed since March 30th per shut down requirements. Business has lost all income. The funds will go to pay the monthly rent, utilities and other operating expenses until they can re-open. She has applied for PPP and EIDL with no response. Requested $5,000 though the minimum is $10,000. Review Committee recommends $5,000.

6. Technology Two, Inc. – 3 FTE which 66.67% meet LMI. Manage drug and alcohol testing for all DOT required authorities and also provide testing for many counties, cities and state facilities such as Fort Dodge, hospitals, medical centers and nursing home medical staff. Business has dropped by 50%. Submitted PPP on April 22nd and hasn’t heard back. Requested $30,000, Review Committee recommends $15,000.

**Financial Considerations:** The City of Dodge City currently has approximately $265,000 in the CDBG LRLF account. These loans meet the requirements and qualifications of the program. The total request was for $240,000. The Review Committee recommends a total approval of $80,000. The loan packages will be administered by Great Plains Development.

**Purpose/Mission:** Provide disaster relief funding to our local small businesses affected by COVID-19.

**Legal Considerations:** Each loan application will require a Determination of Letter of Review signed by Mayor Joyce Warshaw.

To: Cherise Tieben, City Manager  
From: Nicole May  
Date: April 30, 2020  
Subject: Approval of Special Assessment Proceedings – Wagon Wheel 2 Addition  
Agenda Item New Business

**Recommendation:** I recommend the City Commission approve the documents as presented which will accept the final costs for the Wagon Wheel 2 Addition Special Assessment improvements and the documents that will notice the public and property owners of a public hearing to be set at the May 18 City Commission meeting.

**Background:** The City Commission previously approved Resolution No. 2018-15 which authorized improvements to be special assessed in Wagon Wheel 2 Addition. The construction of the improvements are now complete and we have the final numbers to approve. The special assessment process includes approving the final costs of the project, approving the assessment rolls, setting a public hearing for any comments regarding the assessments and causing the City Clerk to post notice of the public hearing in the newspaper and sending notices to the property owners.

**Justification:** The special assessment proceedings are required by State Statute.

**Financial Considerations:** The costs of the project will be bonded later in the year. Currently we have financed the improvements with Temporary Notes.

**Purpose/Mission:** To expand the infrastructure and development in the City.

**Attachments:** Exhibit A – Statement of Final Costs, Exhibit B – Assessment Roll Certification, Exhibit C – Notice of Public Hearing (to be published in the newspaper), Exhibit D – Notice of Hearing and Statement of Costs Proposed to be Assessed (to be sent to property owner)
