ATTEST:

____________________________
Connie Marquez, City Clerk
Memorandum

To: City Manager
   City Commissioners
From: Corey Keller Public Works Director
Date: May 13, 2020
Subject: Ratification of Change Order #1 from Building Solutions and Victory Electrics Service Work Estimate for the New Recycle Building.
Agenda Item: Consent Calendar

Recommendation: To ratify adjustments to the original costs for the new recycle building previously approved by the Commission on January 20, 2020

Background: Change Order #1 from Building Solutions was presented to staff on May 5th. This change order includes parts and pieces of the building that could not be located during the inventory of the building. The building was placed on the ground in a lot south of the park shop during deconstruction. An inventory of the building parts was conducted during the bidding process to the best of the contractor’s ability at the time. Once the building was moved and counted in more detail it was determined that these parts and pieces were missing from the parts list. In order to offset the cost of the missing pieces, staff has decided to delete two canopy’s that were to be placed over windows on the front of the structure. The deduction of the canopies from the project is $16,800.00 and the cost of the missing parts is $13,357.30 leaving a credit of ($3,442.70) from the original contract price of $695,947.95.

On April 29, 2020 staff was presented with an estimate to place a pad mount electrical service from Victory Electric to provide electricity to the recycling building. The cost estimate for the new service is $20,574.97. Staff has researched other options to decrease the cost of the service but found no other alternative.

Justification: Both the Change Order #1 from Building Solutions and the cost estimate from Victory Electric were approved by the City Manager on May 7, 2020. Both purchases individually fall under the amount the City Manager can approve based on the City’s purchasing policy. However, ratification is needed from the Commission because both overall cost will increase the amount originally approved by Commission for staff to seek a reasonable loan to purchase the construction costs of the building. Both items will be critically necessary to complete the construction of the building.
**Financial Considerations** Both the Change Order #1 from Building Solutions and the cost estimate by Victory Electric will increase the original amount approved by Commission during the January 20, 2020 commission meeting. Staff will now need to seek a loan amount for $713,080.22 this will increase the original approved amount by $17,132.27

Memorandum

To: City Manager
   City Commissioners
From: Mollea Wainscott
   Special Projects/Housing
Date: 3/18/20
Subject: RHID
Agenda Item: Ordinance No. 3733

Recommendation: Staff recommends the approval of the Development Agreement between the City of Dodge City and Volz Builders. The second action required is the approval of Ordinance 3733 which includes approval of the Ordinance and the Development Plan.

Background: In 2010, the City staff began working with developers interested in building multi-family and single-family residential developments. Most developers were interested in utilizing the Rural Housing Incentive District program which provides assistance for various eligible costs such as infrastructure. The Volz Builders development will provide thirty-four (34) single-family residences with a market value of not less than $160,000.00 each. The proposed single-family units consist of three bedroom homes with garages comparable to the area.

Justification: Offering this incentive helps reduce the cost of construction for the developer which in turn allows projects to cash flow and become feasible. Without such incentives, projects appear to not cash flow in our market, deterring developers.

Financial Considerations: The County and the School District have no risk in this process; in addition, they would not have received the increment as the development would not have been feasible without the incentive. The City has minimal risk with this developer due to the issuances of general obligation bonds, and feel that the agreement lessens that risk. Should the developer not complete the full development, the developer will simply not receive the increment.

Purpose/Mission: We value progress, growth and new possibilities by providing and preparing for the community’s future.

Legal Considerations: None

Attachments: Development Agreement, Ordinance 3733 and Development Plan.

To: Cherise Tieben City Manager
From: Nicole May
Date: May 14, 2020
Subject: Resolution No. 2020-14

Agenda Item: Ordinances and Resolutions

Recommendation: I recommend the approval of Resolution No. 2020-14

Background: A 6(a) petition has been submitted by Tim Volz for the City of Dodge City to make improvements in the Wagon Wheel Addition Unit 3. The improvements are for waterline and sewerline extension and service and streets, curb and gutter construction. The proposed resolution authorizes the City to make the improvements in the benefit district and specially assess the costs of those improvements back to the property owner over a 15 year period. The City’s current development policy allows special assessments as a financing tool for development projects. This area is a part of a RHID (Rural Housing Incentive District).

Justification: To assist the developer in residential development and promote affordable housing.

Financial Considerations: The City will issue temporary notes/GO bonds to cover the costs of the improvements and the bond payments will be made through special assessments to the benefit district and the increment property taxes in the RHID will go to pay back the special assessments.

Purpose/Mission: To assist in residential development in Dodge City.

(the "Act"); and

WHEREAS, the governing body of the City hereby finds and determines that said Petition was signed by the owners of record of more than one-half of the area liable for assessment for the proposed improvements, and is therefore sufficient in accordance with the provisions of the Act.

THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE DODGE CITY, KANSAS:

Recommendation: I recommend the approval of Resolution No. 2020-15

Background: Boot Hill Museum is submitting a petition to create the Boot Hill Community Improvement District and authorize the proposed CID project. The petition is to add a 1% sales tax at the Boot Hill Museum location and the Boot Hill Resource Center location. In 2019, Boot Hill Museum purchased the former Chamber/Development Corp office and would use the proceeds of the CID to pay the outstanding note with the Development Corporation. The balance of the note is $120,000. The petition is on file in my office and is an exhibit to the Resolution. The resolution sets a public hearing for June 15, 2020 and provides for notice of the public hearing. The resolution also restates the general nature of the proposed project, the estimated cost of the project, the proposed methods of financing, and a proposed 1% CID sales tax.

Justification: The Community Improvement District is an economic development tool authorized by the State of Kansas that allows eligible construction costs to be reimbursed to the developer. The additional sales tax collected in the improvement district is the only amount reimbursed to the developer.

Purpose/Mission: We value progress and business growth for the community.

Memorandum

To: City Manager
   City Commissioners
From: Corey Keller, Public Works Director
Date: May 13, 2020
Subject: Approval to Execute the FAA CARES Act Grant Offer
Agenda Item: New Business

Recommendation: To authorize Cherise Tieben, Corey Keller, and Brad Ralph to execute the FAA CARES Act grant offer 3-20-0017-033-2020 for $69,000.00

Background: The CARES Act provided approximately $10 billion to support U.S. airports experiencing severe economic disruption caused by the COVID-19 public health emergency. Since around mid-March the Airport has seen a drastic reduction in enplanements. Current estimates based on last year’s numbers show that the reduction of passengers using the Airport are over 500 for the months of March and April and we expect that this number will continue to grow throughout this year. Prior to the start of the pandemic we were seeing record passenger counts exceeding all previous years.

Justification: At this time it is not known what the actual economic impact of this health emergency will be to Airports. Prediction reports estimate that demand for air travel may not return until the end of June or July and possibly beyond. The funds made available for this grant will help assist the Airport in the loss of revenue. The funds can be used for any purpose for which airport revenues may be lawfully used. In this case staff plans to utilize the funds to offset payrole costs and other operational costs.

Financial Considerations: The grant will reimburse the City with Federal funds up to $69,000.00 for loss of revenues that occurred to the airport during COVID-19 Pandemic.

Legal Considerations: Legal has reviewed the grant offer and is in agreeance.

Attachments: A copy of the FAA CARES act grant offer.
April 30, 2020

Mr. Corey Keller  
Airport Manager  
Dodge City Regional Airport  
806 2nd Ave  
Dodge City, KS 67801

Dear Mr. Keller:

Please find the following electronic CARES Act Grant Offer, Grant No. 3-20-0017-033-2020 for Dodge City Regional Airport. This letter outlines expectations for success. Please read and follow the instructions carefully.

To properly enter into this agreement, you must do the following:

a. The governing body must provide authority to execute the grant to the individual signing the grant; i.e. the sponsor’s authorized representative.

b. The sponsor’s authorized representative must execute the grant, followed by the attorney’s certification, no later than June 1st, in order for the grant to be valid.

c. You may not make any modification to the text, terms or conditions of the grant offer.

d. The grant offer must be digitally signed by the sponsor’s legal signatory authority and then the grant offer will be automatically routed via email to the sponsor’s attorney. Once the attorney has digitally attested to the grant, the FAA will email a copy of the executed grant to all parties.

Subject to the requirements in 2 CFR §200.305, each payment request for reimbursement under this grant must be made electronically via the Delphi elInvoicing System. Please see the attached Grant Agreement for more information regarding the use of this System. The terms and conditions of this agreement require you drawdown and expend these funds within four years.

An airport sponsor may use these funds for any purpose for which airport revenues may be lawfully used. CARES grant recipients should follow the FAA’s Policy and Procedures Concerning the Use of Airport Revenues (“Revenue Use Policy”), 64 Federal Register 7696 (64 FR 7696), as amended by 78 Federal Register 55330 (78 FR 55330). The Revenue Use Policy defines permitted uses of airport revenue. In addition to the detailed guidance in the Revenue Use Policy, the CARES Act states the funds may not be used for any purpose not related to the airport,
With each payment request you are required to upload directly to Delphi:
- An invoice summary, even if you only paid a single invoice, and
- The documentation in support of each invoice covered in the payment request.

For the final payment request, in addition to the requirement listed above for all payment requests, you are required to upload directly to Delphi:
- A final financial report summarizing all of the costs incurred and reimbursed, and
- An SF-425, and
- A narrative report.

The narrative report will summarize the expenses covered by the CARES Act funds and state that all expenses were in accordance with the FAA’s Policy and Procedures Concerning the Use of Airport Revenues and incurred after January 20, 2020.

As a condition of receiving Federal assistance under this award, you must comply with audit requirements as established under 2 CFR Part 200. Subpart F requires non-Federal entities that expend $750,000 or more in Federal awards to conduct a single or program specific audit for that year. Note that this includes Federal expenditures made under other Federal-assistance programs. Please take appropriate and necessary action to assure your organization will comply with applicable audit requirements and standards.

Once you have drawn down all funds and uploaded the required documents to Delphi, please email me to close the grant. I am readily available to assist you and your designated representative with the requirements stated herein. We sincerely value your cooperation in these efforts.

Sincerely,

Jason Knipp
Kansas State Planner
