AG CMB Corporate Application (Rev. 10.25.17)
Memorandum

To: City Manager, City Commissioners
From: Mollea Wainscott, Assistant Director of Economic Development
Date: 12/7/20
Subject: RHID
Agenda Item: Ordinance No. 3749

Recommendation: Staff recommends the approval of the Development Agreement between the City of Dodge City and Volz Builders, LLC. The second action required is the approval of Ordinance 3749 which includes approval of the Ordinance and the Development Plan.

Background: In 2010, the City staff began working with developers interested in building multi-family and single-family residential developments. Most developers were interested in utilizing the Rural Housing Incentive District program which provides assistance for various eligible costs such as infrastructure. Volz Builders, LLC development will provide thirty-nine (39) single-family residences with a market value of not less than $180,000.00 each. The proposed single-family units consist of three bedroom homes comparable to the area.

Justification: Offering this incentive helps reduce the cost of construction for the developer which in turn allows projects to cash flow and become feasible. Without such incentives, projects appear to not cash flow in our market, deterring developers.

Financial Considerations: The County and the School District have no risk in this process; in addition, they would not have received the increment as the development would not have been feasible without the incentives.

Purpose/Mission: We value progress, growth and new possibilities by providing and preparing for the community’s future.

Legal Considerations: None

Attachments: Development Agreement and Ordinance 3749,
ORDINANCE NO. 3749

ARTICLE II

RURAL HOUSING INCENTIVE DISTRICT

2.1 Preliminary Resolution. The Governing Body has heretofore adopted Resolution No. 2020-04 (the “Resolution”) on March 16, 2020, which made certain findings pursuant to the Rural Housing Incentive District Act, relative to the need for housing in the City and declaring an intent to establish Rural Housing Incentive Districts within the City, which would include the Property.

2.2 Department of Commerce Finding. Pursuant to the Resolution, the City caused to be prepared a Housing Needs Analysis and forwarded the same, along with the Resolution, to the Kansas Secretary of Commerce. On April 10, 2020, the Kansas Secretary of Commerce issued a letter to the City making certain findings required by the Rural Housing Incentive District Act, and approved the City’s ability to establish a Rural Housing Incentive District.

2.3 Further Proceedings Regarding Special Assessments. Developer has petitioned the City for special assessment financing for infrastructure improvements as reflected in Exhibit D. Said special assessment charges will be eligible costs to be paid by Rural Housing Incentive District incremental proceeds.

2.4 Further Proceedings Regarding the Rural Housing Incentive District Act. The City has caused to be prepared a Development Plan in accordance with the provisions of the Rural Housing Incentive District Act, adopted a resolution calling a public hearing relative to such Development Plan, conducted a public hearing, and will pass an Ordinance approving the Development Plan, this Agreement, establish a Rural Housing Incentive District that includes the Property and adopt a Resolution establishing a benefit district for the financing of certain internal improvements within the Property. The Rural Housing Incentive District will be deemed to be established at the time said Ordinance is passed by the Governing Body. The Parties acknowledge that the creation of the Rural Housing Incentive District is subject to nullification in the manner set forth in K.S.A. 12-5246.

ARTICLE III

CONSTRUCTION OF THE PROJECT AND INTERNAL INFRASTRUCTURE IMPROVEMENTS

3.1 Development Project Construction Schedule. The Developer shall commence construction of the Development Project and Public Improvements within the Development Area, not more than sixty (60) days after the Rural Housing Incentive District ordinance is passed by the Governing Body. The Developer will diligently pursue Substantial Completion of the Development Project.
a Modifications to the Development Project. The Parties acknowledge that due to economic conditions the scope of the Development Project and the amount of real estate included within any Development Area may be modified prior to and/or during the construction of such Development Project. Developer shall notify the City at least thirty (30) days in advance of any proposed Material Change of the Development Project or Development Area, as well as the factual basis necessitating the proposed Material Change.

b The Developer will review and approve all plans, including the placement of infrastructure. It will be the responsibility of the developer to pay for any changes in the plans after they have been approved.

3.2 Construction of the Development Project. The Developer shall construct the Development Project in a good and workmanlike manner in accordance with the terms of this Agreement and as set forth in the Construction Plans, on file at City Hall.

3.3 Concept Site Plan. The Developer, in coordination with the City, has had prepared a Concept Site Plan and the same is hereby approved by the Parties. Either party shall promptly notify the other in writing of any proposed Material Changes to the Concept Site Plan at least thirty (30) days prior to the implementation of any such Material Change, including a description of the Material Change and reasons therefore. During the progress of the Work, the Developer may make changes to the Concept Site Plan or any aspect thereof as site conditions or other issues of feasibility may dictate or as may be necessary or desirable in the sole determination of the Developer to enhance the economic viability of the Development Project provided, however, that the Developer may not make any Material Changes to the Public Improvements or reduce the number of Units on the Concept Site Plan without the advance written consent of the City.

3.4 Construction Public Improvements. The Developer and the City shall be financially responsible for the Public Improvements as delineated on Exhibit D. The Developer shall allow the City to contract with and direct the work of an agreed upon contractor to construct portions of the Public Improvements. The Developer and the City shall assure that their respective Public Improvements are completed in a good and workmanlike manner in accordance with the Plans and Specifications approved by the City consistent with the construction of the Development Project so that the Substantial Completion of the Public Improvements associated with the Development Project shall be completed on or before Substantial Completion of the Development Project.

a Acquisition of Easements, Permits. The Developer is responsible for securing any rights-of-way and/or easement rights from private parties necessary to improve or build the External or Internal Infrastructure Improvements and the City will cooperate with the Developer with respect to any such acquisition. All costs associated with the acquisition of rights-of-way and/or easements shall be
considered a Project Cost. The City shall cooperate with the Developer in obtaining all necessary permits for construction of the Internal Infrastructure Improvements.

b Construction Contracts; Insurance. Each party may enter into one or more construction contracts to complete the Work for the Public Improvements. Prior to the commencement of construction of the Public Improvements, each Party shall obtain or shall require that any such contractor obtains workers’ compensation, comprehensive public liability and builder’s risk insurance coverage as provided in Section 5.8 hereof and shall deliver evidence of such insurance to the City. Each Party shall require that the insurance required is maintained by any such contractor for the duration of the construction of the Public Improvements or part thereof, if such contract relates to less than all of the Internal Infrastructure Improvements. If the Developer serves as general contractor for the Internal Infrastructure Improvements, the Developer shall not charge more for such services than a third-party contractor would customarily charge for such services.

c Certification of Substantial Completion. Promptly after Substantial Completion of the Work with respect to the Public Improvements, or a phase thereof, in accordance with the provisions of this Agreement, the Developer will furnish to the City a Certificate of Substantial Completion in the form attached hereto as Exhibit E. The City shall, within thirty (30) days following delivery of each Certificate of Substantial Completion, carry out such inspections as it deems necessary to verify reasonable satisfaction with, and the accuracy of, the certifications contained in each Certificate of Substantial Completion. Each Certificate of Substantial Completion shall be deemed accepted by the City unless, prior to the end of such thirty (30) day period after delivery to the City of each Certificate of Substantial Completion, the City furnishes to the Developer with specific written objections to the status of the Work, describing such objections and the measures required to correct such objections in reasonable detail. At Substantial Completion of the Public Improvements, the Developer will dedicate to the City, and the City will accept, title to the Internal Infrastructure Improvements designated on Exhibit D. Following said dedication, the City will be responsible, at its sole cost and expense, for all operating and capital costs for the dedicated Internal Infrastructure Improvements from that date forward, and shall maintain the dedicated Internal Infrastructure Improvements in a manner consistent with similar public improvements in the City. Notwithstanding the foregoing, the Developer may, at its sole discretion and expense, enhance the maintenance or operation of the Internal Infrastructure Improvements for the betterment of the Development Project.

ARTICLE IV

FINANCING OBLIGATIONS
4.1 Financing of Public Improvements. The costs of the Public Improvements shall be allocated between the Developer and the City as set out in Exhibit D. The City shall deposit the amounts received by the City, pursuant to K.S.A. 12-5250(b)(2)(A) (the “Increment”) in a special assessment bond obligation account (the “Assessment Account”). Funds from said Assessment Account shall be used to pay all or a portion of the principle and interest on the Bonds and to reimburse the Developer for any or a portion of other eligible costs of Internal Infrastructure Improvements not covered by the Bonds.

a Funds from the Assessment Account shall be accrued and disbursed in accordance with the following guidelines and in the time and manner following:

i The Developer shall be responsible for and shall upon request reimburse the City for any and all funds advanced by the City from accounts other than the Assessment Account and applied to payment of principle and interest on said Bonds. Said reimbursement if requested shall be made by the Developer within thirty (30) days of receipt from the City of written request for payment accompanied by documentation of such advance payments;

ii The City shall apply the Increment payments received (1) to reimbursement to the City of any non-reimbursed advanced Bond payments; (2) to a Bond payment reserve in an amount equal to two annual Bond payments; (3) to annual Bond payments currently due; and (4) to reimbursement to the Developer for payments made by the Developer pursuant to paragraph (1) above to reimburse the City for advance payments made by the City, and/or to reimburse the Developer for other eligible Internal Infrastructure Improvement costs incurred by the Developer and not paid from the Bond proceeds.

iii Once all Bond obligations have been fully paid and all reimbursable costs to the Developer have been fully satisfied and the Project completed the Assessment Account shall be closed and all future Increments shall be disbursed pursuant to the provisions of K.S.A. 12-5250(b)(2)(B).

b Payments due to the Developer, if any, shall be made within thirty (30) days following the annual Bond Payment by the City beginning in 2020 and continuing until such time as the General Obligation Bonds and eligible Developer Financed Project Costs in accordance with Exhibit D have been fully reimbursed to the Developer, but not to exceed twenty-five (25) years from the date of the establishment of the Rural Housing Incentive District. City shall have no liability and/or responsibility to the Developer for any payment greater than the amounts received from the Ford County Treasurer as mandated in K.S.A. 12-5250(b)(2)(A). The Developer shall be responsible for any bond payment or portion thereof not covered by the payment made from the Assessment Account.

ARTICLE V
GENERAL PROVISIONS

5.1 City’s Right to Terminate. In addition to all other rights of termination as provided herein, the City may terminate this Agreement at any time if the Developer defaults in or breaches any material provision of this Agreement and fails to cure such default or breach within thirty (30) days after receipt of written notice from the City of such default or breach.

5.2 Developer’s Right to Terminate. In addition to all other rights of termination as provided herein, the Developer may terminate this Agreement at any time if the City defaults in or breaches any material provision of this Agreement (including any City default under Article IV hereof) and fails to cure such default or breach with thirty (30) days after receipt of written notice from the Developer of such default or breach.

5.3 Successors and Assigns.

a This Agreement shall be binding on and shall inure to the benefit of the Parties named herein and their respective heirs, administrators, executors, personal representatives, agents, successors and assigns.

b Without limiting the generality of the foregoing, all or any part of the Property or any interest therein may be sold, transferred, encumbered, leased, or otherwise disposed of at any time, and the rights of the Developer named herein or any successors in interest under this Agreement or any part hereof may be assigned at any time before, during or after completion of the Development Project, whereupon the Party disposing of its interest in the Property or assigning its interest under this Agreement shall be thereafter released from further obligation under this Agreement (although prior to Substantial Completion of the Improvements to such Property so disposed of or to which such interest pertains shall remain subject to the terms and conditions of this Agreement); provided, however, that the buyer, transferee or assignee shall be financially solvent as demonstrated to the City.

c Until Substantial Completion of the Development Project has occurred, the obligations of the Developer under this Agreement may not be assigned in whole or in part without the prior written approval of the City, which approval shall not be unreasonably withheld, conditioned, or delayed upon a reasonable demonstration by the Developer of the proposed assignee’s experience and financial capability to undertake and complete all portions of the Work with respect to the Development Project, all in accordance with this Agreement. Notwithstanding the foregoing, the Developer may be permitted to subcontract the construction of any portion of the Development Project except for Public Improvements without the consent of City as long as the Developer remains liable therefore hereunder. Notwithstanding anything herein to the contrary, the City hereby approves, and no prior consent shall be required in connection with, (a) the
right of the Developer to encumber or collaterally assign its interest in the Property or any portion thereof or any interest in this Agreement to secure loans, advances or extensions of credit to finance or from time to time refinance all or any part of the Development Project Costs, or the right of the holder of any such encumbrance or transferee of any such collateral assignment (or trustee or agent on its behalf) to transfer such interest by foreclosure or transfer in lieu of foreclosure under such encumbrance or collateral assignment; (b) the right of the Developer to assign the Developer’s rights, duties and obligations under this Agreement to a Related Party; or (c) the right of the Developer to sell or lease individual portions of the Property in the ordinary course of the development of the Development Project; provided that in each such event the Developer named herein shall remain liable hereunder for the Substantial Completion of the Development Project, and shall be released from such liability hereunder only upon Substantial Completion of the Development Project.

5.4 Remedies. Except as otherwise provided in this Agreement and subject to the Developer’s and the City’s respective rights of termination, in the event of any breach of any term or condition of this Agreement by either Party, or any successor, the breaching Party (or successor) shall, upon written notice from the other Party specifying such claimed breach, proceed immediately to cure or remedy such breach, and, shall, in any event, within thirty (30) days after receipt of notice, cure or remedy such default. If the breach shall not be cured or remedied, the aggrieved Party may hold the breaching Party in default of this Agreement and thereupon may institute such proceedings as may be necessary or desirable in its opinion to cure and remedy such default or breach, including, but not limited to proceedings to compel specific performance by the defaulting or breaching Party, withholding funds received pursuant to K.S.A. 12-5250(b)(2)(A) and/or repeal of the ordinance establishing the Rural Housing Incentive District. For purposes of this Section, no Party may be deemed in default of this Agreement unless and until it has received notice of any claimed breach and has been given an opportunity to cure the same. Prior to instituting any legal proceedings after an event of default has been noticed and no cure has occurred, the Parties agree to attempt to resolve the dispute through non-binding mediation. In the event such mediation is not successfully completed within forty-five (45) days following the expiration of any period for cure, the aggrieved Party may then immediately institute legal proceedings against the breaching Party.

5.5 Force Majeure. Neither the City nor the Developer nor any successor in interest shall be considered in breach or default of their respective obligations under this Agreement, and times for performance of obligations hereunder shall be extended in the event of any delay caused by force majeure, including, without limitation, damage or destruction by fire or casualty; strike; lockout; civil disorder; act of terror; war; restrictive government regulations; lack of issuance of any permits and/or legal authorization by any governmental entity necessary for the Developer to proceed with construction of the Work or any portion thereof, shortage or delay in shipment of material or fuel; acts of God; unusually adverse weather or soil conditions; unforeseen site conditions that render the site economically or physically
undevelopable (as a result of additional cost or delay), or any other cause or contingency similarly; or other causes beyond the Parties’ reasonable control, including but not limited to, any litigation, court order or judgment resulting from any litigation affecting the validity of this Agreement; provided that such event of force majeure shall not be deemed to exist as to any matter initiated or unreasonably sustained by the Developer, and further provided that the Developer notifies the City in writing within thirty (30) days of the commencement of such claimed event of force majeure.

5.6 Notices. Any notice, demand or other communication required by this Agreement to be given by either Party hereto to the other shall be in writing and shall be sufficiently given or delivered if dispatched by certified United States first-class mail, postage prepaid, or delivered personally,

5.7 Conflict of Interest. No member of the Governing Body or any branch of the City’s government who has any power of review or approval of any of the Developer’s undertakings, or of the City’s contracting for goods or services for the Development, shall participate in any decisions relating thereto which affect that member’s personal interests or the interests of any corporation or partnership in which that member is directly or indirectly interested. Any person having such interest shall immediately, upon knowledge of such possible conflict, disclose, in writing, to the Governing Body the nature of such interest and seek a determination by the Governing Body with respect to such interest and, in the meantime, shall not participate in any actions or discussions relating to the activities herein proscribed. The City represents to the Developer that no such conflicts of interest exist as of the date hereof.
5.8 Insurance; Damage or Destruction of Development Projects.

a The Developer will cause there to be insurance coverage as hereinafter set forth at all times during the process of constructing the Work and, from time to time at the request of the City, shall furnish the City with proof of payment of premiums on:

i Builder’s Risk insurance, written on the so-called “Builder’s Risk—Completed Value Basis,” in an amount equal to one hundred percent (100%) of the insurable value of the Work at the date of completion, and with coverage available in non-reporting form on the so-called “all risk” form of policy. The interest, if any, of the City shall be protected in accordance with a clause in form and content satisfactory to the City; and,

ii Comprehensive general liability insurance (including operations, operations of subcontractors, completed operations and contractual liability insurance) together with an owner’s contractor’s policy, with limits against bodily injury and property damage of not less than Five Million Dollars ($5,000,000.00) for all claims arising out of a single accident or occurrence and Two Million Dollars ($2,000,000.00) for any one person in a single accident or occurrence (to accomplish the above required limits, an umbrella excess liability policy may be used); and

iii Workers compensation insurance, with statutorily required coverage.

b The policies of insurance required pursuant to clauses (i) and (ii) above shall be in form and content reasonably satisfactory to the City and shall be placed with financially sound and reputable insurers licensed to transact business in the State of Kansas with a general policy holder’s rating of not less that A- and a financial rating of A- as rated in the most current available “Best’s” insurance reports. The policy of insurance delivered pursuant to clause (i) above shall contain an agreement of the insurer to give not less than thirty (30) days advance written notice to the City in the event of cancellation of such policy or change affecting the coverage thereunder. All policies of insurance required pursuant to this Section shall name City as an additional insured. The Developer shall deliver to the City evidence of all insurance to be maintained hereunder.

5.9 Inspection. The Developer shall allow authorized representatives of the City access to the Work site from time to time upon reasonable advance notice, which notice is in accordance with its normal practices with respect to inspection of construction projects in the City, prior to the completion of the Work for reasonable inspection thereof. The Developer shall also allow the City and its employees, agents and representatives to inspect, upon request, all architectural, engineering, demolition, construction and other contracts and documents pertaining to the construction of the Work as the City determines is reasonable and necessary to verify the Developer’s compliance with the terms of this Agreement.
5.10 **Choice of Law.** This Agreement shall be deemed to have been fully executed, made by the Parties in, and governed by the laws of State of Kansas for all purposes and intents.

5.11 **Entire Agreement: Amendment.** The Parties agree that this Agreement and the Development Plan constitute the entire agreement between the Parties and that no other agreements or representations other than those contained in this Agreement have been made by the Parties. This Agreement shall be amended only in writing and effective when signed by the authorized agents of the Parties.

5.12 **Counterparts.** This Agreement is executed in multiple counterparts, each of which shall constitute one and the same instruments.

5.13 **Severability.** If any term or provision of this Agreement is held to be unenforceable by a court of competent jurisdiction, the remainder shall continue in full force and effect, to the extent the remainder can be given effect without the invalid provision.

5.14 **Representatives Not Personally Liable.** No elected or appointed official, agent, employee or representative of the City shall be personally liable to the Developer in the event of any default or breach by any Party under this Agreement, or for any amount which may become due to any Party or on any obligations under the terms of this Agreement.

5.15 **Legal Actions.** If a third party brings an action against the City, or any officials, agents, employees or representatives thereof contesting the validity or legality of any of the terms of this Agreement, or the ordinance approving this Agreement, the Developer may, at the Developer’s option but only with the City’s consent, assume the defense of such claim or action (including, without limitation, to settle or compromise any claim or action for which the Developer has assumed the defense) with counsel of the Developer’s choosing. The Parties expressly agree that so long as no conflicts of interest exist between them, the same attorney or attorneys may simultaneously represent the City and the Developer in any such proceeding; provided, the Developer and its counsel shall consult with the City throughout the course of any such action and Developer shall pay all reasonable and necessary costs incurred by City in connection with such action. If such defense is assumed by Developer, all costs of any such action incurred by City shall be promptly paid by Developer. If City refuses to permit Developer to assume the defense of any action, then costs incurred by City shall be paid by City.

5.16 **Release and Indemnification.** The indemnifications and covenants contained in this Section shall survive termination or expiration of this Agreement and shall be specifically subject to the limitation of subsection 5.16(g) of this Agreement.

   a Notwithstanding anything herein to the contrary, City and its Governing Body members, officers, agents, servants, employees and independent contractors shall
not be liable to the Developer for damages or otherwise in the event that any ordinance, order or resolution adopted in connection with this Agreement is declared invalid or unconstitutional in whole or in part by the final (as to which all rights of appeal have expired or have been exhausted) judgment of any court of competent jurisdiction, and by reason thereof either City is prevented from performing any of the covenants and agreements herein or Developer is prevented from enjoying the rights and privileges hereof.

b The Developer releases from, agrees to indemnify and hold harmless the City, its Governing Body members, officers, agents, servants and employees against, and covenants and agrees that the City and its Governing Body members, officers, agents, servants, employees and independent contractors shall not be liable for, any loss or damage to property or any injury to or death of any person occurring at or about or resulting from any defect in the acquisition of the Property or construction of the Work including any and all claims arising from the acquisition of the Property, including, but not limited to, location of hazardous wastes, hazardous materials or other environmental contaminants on the Property, including all costs of defense, including attorney fees, except for those matters arising out of the willful and/or wanton negligence of the City and its Governing Body members, officers, agents, servants and employees.

c The City and its Governing Body members, officers, agents, servants and employees shall not be liable for any damage or injury to the persons or property of the Developer or its officers, agents, servants or employees or any other person who may be about the Property or the Work except for matters arising out of the willful and/or wanton negligence of the City and its Governing Body members, officers, agents, servants and employees.

d All covenants, stipulations, promises, agreements and obligations of the City contained herein shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the City and not of any of its Governing Body members, officers, agents, servants or employees in their individual capacities.

e No official, employee or representative of the City shall be personally liable to the Developer in the event of a default or breach by any Party to this Agreement.

f The Developer releases from and covenants and agrees that the City, its Governing Body members, officers, employees, agents and independent contractors shall not be liable for, and agrees to indemnify and hold the City, its Governing Body members, officers, employees, agents and independent contractors, harmless from and against any and all suits, interest, claims and cost of attorney fees incurred by any of them, resulting from, arising out of, or in any way connected with: (1) the Development Project or its approval, (2) the construction of the Work, (3) the negligence or willful misconduct of the Developer, its employees, agents or independent contractors in connection with the management, development, and construction of the Work, (4) the compliance
by the Developer with all applicable state, federal and local environmental laws, regulations, ordinances and orders, (5) underground storage tanks located on or about the Property, (6) friable asbestos or asbestos-containing materials at, on or in the Property, (7) the operation of all or any part of the Property, or the condition of the Property, including, without limitation, any environmental cost or liability, or (8) negotiations, inspections, acquisitions, preparations, construction, leasing, operations, and other activities of the Developer or its agents in connection with or relating to the Development Project or the Property; except that the foregoing release and indemnification shall not apply in the case of such liability arising directly out of the willful and/or wanton negligence of the City or its authorized Governing Body members, officers, employees and agents or which arises out of matters undertaken by the City following termination of this Agreement as the Development Project or portion thereof.

g Notwithstanding anything to the contrary in this Agreement, including but not limited to the provisions related to indemnification and release set out in this Section, the Developer shall have no obligation to indemnify the City, or any other Party referenced in this Agreement, unless the claim for which indemnity is sought is actually covered by the insurance required by Section 5.8 of this Agreement and the Developer shall hereby be released for any and all claims otherwise referenced in this Section that are not actually covered by the insurance policies required by Section 5.8 of this Agreement.

5.17 Cost of the Legal Fees. Upon execution of this Agreement Developer shall reimburse the City for all legal and professional costs, fees and expenses incurred by the City with regard to the preparation of this Agreement and any and all other Ordinances, Resolutions or other documents necessary for implementation of the Rural Health Incentive District as well as for representation and appearances of legal counsel at any hearings or proceedings required to implement the Rural Housing Incentive District or the Project. All such reimbursement paid by the Developers shall be considered Project Costs.

5.18 Survival. Notwithstanding the expiration, termination or breach of this Agreement by either Party, the agreements contained in Section 5.16 of this Agreement shall, except as otherwise expressly set forth herein, survive such expiration, termination or breach of this Agreement by the Parties hereto.

Memorandum

To: Nick Hernandez, City Manager and City Commissioners
From: Ray Slattery, PE, Director of Engineering Services
Date: December 2, 2020
Subject: Resolution 2020-29 – Boundary Resolution Describing the City Limits of the City of Dodge City
Agenda Item: Ordinances and Resolutions

Recommendation: Approve Resolution 2020-29, the 2020 Boundary resolution of the City of Dodge City

Background: Each year the City must adjust the boundary resolution that describes the City Limits of the City to account for any additional lands that had been annexed in the past year or correct any errors found in the description. The changes to the boundary are as follows.

- Casa Del Rio Sub-Division
- North 30’ of the Iron Rd. Right-of-Way from 6th Ave. to Ave. A
- Right-of-way for the Barbara Rd. Extension from the Wagon Wheel #2 sub-Division to Frontview St.

These three properties were annexed into the City. A change was also made to the boundary description in reference to the Wagon Wheel #2 and #3 sub-divisions. Wagon Wheel #3 plat was approved this past year, but didn’t add any land to the City as it was fully contained in what was the Wagon #2 Sub-Division. However, the plat name and boundary needed to be updated.

Justification: Each year that territory has been added to or excluded from the City, the City is required by KSA 12-517 to adjust the City’s boundary by resolution.

Financial Considerations: None

Purpose/Mission: The City is responsible for following State laws. By updating our boundaries, we have identified what properties should be served by the City and can plan for the long-term improvements to those areas.

Legal Considerations: The City is obligated under state statute to update the boundary of the City.

Attachments: Boundary Resolution and map showing the additions to and current boundary of the City.

Connie Marquez, City Clerk
Memorandum

To: Nick Hernandez, City Manager and City Commissioners
From: Ray Slattery, PE, Director of Engineering Services
Date: December 1, 2020
Subject: Approval of quote for Infrastructure Improvements for Candletree #6
Agenda Item: New Business

Recommendation: Approve the proposal from Klotz Sand Co., Inc. for the construction of the Infrastructure Improvements for the Candletree #6 Sub-Division in the amount of $1,249,233.33.

Background: The City has been working with the Developer of the Candletree #6 Sub-Division to develop the infrastructure plans for water, sewer, and streets to service this new development. This project will also be part of the RHID Program. The Developer requested a quote for the construction of the infrastructure from the same contractor installing the infrastructure for the Wagon Wheel #3 Sub-Division since they were already working in the area.

Justification: It is necessary to have the infrastructure in place for this development to occur. Most of the lots/houses in the recent new developments have already been sold and the developer is needing to start this new Sub-Division to provide additional housing.

Financial Considerations: the construction of the infrastructure improvements of Candletree #6 will cost $1,249,233.33. Funding of this project will be through special Assessments via the RHID Program.

Purpose/Mission: The completion of this project will allow the developer to construct housing for our citizens.

Legal Considerations: By approving the quote from Klotz Sand Co., Inc., the City will enter a contract with Klotz Sand Co., Inc. and be responsible to make payments for the completed work.

Memorandum

To: City Commissioners
From: Joann Knight
Date: December 7, 2020
Subject: CDBG-CV Grant Fund Request
Agenda Item: New Business

Recommendation: Staff and Review Committee recommends approval of the following CDBG-CV Grants and requests the Mayor to sign the attached Determination of Level of Review for each applicant business and Request for Payment of CDBG Funds.

Cisco Plumbing LLC - $30,000
Panderia Arcoiris LLC - $8,971.72

Background: The COVID-19 pandemic has resulted in a tremendous strain on many small businesses. The City of Dodge City and the Dodge City/Ford County Development Corporation have worked tirelessly to assist our businesses with local, state and federal assistance programs like the Payroll Protection Program, Economic Injury Disaster Loan, local revolving CDBG loans, and other local grants. The City of Dodge City awarded over $400,000 in CDBG revolving loan funds. Since the current revolving loan funds have been depleted, the City applied for and was awarded $132,000 in CDBG-CV funds to be granted out to qualifying businesses.

All the applications were reviewed and certified by Great Plains Development and the City CDBG Review Committee consisting of Joann Knight, Gary Johnson and Nannette Pogue.

Justification: The funds available will reimburse working capital to critical small businesses in our community. All applicants meet the 51% Low to Moderate (LMI) requirements set by HUD. Following is the LMI of each applicant and a brief description of the COVID 19 impact on their business:

1. Cisco Plumbing LLC – 6.25 Full-time equivalent employees of which 6.25 or 100% meet the LMI requirement of the fund. COVID-19 caused businesses to close their doors to customers, which stopped them from needing plumbing repairs. Customers also stopped remodeling their homes and are only doing emergency repairs. 1st Quarter revenue was $43,000 less than last year and 2nd quarter sales was $95,000 less.

2. Panderia Arcoiris LLC - 2.25 Full-time equivalent employees of which 2.25 or 100% meet the LMI requirement of the fund. Panderia closed it’s doors in April and May resulting in no revenue during the shut-down.
Financial Considerations: The City of Dodge City was awarded $132,000 in the CDBG-CV grant funds. These applications meet the requirements and qualifications of the program. The Review Committee recommends a total approval of $38,971.72.

Purpose/Mission: Provide disaster relief funding to our local small businesses affected by COVID-19.

Legal Considerations: Each grant application will require a Determination of Letter of Review signed by the Mayor.
