He presented Butler National’s goals, objectives, and their application for a casino in Dodge City. He asked for the City and County’s endorsement on the project. Commissioner Lembright moved to approve the Resolution to endorse Boot Hill Gaming/Butler National Service Corporation’s management application proposal, second by Commissioner Lee, vote 3-0, motion carried.

Ford County Commissioner Kim Goodnight moved to endorse Butler National Corporation’s application for a casino in Dodge City, second by John Schwaze. Vote 2-0.

Commissioner Lembright moved to adjourn the Joint City/County Meeting, seconded by Commissioner Lee, motion carried 3-0.
APPLICATION FOR LICENSE TO RETAIL CEREAL MALT BEVERAGES

Dodge City, Kansas, September 19, 2007

TO THE GOVERNING BODY OF THE CITY OF Dodge City, Kansas,
or
THE BOARD OF COUNTY COMMISSIONERS OF Ford County, Kansas.

GENTLEMEN—On behalf of the Boot Hill Museum, Inc.
corporation whose principal place of business is Front Street, Dodge City

and under authority of the resolution of the Board of Directors
of said corporation, I hereby apply for a license to retail cereal malt beverages in conformity with the laws of the State of Kansas and the rules and regulations prescribed and hereafter to be prescribed by you relating to the sale or distribution of cereal malt beverages on behalf of said corporation; for the purpose of securing such license, I make the following statements under oath:

1. The proposed license is to be issued to the corporation with principal place of business at
   Boot Hill Museum, Inc.

   The resident agent is
   ___________________________
   with offices at
   ___________________________

   Said corporation was incorporated on July 7, 1959
   A copy of the Articles of Incorporation are presently on file
   with the Register of Deeds of this County.
   Yes ( ), No ( ).

2. The following are the full and complete list of officers, directors, stockholders owning in the aggregate more than 25 percent of corporate stock, and managers of said corporation together with their position and address, age, date of birth, place of birth, method of acquiring United States citizenship—i.e., acquired by naturalization, date and place of naturalization, and the length of residence in the State of Kansas.

   ___________________________________________________________

   ___________________________________________________________

   ___________________________________________________________

   ___________________________________________________________

   ___________________________________________________________

3. The premises for which the license is desired are located at
   Front Street

   (a) The legal description of the premises is
   ___________________________________________________________

   (b) The street number is
   ___________________________________________________________

   (c) The building is described as
   _______________________________

   (d) The corporate business under the license will be conducted in the name of the corporation or in the following name:
   ___________________________________________________________

   ___________________________________________________________

4. The name and address of the owner or owners of the premises

   upon which the place of business is located is
   Boot Hill Museum, Inc.
   Front Street, Dodge City, KS

5. I hereby certify with regard to each of the persons named in number 2 above the following statements are true:

   (a) None of them has within the last two years from this date been convicted of
      (1) A felony
      (2) A crime involving moral turpitude
      (3) Drunkenness
      (4) Driving a motor vehicle while under the influence of intoxicating liquor,
      (5) Violation of any state or federal intoxicating liquor law
   If any of the above have been convicted of any of the above specified offenses, the details are set out hereinafter.

   (b) No manager, officer or director or any stockholder owning in the aggregate more than 25% of the stock of the corporation has been an officer, manager or director, or a stockholder owning in the aggregate more than 25% of the stock of a corporation which:
      (A) has had a retailer's license revoked under K.S.A. 41-2701
      and amendments thereto, or
      (B) has been convicted of a violation of The Drinking Establishment Act or the Cereal Malt Beverage Laws of the State.

6. The place of business will be conducted by the following manager or agent:

   Name: Lara Brown-Tobin
   Address: PO Box 1121
   Residence: 2410 S. 7th
   Length of residence within this city or county in which the application is being made: ___________________________
   Method of obtaining U.S. citizenship together with date of naturalization if such is the method: ___________________________

   Date and place of birth: 07/02/1962, Dodge City, KS

   I hereby certify that with regard to this above-named manager the statement contained in number 5 above is in every respect true. If not, the details are set out hereinafter.

7. This application is for a license to retail cereal malt beverages for consumption on the premises. 

   For a license to retail cereal malt beverages in original and unopened containers and not for consumption on the premises.

   A license fee of $250.00 is enclosed herewith.

B-316—Rev. 2/96—Approved by Attorney General’s Office—9/97

4005000400, INC. 1/01/00 KA015
on behalf of the above-named applicant, hereby agree to comply with all laws of the State of Kansas, and all rules and regulations prescribed, and hereafter to be prescribed by you, relating to the sale and distribution of cereal malt beverages, and do hereby agree to purchase all cereal malt beverages from a wholesaler, licensed and bonded under the laws of the State of Kansas, and do hereby further consent to the immediate revocation of the cereal malt beverage license issued pursuant to this application by the proper officials for the violation of any such laws, rules or regulations.

FROM:  Ray Slattery, P.E.

RE:    Installations of Traffic Cameras at First Ave. & Wyatt Earp Blvd.

With the completion of the Wyatt Earp Reconstruction project, it has become apparent that traffic flow along Wyatt Earp Blvd. could be improved with the installation of a Camera Detection System at the intersection of First Ave. & Wyatt Earp Blvd. Currently, the intersection is set on a timed recall to change the signals. With only the left turn lanes having detection loops to change the signal.

If detection cameras were installed, the intersection could be set to look at traffic entering the intersection and change accordingly, instead of the timer changing the signal. The intersections of 14th Ave., 4th Ave. and 2nd Ave. had the camera detection installed as part of the Wyatt Earp Reconstruction.

Unfortunately, when the intersection was reconstructed in the mid 90's the existing signal was left in place and the direct bury wire remains today. Because of this, a camera system cannot be installed unless this signal receives major modifications. New conduit would need to be bored under the streets, the camera system and controller modifications would also need to take place. The existing cabinet can be used because it was replaced a couple of years ago after being hit by a car.

Myself and Ron Riley, City electrician, have worked together to come up with an estimate to complete this signal improvement. We solicited quotes from the supplier that we use for signal parts and from a company that has done other boring jobs for us in the past. (See quotes attached)

The total cost to upgrade this intersection is approximately $26,000. Of this $17,250 is for the camera detection system and controller upgrades, $6,750.20 is for boring the new conduit under the streets, approximately $1,400 for new pull boxes, and the remaining $600 for repairing the landscaping and sprinkler system.
I would suggest funding this project from monies bonded for the Wyatt Earp Blvd. Reconstruction project. As it stands, it looks as if Wyatt Earp Blvd. Reconstruction Phase I will be about $150,000 under budget.

If you have any questions, please let me know. A decision on this needs to be made fairly quickly because the quotes are good for only 30 days. We would also like to get this project completed before winter weather sets in, if accepted.

TO: Joe Finley, P.E., Public Works Director

FROM: Ray Slattery, P.E.

RE: Installations of Traffic Cameras at Second Ave. & Trail St.

Currently, the 2nd Ave. & Trail St. intersection is set on timed recall to change the signals due to a detection loop being cut. A new loop could be cut into the concrete to fix this at a cost of approximately $4,000 or a Camera Detection System could be installed and the worry about detection loops breaking in the future would be eliminated. The camera system would also allow us to detect traffic at a greater distance without installing more loops or asking permission from the railroad to work near the tracks. It would also allow us greater flexibility in adjusting traffic flow thru this intersection.

The only modification to install the camera system would be to install the detection cameras and make some controller modifications.

Myself and Ron Riley, City Electrician, have worked together to come up with an estimate to complete this signal improvement. We solicited a quote from the supplier that we use for signal parts (See attached quote.).

The total cost to upgrade this intersection is approximately $17,250. $15,000 has been budgeted in the street program to improve a signal with cameras. Funds are available in the Special Streets Fund to cover the excess.

If you have any questions, please let me know. A decision on this needs to be made fairly quickly because the quote is only good for 30 days. We would also like to get this project completed before winter weather sets in, if accepted.

MEMO

TO: Ken Strobel, City Manager

FROM: Nannette Pogue 🍀

SUBJECT: Resolution No. 2007-17, Declaring it Advisable to Refund Bonds

While preparing to issue new G.O. Bonds for the 2007 street projects, the financial advisor reviewed all of the current bonds that we have outstanding to ascertain whether or not there were any savings. While conducting this review, it was apparent that the 2003 Series Water and Wastewater Revenue Bond issue would result in some significant savings over the life of the bonds. The initial review shows an approximate $800,000 present value savings. The Revenue Bonds would be converted to G.O. Bonds. Approximately $17,670,000 would be refunded. Converting the Revenue Bonds to G.O. Bonds would not go against our debt limit, nor would the City be required to reserve $1,673,000 for future debt service.

In order to accomplish this refunding, we are required to pass a resolution declaring it advisable to issue general obligation refunding bonds to refund outstanding waterworks and wastewater utility system revenue bonds. We are then required to publish this resolution for two consecutive weeks, then allow a 20 day protest period.

After this is complete we can issue these refunding bonds along with the new G.O. bonds for the street improvements.

I would recommend the approval of Resolution 2007-17 by the City Commission to complete this refunding process. If you have any questions or wish additional information, please let me know.
RESOLUTION NO. 2007-17

A RESOLUTION DECLARING IT ADVISABLE TO ISSUE GENERAL OBLIGATION REFUNDING BONDS OF THE CITY OF DODGE CITY, KANSAS, TO REFUND OUTSTANDING WATERWORKS AND WASTEWATER UTILITY SYSTEM REVENUE BONDS; AND PROVIDING FOR THE GIVING OF NOTICE OF SAID INTENTION OF THE CITY.

WHEREAS, K.S.A. 10-1211 provides that the City may issue general obligation bonds to refund any previous issue or part thereof of its outstanding utility system revenue bonds, including the principal amount thereof and all accrued interest outstanding thereon, if said revenue bonds are callable in accordance with their terms or the holders thereof are willing to surrender them to the City; provided that such general obligation bonds shall not be issued until a resolution adopted by the governing body stating the purpose for which such refunding bonds are to be issued, the total amount of refunding bonds proposed to be issued and the total cost to the City of the refunding project shall be published once a week for two consecutive weeks in the official newspaper of the City; after publication, such refunding bonds may be issued unless a petition requesting an election on the proposition signed by the electors equal in number to not less than 5% of the electors of the City who voted for the office of the secretary of state at the last preceding general election of such office is filed with the Clerk within twenty days following the last publication of such resolution; if such petition is filed, the proposition shall be submitted to the voters at an election called for such purpose and held within ninety days after the last publication of the resolution and no refunding bonds shall be issued until such proposition shall receive the approval of a majority of the votes cast thereon; and provided further that such general obligation refunding bonds shall not be issued unless (a) the total cost to the City on the general obligation refunding bonds, including the costs of issuance thereof, will not exceed the remaining interest cost to the City on the outstanding utility system revenue bonds to be refunded; (b) the anticipated revenues from the utility system are expected to be sufficient to retire such general obligation refunding bonds; and (c) the issuance of such general obligation refunding bonds is necessary to accomplish a comprehensive and orderly financing plan for the utility system; and

WHEREAS, the City of City of Dodge City, Kansas (the "City") currently operates a Waterworks and Wastewater Utility System (the "System"); and

WHEREAS, in order to repair, alter, extend, reconstruct, enlarge and improve the System or to refund bonds previously issued for such purpose, the City has heretofore issued pursuant to K.S.A. 10-1201 et seq., its Waterworks and Wastewater Utility System Revenue Bonds, which will be, as of December 1, 2007, outstanding and subject to redemption, as set forth below (the "Outstanding Bonds"):  

<table>

<td>12/01/2013</td>
</tr>
</tbody>
</table>

WHEREAS, the governing body of the City hereby finds and determines it to be advisable to refund the Outstanding Bonds by the issuance of general obligation refunding bonds in order to obtain a cost savings to the City, to restructure the debt service requirements for the System and authority to release the City from certain burdensome covenants contained in the legal documents relating to the Outstanding Bonds.
THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF DODGE CITY, KANSAS:

Section 1. Declaration of Intent. The estimated amount of funds necessary to refund the Outstanding Bonds is approximately $19,325,300. It is hereby deemed and declared to be necessary to issue general obligation refunding bonds of the City in an amount not to exceed $18,000,000 (the "Refunding Bonds") in order pay the estimated cost to refund the Outstanding Bonds, with the balance to be provided from available System funds. The total cost to the City on the Refunding Bonds, including the costs of issuance thereof, is expected to be approximately $6,820,000 and will not exceed the remaining interest cost to the City on the Outstanding Bonds ($7,633,061.32). The anticipated revenues from the System, or the portion thereof pledged to the Refunding Bonds, are expected to be sufficient to retire the Refunding Bonds. The issuance of the Refunding Bonds is necessary to accomplish a comprehensive and orderly financing plan for the System.

Section 2. Notice. Before such Refunding Bonds are issued, this Resolution shall be published once a week for two consecutive weeks in the official newspaper of the City. After publication, the Refunding Bonds may be issued unless a petition requesting an election on the proposition signed by the electors equal in number to not less than 5% of the electors of the City who voted for the office of the secretary of state at the last preceding general election of such office is filed with the Clerk within twenty days following the last publication of this Resolution. If such petition is filed, the proposition must be submitted to the voters at an election called for such purpose and held within ninety days after the last publication of this Resolution, and receive the approval of a majority of the votes cast thereon, before the Refunding Bonds may be issued. If no sufficient protest petition is filed with the Clerk within the period of time set forth above, the City may proceed to authorize the issuance of such Refunding Bonds.

Section 3. Further Authority. The Mayor, Clerk, the City Manager, the Director of Finance and the other officers and representatives of the Issuer, Stifel Nicolaus & Company, Inc. and Gilmore & Bell, P.C., bond counsel, are hereby authorized and directed to take such other action as may be necessary to carry out the intent of this Resolution.

[BALANCE OF PAGE INTENTIONALLY LEFT BLANK]
THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF
DODGE CITY, KANSAS:

Section 1. Declaration of Intent. The estimated amount of funds necessary to refund the
Outstanding Bonds is approximately $19,325,300. It is hereby deemed and declared to be necessary to issue
general obligation refunding bonds of the City in an amount not to exceed $18,000,000 (the "Refunding
Bonds") in order pay the estimated cost to refund the Outstanding Bonds, with the balance to be provided
from available System funds. The total cost to the City on the Refunding Bonds, including the costs of
issuance thereof, is expected to be approximately $6,820,000 and will not exceed the remaining interest cost
to the City on the Outstanding Bonds ($7,633,061.32). The anticipated revenues from the System, or the
portion thereof pledged to the Refunding Bonds, are expected to be sufficient to retire the Refunding Bonds.
The issuance of the Refunding Bonds is necessary to accomplish a comprehensive and orderly financing
plan for the System.

Section 2. Notice. Before such Refunding Bonds are issued, this Resolution shall be published
once a week for two consecutive weeks in the official newspaper of the City. After publication, the
Refunding Bonds may be issued unless a petition requesting an election on the proposition signed by the
electors equal in number to not less than 5% of the electors of the City who voted for the office of the
secretary of state at the last preceding general election of such office is filed with the Clerk within twenty
days following the last publication of this Resolution. If such petition is filed, the proposition must be
submitted to the voters at an election called for such purpose and held within ninety days after the last
publication of this Resolution, and receive the approval of a majority of the votes cast thereon, before the
Refunding Bonds may be issued. If no sufficient protest petition is filed with the Clerk within the period of
time set forth above, the City may proceed to authorize the issuance of such Refunding Bonds.

Section 3. Further Authority. The Mayor, Clerk, the City Manager, the Director of Finance and
the other officers and representatives of the Issuer, Stifel Nicolaus & Company, Inc. and Gilmore & Bell,
P.C., bond counsel, are hereby authorized and directed to take such other action as may be necessary to
carry out the intent of this Resolution.

TO: Ken Strobel  
City Manager

FROM: Joseph E. Finley, P.E.  
Director of Public Works

RE: Temporary Easement/Permanent Right of Way  
West Wyatt Earp Blvd. 14th Ave. – Matt Down Lane

Attached for your review and approval are two requests for payment to various property owners along Wyatt Earp Boulevard. As you recall several temporary easements and additional road rights of way are necessary to allow our contractor adequate access when replacing the pavement, sidewalks, and driveways along this section of Wyatt Earp Blvd. The property owners and amounts are shown in Exhibit A

Staff would recommend approval of this request. Should you have any questions, please let me know.

Subject: Purchase of Park Amenities

Attached for your consideration is an order confirmation from ABCreative for park amenities including the following:

Beeson Shelter. This is a joint project in which AMBUCS will fund 50% of the project in the amount of $2,276.00. It is the Park Department's goal to place permanent picnic tables in all of the park shelters. We were approached by AMBUCS of their interested in financially supporting the picnic table project. They have been an excellent partner in the improvements to the Beeson Arboretum Park.

Wright Park. The large playground area is currently receiving new surfacing material of recycled tire product. This is made possible as a result of the City being awarded a grant from the Kansas Department of Health & Environment to fund 50% of the match. To finish the playground area, a handicap picnic table and 2 park benches will be installed.

Homestead Park is scheduled for a new play structure as can be worked in by the staff. The surfacing material is also funded in part by the KDHE grant. As always, a picnic table and park bench is added to each park improvement.

Four of the trash receptacles will be installed at the band shell to finish out the project that will compliment the existing benches. The other two trash receptacles will be placed at the Wright Park playground.

All park benches and picnic tables are made of recycled plastic material. ABCreative has been the vendor since we began installing recycled plastic park amenities in 1997. It is in our best interest to remain with ABCreative to have a consistent product throughout the parks.

The remaining $11,485.00 cost will be taken from the recycling revenues. Please contact us if you need additional information.
