ADJOURNMENT
Memorandum

To: City Manager, City Commissioners
From: Mollea Wainscott, Assistant Director of Economic Development
Date: 08/24/2022
Subject: Neighborhood Revitalization Program
Agenda Item: Resolution No. 2022-31

Purpose: To promote and encourage commercial and residential development through the creation, rehabilitation, conservation, or redevelopment of designated areas in which there is a predominance of buildings or improvements which by reason of age, history, architecture, or significances should be preserved or restored to productive use.

Recommendation: Staff recommends adoption of Resolution 2022-31, which adopts a Unified Neighborhood Revitalization Plan.

Background: In 2009, the City adopted a Neighborhood Revitalization Program (NRP) and created a NRP district to provide developers and property owners the incentive to increase the value of their property in a designated area. Since the initial NRP district was created, the City has created five (5) additional districts. The adoption of this NRP will provide an incentive needed to entice developers to our area and encourage current property owners to invest in our community.

City Commission Options:
1. Approve
2. Disapprove
3. Table for further discussion

Financial Considerations: The taxing entities have no risk in this process; in addition, they would not have received the increment as the development would not have been feasible without the incentive.

Legal Considerations: None

Mission/Values: To provide adequate housing in order for the City to accommodate present and future growth.

Unified Neighborhood Revitalization Plan

September 6, 2022
Introduction

The purpose of this Unified Neighborhood Revitalization Plan (the “Unified Plan”) is to promote and encourage commercial and residential development through the creation, rehabilitation, conservation, or redevelopment of the designated areas in order to protect the public health, safety, or welfare of the residents of the City of Dodge City, Kansas. The Governing Body of the City of Dodge City has determined that the designated areas generally described previously as the Downtown District, Frontview District, Historic District, North Commercial District, Residential District, and South Commercial District, (as delineated in attachment A), and hereinafter referred to as the “Area”, are collectively a “Neighborhood revitalization area” as described in K.S.A. 12-17,115 (c)(3): an area in which there is a predominance of buildings or improvements which by reason of age, history, architecture, or significances should be preserved or restored to productive use.

In accordance with the provisions of K.S.A. 12-17,114, et. seq., the Governing Body has held public hearings and considered the existing conditions and alternatives with respect to the designated areas, the criteria and standards for a tax rebate and the necessity for interlocal cooperation among the other taxing units.

It is further understood that the Governing Body may declare a building outside of a Neighborhood revitalization area to be a “dilapidated structure” if the structure satisfies the definition set forth in K.S.A. 12-17,115(a).

Furthermore, the Governing Body of Dodge City has also determined that the creation, rehabilitation, conservation, or redevelopment of the Areas is necessary to protect the public health, safety, and welfare of the residents of the municipality as required by K.S.A. 12-17,116.

In accordance with K.S.A. 12-17,117, the components of the Unified Plan include:

Section (1) A legal description of the real estate forming the boundaries of the proposed area and a map depicting the existing parcels of real estate;

Section (2) the existing assessed valuation of the real estate in the proposed area, listing the land and building values separately;

Section (3) a list of names and addresses of the owners of record of real estate within the proposed area;

Section (4) the existing zoning classifications and district boundaries and the existing and proposed land uses within the proposed area;

Section (5) any proposals for improving or expanding municipal services within the proposed area including, but not limited to, transportation facilities, water and sewage systems, refuse collection, road and street maintenance, park and recreation facilities and police and fire protection;

Section (6) a statement specifying what property is eligible for revitalization and whether rehabilitation and additions to existing buildings or new construction or both is eligible for revitalization;

Section (7) the criteria to be used by the governing body to determine what property is eligible for revitalization;
Section (8) the contents of an application for a rebate of property tax increments authorized by K.S.A. 12-17,118, and amendments thereto;

Section (9) the procedure for submission of an application for a rebate of property tax increments authorized by K.S.A. 12-17,118, and amendments thereto;

Section (10) the standards or criteria to be used when reviewing and approving applications for a rebate of property tax increments authorized by K.S.A. 12-17,118, and amendments thereto;
