Smoking Ordinance: Ken Strobel presented information regarding various smoking bans passed in other cities in Kansas as well as other information. He asked City Commission for direction.

Commissioner Lee: Ordinance to be strict. This is a public health issue and his preference is a complete and total ban, and then make exceptions.

Commissioner Sherer: Strict as necessary.

Commissioner Lembright: If banning smoking in public places and/or work places wants to see the opportunity for designating a non-smoking area completely away from others.

Commissioner Sowers: Concerned about work place safety. He is in favor of disallowing smoking in public places, restaurants, etc. He is in favor of this as a starting point, but would like to see smoking banned in work places eventually.

Mayor Smoll: Hates government regulations, but feels that this issue needs consideration.

Ken Strobel will return with an Ordinance.

Upon completion of the design of the City of Dodge City's sewer improvement project, it was determined that a permanent and a temporary easement would need to be acquired. Upon completion of the legal descriptions of the property needed, the owner of record of Ford County Land & Cattle Company, Mr. George Herrmann, was sent the URA information to purchase the property on March 20, 2007.

The City and the grant administrator attempted to contact Mr. Herrmann numerous times regarding the purchase of the property. When he was finally available, Mr. Herrmann advised that his son Ronnie now takes care of all of the property and asked the grant administrator to contact him about the purchase. The URA information was forwarded to Ronnie Herrmann on June 6, 2007. An offer was mailed and accepted in July 2007 with the easements being purchased in August.

The design was completed and submitted to KDHE and KDOT for approval in April, 2007. KDOT notified the City that the plans for highway boring needed to be revised to meet their utility standards specifications. Approval of the revised plans was obtained in July 2007.

The City advertised for bid on October 8, 2007 with the construction bid being awarded on November 13, 2007. The pre-construction conference was conducted on December 6, 2007 with notice to proceed issued for January 14, 2008. The estimated completion date is April 12, 2008.

In order to complete construction of this project, conduct the required monitoring visits and close-out the grant, the City Commission of Dodge City is requesting a six month time extension.

TO: Ken Strobel, City Manager

FROM: Dennis Veatch, Development Services Director

RE: Request to rezone Lot 1, Block 2, Kirby Addition. This property is located just north of Hobby Lobby and also known as 2121 N. Fourteenth.

Attached for your review and approval by the City Commission is an ordinance rezoning the above referenced property from R-S to C-2. The applicant wants to develop this property for the purpose of a full service bank.

The Dodge City Zoning Board held a public hearing on Tuesday, December 18, 2007 to review this request. The Zoning Board voted unanimously to approve this rezoning. No protest petition has been filed.

If you have any questions or require additional information, please let me know.
ORDINANCE NO. 3453

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF DODGE CITY, KANSAS:

SECTION 1: The following described real property located in Dodge City, Ford County, Kansas is hereby rezoned from R-S Residential Suburban to C-2, Commercial Highway:

CITY OF DODGE CITY
DEVELOPMENT SERVICES REPORT
ZONING BOARD CASE NO. 2007-07

APPLICANT: Western State Bank under purchase contract with William and Ruanne Pennington.

REQUEST: Zoning Map amendment, from R-S Residential Suburban to C-2 Commercial Highway.

SURROUNDING LAND USES (ZONING):
- North-Residential Suburban (R-S)
- South- Commercial Highway (C-2)
- East- Residential Low Density (R-1)
- West- Commercial Highway (C-2)

BACKGROUND
The applicants propose to develop this property for a financial institution. The property currently has a single family residential structure on site. This site is part the Kirby Addition platted in 1976, creating lots that front Fourteenth Avenue with restricted access. This lot has one existing 26.5’ entrance located on the north side. Any additional access points will have to go through the vacation of restricted access process.

The remaining portion of Kirby Addition west and south of this site was replatted as Hy-Plains Shopping Center in 1980 and was developed originally for a Wal-Mart Store and is currently the location of Hobby Lobby, Dollar General and Dollar Tree.

The Comprehensive Plan indicates that this site is in a High Accessibility Corridor. Many Dodge City high accessibility corridors have residential developments on one or both sides. This is potentially a benefit and a detriment. It is beneficial in that it breaks the monotony of a “tunnel” of non-residential uses and seas of asphalt parking lots. With only a few exceptions, the residential uses along the corridors do not have direct access to the arterial itself; rather, it is side or rear yards.

This pattern of residential uses along major transportation routes is a possible detriment in that it limits the amount of land available for non-residential development along otherwise high demand areas. For the homes
immediately along the highways, noise, glare and congestion can be bothersome without adequate buffers.

**ANALYSIS**
This site is in close proximity to Hobby Lobby, Dollar General and Dollar Tree. There are several financial institutions on the east side of Fourteenth and north of this site. The property directly east and across the street is zoned R-1 but is considered a non-conforming lot with a conditional use permit for a transmission tower. This zoning change would be compatible to the surrounding area. C-2 zones are also required to be landscaped and provide screening from adjacent residential uses.

The existing site is presently served by a septic system and lateral fields. Connection to a public sewer system would be required.

**RECOMMENDATION**
Development Services staff recommends that the Zoning Board approve this application.

Subject: Sunflower Electric Power Corporation

Enclosed for your review and adoption is a Resolution addressing the recent actions of the Secretary of the Kansas Department of Health and Environment dening the permit for the Holcomb Expansion Project as proposed by Sunflower Electric Power Corporation. Previously you were provided with information from Sunflower which described in detail the Sunflower proposal. As indicated in the material, the two proposed coal-fire electric generating facilities were both to be equipped with the latest state of the art emission controls and were designed to emit less carbon dioxide than any existing facility. In addition, the proposed project included the development of a bio-energy and research facility. The project also failed for the development and improvement of electric transmission lines which in turn would facilitate further expansion of wind generated electric facilities in the area.

The purpose of the Resolution is to encourage the reconsideration of Secretary Roderick Bremby’s original decision and as a show of support for a Southwest Kansas project which would have a significant impact on the economy of the entire state. City staff would recommend adoption of the Resolution.
Resolution No.2008-01

RESOLUTION IN SUPPORT OF A BALANCED ENERGY POLICY FOR KANSAS INCLUDING THE DEVELOPMENT OF RENEWABLE ENERGY RESOURCES

WHEREAS, the reliable supply of electricity is vital to every home and business in Dodge City, the State of Kansas and throughout the country; and

WHEREAS, the reliable supply of power can best be achieved by a diverse portfolio of electric generation assets including an environmentally friendly blend of fossil fuel powered plants along with renewable energy sources such as wind generated electric facilities; and

WHEREAS, because carbon dioxide emissions from a wide variety of industrial sources is a global environmental concern, it is appropriate for Congress to make policy decisions regarding this important issue; and

WHEREAS, the recent denial of Sunflower Electric Power Corporation’s construction permit by Secretary of the Kansas Department of Health and Environment, although well intentioned will have little or no impact in addressing what is a global concern, but would have a significant negative impact the economic viability of the State of Kansas and frustrate the further development of renewable energy resources and valuable research to address this global concern; and

WHEREAS, in order to supply homes and businesses with reliable, low cost electricity, the City of Dodge City advocates a balanced energy policy that includes the development of wind generation within the State, the development of a bioenergy center as proposed by Sunflower, and the construction of two coal powered electric generation facilities in Southwest Kansas.

NOW, THEREFORE, BE IT RESOLVED by the City Commission of Dodge City, Kansas that:

Section 1. The City of Dodge City supports the development and implementation of a balanced energy policy that provides for renewable initiatives, continuing environmental and the economic generation of electric power research as proposed by the Sunflower Electric Power Corporation proposal.

Section 2. The City of Dodge City hereby urges the Secretary of the Kansas Department of Health and Environment to reconsider and reverse his decision to deny Sunflower’s PSD Construction Permit, related wind generation inventories and bioenergy research and development all and allow Sunflower’s proposed Holcomb Expansion Project to proceed.
Section 3. This resolution shall be in full force and effect from and after its approval.

Approved and adopted this 7th day of January, 2008 by the City Commission of Dodge City, Kansas

Subject: Smoking Ordinance Draft

Enclosed for your review and discussion is another form of an ordinance regulating smoking. The portion of the ordinance appearing in black type is the language of the ordinance recently adopted by the City of Newton. The language appearing in red type would allow the business owner to designate within the business a smoking area.

The business owners’ right to establish a designated smoking area is consistent with the current state law; however, the ordinance goes much further than the present statute. As you can see the ordinance establishes rather strict construction requirements designed to significantly reduce, if not eliminate, second hand smoke from the non-smoking areas of the facility. While the ordinance would obviously not create a total smoking ban, it would inherently encourage the business owner to declare the entire facility as a non-smoking area, given the construction costs associated with a compliant designated smoking area. The ordinance would, however, leave the final decision to the business owner, rather than mandating a course of conduct.

In light of the nature of construction required and the cost associated with establishing an approved smoking area, and to give the business owner an opportunity to give careful consideration to the economic viability of such action, it seemed appropriate to delay the effective date for a reasonable period of time.

The employee discrimination language of the ordinance has been stricken mainly for two reasons. First, attempted enforcement of the discrimination provision would create a significant burden on city staff and would potentially place the city in the middle of virtually every dispute between the employer and employee where a smoking area exists. Second, a retail business owner who opts to establish a designated smoking area should be allowed to inquire as to whether a prospective employee would be willing to serve in the smoking area on a voluntary bases in order to provide customer services. Such flexibility is necessary in light of the fact that it would be a violation for the employer to “require” the employee to enter the smoking area when the same is occupied by smokers.

I look forward to discussing the matter further during the meeting, however, in the meantime if any of you have questions please give me a call.
