City Clerk
Memorandum

To: Nick Hernandez, City Manager and City Commissioners
From: Ray Slattery, PE, Director of Engineering Services
Date: January 3, 2023
Subject: Approve Scope of Work and Fee from SMH for Acquisition of Easements for a 16” Force Main related to the Expansion of the S. WWTP

Agenda Item: New Business

Purpose: Several Easements are needed for the construction of the 16” Force Main that is part of the S. WWTP Expansions.

Recommendation: Approve the Scope of Work and Fee for the Acquisition from SMH for 17 separate easements from 10 property owners required for the installation of the 16” force main in the amount of $71,000.00. Also allow the City Manager to sign the associated agreement from SMH for this work.

Background: With Hilmar Cheese development along with additional growth of the city and Industrial users, the existing South WWTP will be beyond its design capacity for treatment. For several months now city staff, PEC and UCI have been working on plans to expand the South WWTP to meet the needs of the Hilmar development and capacity for the growing community. The waste flow from the Hilmar Cheese development requires a separate force main from the Hilmar site to the south WWTP. Based on the amount a flow, a 16” force main will be constructed. City met with the Trustees from the Townships that have jurisdiction over the affect roadways to see about constructing the new 16” line in the road right-of-way. Due to some requirements proposed by the Townships, private easements became a better option as to the placement of the force main.

By approving the Scope of Work for the Acquisition Services, SMH will be able to start meeting with the property owners about acquiring the easements. The Force Main project shouldn’t be bid until all the easements have been acquired or other conditions met. As part of the EDA Grant requirements, the City needs to submitted all the recorded easement documents to EDA to have final plan approval.

There is a total of just under 43 acres of Permanent and Temporary Easements to be acquired.

City Commission Options:
1. Approve
2. Disapprove
3. Table for further discussion

Financial Considerations: The Scope of Work is $71,000.00. Funding will come from several sources, City, State Revolving Fund, WIFA, and private industry

Amount $: $71,000.00
Fund:

- X Budgeted Expense   - X Grant   - X Bonds   - X Other

Legal Considerations: City Attorney will review agreement once it is delivered to the City.

Mission/Values: This aligns with the City’s Core Value of Ongoing Improvement, Safety, Working Towards Excellence.
