ATTEST: Mayor

City Clerk
Memorandum

To: Nick Hernandez, City Manager and City Commission
From: Daniel Cecil, Parks and Facilities Director
Date: March 6, 2023
Subject: Approval of Hennessy Hall Lease with Arrowhead West, Inc.
Agenda Item: Consent Calendar

Recommendation: Staff recommends approving the lease with Arrowhead West, Inc. for meeting room space at Hennessy Hall.

Background: Arrowhead West is a long-time tenant in room 132 on first floor of Hennessy Hall. They have office space in a building adjacent to Hennessy and having this meeting room works well for them since it is in close proximity to their staff.

Justification: Arrowhead West, Inc. is a not-for-profit organization serving children and adults with developmental disabilities and is compatible with other entities currently housed in the building.

Financial Considerations: The annual lease payment will be $5,520.00 based on the standard $6 per square foot price charged to nonprofit tenants at this facility and a 920 square foot room. Lease payments are prorated monthly and billed through the city.

Purpose/Mission: This lease agreement is consistent with the City’s core purpose of ongoing improvement as it facilitates the chance for staff to educate and train themselves as they provide opportunities to improve the quality of life of their clients.

Legal Considerations: The lease agreement is the standard form used with all Hennessy Hall tenants. The term of this agreement is for three years. This lease agreement was approved by the City Attorney.

Hennessey Hall Lease Agreement

This lease agreement (this “Lease”) is made and entered into by and between the City of Dodge City, Kansas, a municipal corporation (the “LANDLORD”) and Arrowhead West, Inc., a Kansas not-for-profit corporation. (the “TENANT”).

In consideration of the mutual promises and covenants of the parties as set forth herein, the LANDLORD and the TENANT agree as follows:

1. LEASE PREMISES: The LANDLORD hereby leases to the TENANT part of that property known as Hennessey Hall, located on the former St. Mary of the Plains College Campus in Dodge City, Kansas. Attached hereto as Exhibit A are the specifications of Hennessey Hall. That portion of Hennessey Hall hereby leased to the TENANT is outlined in red, comprising approximately nine hundred twenty (920) square feet. The outlined portion of Exhibit A, attached hereto and made a part hereof, is hereinafter collectively referred to as the “Leased Premises”.

2. TERM: The term of this Lease shall be for a period of three (3) years commencing April 1, 2023, and terminating March 31, 2026, subject, however, to earlier termination as set forth herein.

3. LEASE RENTAL: During each year of this Lease, the TENANT shall pay to the LANDLORD annual rent in the amount of five thousand, five hundred twenty dollars ($5,520.00), representing a square footage rental rate of approximately $6.00 per square foot, said annual amount to be paid in equal advance monthly installments of four hundred sixty dollars ($460.00) , commencing on the first day of April, 2023, for 1st month’s rent and continuing monthly thereafter for the first year of this lease, said monthly rental being hereinafter referred to as the “Base Rent”.

4. ADDITIONAL RENT: It is agreed by the parties that, in addition to the Base Rent as set forth above, the TENANT shall pay an amount representing the TENANT’S proportionate share of any increase in the LANDLORD’S cost for taxes and utilities as set forth in the formula below. The parties understand and agree that, at the present time, the Leased Premises is exempt from real estate taxes, and the parties anticipate the continued exemption of the Leased Premises during the term of this Lease; provided, however, that in the event Hennessey Hall in which the Leased Premises are located is placed on the tax rolls, then the TENANT shall pay proportionate share of such real estate taxes as set forth below.

The TENANT’S proportionate share of any increases costs for taxes and utilities will be calculated on the following basis:

(a) If the combined expenses to the LANDLORD for real estate taxes and utilities (electricity, gas, trash, and water) for any year of this Lease are more than the taxes and utility costs for the base year, as defined below, then, in that event, the amount of the increase in such tax and utility expenses above the amount of the base year shall be proportioned to the TENANT based on percentage that the
Leased Premises covered by this Lease bears to the total usable space in Hennessey Hall. It is agreed that the Leased Premises covered by this Lease is approximately nine hundred twenty (920) square feet and the total usable space for Hennessey Hall is thirty-eight thousand (38,000) square feet, and that the TENANT’S proportionate percentage of the total building space is two and four-tenths percent (2.4%).

(b) To figure the rental adjustment, the dollar amount of increase in the combined real estate taxes and utility costs shall be multiplied by 2.4%, the TENANT’S proportionate share of Hennessey Hall. A resulting amount is then divided by 920 square feet and that amount shall then be added to the Base Rent per square foot rental figure for the coming lease year. It is agreed that in no event shall the annual per square foot rental figure be increased by more than $1.25 per square foot for any one year.

(c) The adjusted base rent figure, as provided above, shall be due and payable to the LANDLORD in monthly installments commencing on April 1, of the following year, and on the first day of each month thereafter until the next rental adjustment.

(d) The “base year” shall be the taxes and utility costs attributable to Hennessey Hall for the calendar year 2019.

5. **REPAIR AND MAINTENANCE:** Throughout the term of this Lease, the LANDLORD shall be responsible for the maintenance and repair of the roof, the exterior portions of all outside walls of Hennessey Hall and shall be responsible for repairs necessitated by structural defects of the building. In addition, the LANDLORD shall be responsible for repair and maintenance of all plumbing, sewer, lighting, electrical, and heating and air conditioning units. The LANDLORD shall maintain all portions of the area adjoining the Leased Premises including sidewalks and parking lots in a clean and orderly condition free and clear of rubbish, snow, ice, and unlawful obstructions.

The TENANT shall be responsible for all interior maintenance of the Leased Premises, including but not limited to, cleaning, painting, and general upkeep and shall be responsible for the prompt repair of any damage to the Leased Premises caused by reason of its use of the same, including but not limited to, any damage or needed repairs to any plumbing and electrical facilities located with the Leased Premises.

The TENANT shall be responsible for repairs, maintenance, and replacement of any improvements or renovation made to the Leased Premises by the TENANT, including but not limited to telephone lines and equipment, computer wiring, and any special accommodations provided or installed by the TENANT.

6. **SIGNAGE:** The LANDLORD will provide a community sign identifying the property with a listing of the building tenants at a location near the entrance to Hennessey Hall. The TENANT will be responsible for any individual tenant signage it might desire, the style and location of which shall be subject to prior approval of the LANDLORD.

7. **JANITORIAL SERVICES:** The LANDLORD shall be responsible for providing janitorial services for the common areas of Hennessey Hall. The common areas shall consist of the foyer, stairs, and common hallways located outside the Leased Premises.
The TENANT will be responsible for providing janitorial services to the Leased Premises.

8. **TAXES:** The LANDLORD shall pay all real estate taxes (including special assessments) for Hennessey Hall, if any. The TENANT shall pay all personal property taxes assessed against personal property owned by the TENANT and located in the Leased Premises.

9. **USE:** The TENANT shall use and occupy the Leased Premises for the operation of a business office. The TENANT shall not use or knowingly permit any part of the Leased Premises to be used for any other purpose, without the prior written consent of the LANDLORD.

10. **TENANT RENOVATIONS:** The TENANT hereby acknowledges that it has had a reasonable opportunity to view and inspect the Leased Premises prior to the execution of this Lease, and hereby accepts said Leased Premises in its present condition. The TENANT further acknowledges that no representation, statement or warranty, expressed or implied, has been made by or on behalf of the LANDLORD as to the existing condition of the Leased Premises.

All renovations and remodeling desired by the TENANT will be at the sole expense of the TENANT and shall be performed in accordance with plans and specifications as prepared by the TENANT, subject, however, to the prior written approval of the LANDLORD, which approval shall not be unreasonably withheld.

TENANT further covenants and agrees to pay the entire cost of any work on the Leased Premises undertaken by the TENANT; to procure all necessary permits before undertaking such work; to do all such work in a good and workmanlike manner employing materials of good quality and complying with all governmental requirements. The TENANT further agrees to hold the LANDLORD harmless and indemnified from any injury, loss, claim, or damages to any person or property occasioned by or growing out of such work. The TENANT shall have the right to contest any claimed amounts or claims, arising out of any such work, and the TENANT shall discharge any lien, by bond, or otherwise, at its sole expense.

(a) **TERMINATION BY LANDLORD:** In the event of the sale by the LANDLORD of Hennessey Hall which includes the Leased Premises to a third party, the LANDLORD shall have the option to terminate this Lease by providing written notice to the TENANT at least twelve (12) months prior to the termination date.

11. **CASUALTY INSURANCE:** The LANDLORD agrees to keep Hennessey Hall insured for the benefit of the LANDLORD against loss of damage by fire and all casualties included in the broadest standard form obtainable of extended coverage or supplemental contract of endorsements. The TENANT shall have the responsibility to insure all of its interest in the fixtures, equipment, inventory, and other assets of the TENANT.

12. **TENANT LIABILITY INSURANCE:** The TENANT shall be responsible for and shall provide total and complete liability insurance in the amount of at least $500,000 that will save and protect the LANDLORD from any and all claims or demands of any kind or character which may arise or claim to arise against the LANDLORD by reason of the use...
of Leased Premises by the TENANT, and the LANDLORD shall be named as an additional insured on such policies.

It is further agreed that the TENANT shall save and hold harmless the LANDLORD from any and all claims, causes of action or losses which may be asserted against the LANDLORD by reason of the TENANT’S use of the Leased Premises under the terms and conditions of this Lease and will further indemnify the LANDLORD for its attorney’s fees and other costs, losses or expenses incurred by the LANDLORD in defending against any such claims or causes of action.

13. DESTRUCTION: In the event the Leased Premises, or any part thereof, be partially destroyed by an act of god, the elements, fire, or other cause covered by insurance carried by the LANDLORD, the LANDLORD, using such insurance proceeds, shall proceed immediately with due diligence to repair, restore, and to replace said Leased Premises to as good a condition as it was in prior to such damage or destruction. The LANDLORD’S responsibility in this respect should be limited to the amount of insurance proceeds received by the LANDLORD because of the damage or destruction. A just and proportionate part of the monthly rental payments shall be suspended or proportionately abated in accordance with use until the Leased Premises is put in complete repair. If the Leased Premises shall, at any time during the life of this Lease or an extension thereof, be substantially damaged or destroyed by causes not covered by insurance, this Lease shall be subject of cancellation at the option of the LANDLORD by giving TENANT written notice of cancellation within twenty (20) days after the date of such damage or destruction. All rent paid in advance, if any, by the TENANT, that is actually unearned at the date of the damage or destruction, shall be refunded forthwith to the TENANT. If no notice of cancellation is given as aforesaid, or if the Leased Premises are not substantially damaged or destroyed, this Lease shall remain in full force and effect, and the LANDLORD shall proceed immediately with due diligence to repair, restore, and replace the lease premises to as good a condition as they were in immediately prior to the damage or destruction. It is expressly agreed that TENANT’S obligation to pay rent hereunder shall abate during the period of LANDLORD’S repair or reconstruction of the premises pursuant to the term of this paragraph; to the extent the Leased Premises are untenable.

14. UTILITIES: The LANDLORD shall be responsible for the payment of utilities, including water, sewer, trash removal, gas, and electricity for the Leased Premises.

15. ASSIGNMENT BY TENANT: The TENANT shall not assign this Lease nor sublet or permit the Leased Premises or any part thereof to be used by any others, without the prior written consent of the LANDLORD in each such incident. The written consent of the LANDLORD to an assignment or subletting shall not be construed to relieve the TENANT from obtaining the consent in writing of the LANDLORD to any further assignment or subletting.

16. ASSIGNMENT BY LANDLORD: The LANDLORD shall have the right to assign this Lease to another person or entity at any time without approval of the TENANT; provided, however, any such assignment shall not relieve the LANDLORD and its assignee of any obligations incumbent upon it under the provisions of this Lease, and the same shall be binding on the LANDLORD’S assignee.
17. RULES AND REGULATIONS: The LANDLORD reserves the right to promulgate rules and regulations concerning occupancy of Hennessey Hall. These rules and regulations shall be in writing and will take effect immediately after notice has been given by serving a copy of the rules and regulations upon the TENANT.

18. NOTICES: Any notice under this Lease must be in writing and must be sent by registered or certified mail to the last address of the party to whom the notice is to be given, as designated by the party in writing. The LANDLORD hereby designates its address as CITY HALL, 100 Chaffin Road, P. O. Box 880, Dodge City, Kansas 67801. The TENANT hereby designates its address as Arrowhead West, Inc., 1100 E. Wyatt Earp, Dodge City, KS 67801.

19. BINDER: This Lease shall be binding on the parties hereto and their respective successors and assigns.

IN WITNESS WHEREOF, the parties have hereunto set their hands in the day and year written below.

Memorandum

To: Nick Hernandez, City Manager and City Commissioners
From: Nathan Littrell, Planning & Zoning Administrator
Date: February 6, 2023
Subject: Ord. No. 3789
Agenda Item: Ordinances and Resolutions

Purpose: The applicant wishes to rezone this property to R-2 Residential Medium Density and C-2 Commercial Highway to allow for both commercial and residential development. The applicant plans to primarily develop smaller lot, low to moderate income single-family residences on the residential portion of this property. The tentative plan for the proposed C-2 Commercial Highway is for outdoor storage.

Recommendation: It is City Staff’s recommendation to approve this ordinance. On February 28, 2023, the Planning Commission reviewed and voted 4-0 to recommend approval of the proposed rezoning. The proposed zoning amendment does not conflict with the City’s Comprehensive Plan.

Background: The applicant recently purchased the property from the City. This property is currently mostly vacant, with the exception of an old metal shed at the southern end of the property. There had previously been several residences on this property, most of which were manufactured housing and several in severe disrepair before being removed. There are single-family residences across the street from both Park St. and Cottonwood Ave. The entire property will be replatted at a later date. No site plan for the development has been formally submitted to the City or is available for review at this time. The Community Housing Assessment Team (CHAT) Study, most recently completed in 2022, has shown a substantial community need for this type of housing.

City Commission Options:
1. Approve
2. Disapprove

Mission/Values: Approving this rezoning ordinance will encourage and support growth and development in our community.

Memorandum

To: Nick Hernandez, City Manager and City Commissioners  
From: Nicole May, Finance Director  
Date: March 1, 2023  
Subject: Utility Rates  
Agenda Item: Ordinances and Resolutions

Recommendation: I recommend the approval of: Resolution No. 2023-06, setting fees for the water utility; Resolution No. 2023-07, setting fees for the sanitary sewer services; Resolution No. 2023-08, setting fees for solid waste collection; and Resolution No. 2023-09, setting fees for the storm water utility service for the City of Dodge City.

Background: In March of 1992, the City Commission adopted Ordinance No. 2997 that sets forth an annual review of utility rates. Rates for utility service are set by the City Commission through adoption of the appropriate ordinance. City Code requires the commission to review rates annually to ensure adequate income is received to cover operational maintenance, capital and debt requirements. At a minimum, the rates for each utility shall be adjusted by the amount of increase in the Consumer Price Index for all Urban Consumers (CPI-U). The CPI-U is tabulated by the Bureau of Labor Statistics. Information obtained indicates that the 5 year average for the CPI-U for water, sewer, and trash collection services for the year 2022 was 3.59%. From this figure, the City of Dodge City will base their increase for water, wastewater, solid waste services and stormwater for 2023. All rates and base fees will be increased by 3.59%. Both the Resolution establishing rates for water and the Resolution establishing rates for sanitary sewer include a section that allows the City to charge one and one half the rate for service outside the city limits. To date, the City has not charged the one and one half rate for services outside the city limits.

All fees including Industrial fees have been increased for the sanitary sewer fund. This will include the negotiated rates charged to National Beef, Nor-Am and Mid-America Washout.

Justification: The fee increases are part of an annual review of the fees to ensure adequate income is received to cover the costs of operation, capital and debt.
Financial Considerations: As the operational costs increase, the fees will keep pace to cover the costs of operations, debt payments and capital costs. We continue to make sure the wastewater revenues are adequate to cover future bond payments.

Purpose/Mission: Allowing continued and on-going improvements to the City’s utility infrastructure.

Legal Considerations: None

laws of the City, and consists solely of organic or biodegradable waste from septic tanks and cesspools.

Such fees shall be based on two factors, a flat fee designed to pay for testing and the cost of administration and billing and a volume charge.

To simplify the administration and accounting for the material dumped, the volume charge will be based on the total volume of the tank used, rather than a measurement of the actual volume of material in the tank. The OMI staff has the right to measure any tank to determine the volume if there is any question about the reported volume.

The septage disposal fee shall be as follows:

| Flat fee for administration and testing | $43.92 |

Memorandum

To: Nick Hernandez, City Manager and City Commissioners
From: Nathan Littrell, Planning & Zoning Administrator
Date: February 6, 2023
Subject: Homewood Acres Addition
Agenda Item: New Business

Purpose: The applicant wishes to replat this property zoned R-2 Residential Medium Density to allow for the lots to be reconfigured and better allow for residential development.

Recommendation: It is City Staff’s recommendation to approve this plat. On February 28, 2023, the Planning Commission reviewed and voted 4-0 to recommend approval of the plat. The plat does not conflict with the City’s Comprehensive Plan.

Background: This property had previously been platted as part of the Westlawn Addition. The property is currently vacant. Reconfiguring these lots will make them easier to develop. There are currently 3 50’ x 130’ lots on the east portion off of 14th Ave. The new plat would reduce the number of lots here to two, but increasing the width of each to 75’, making it easier to fit a house onto each. The two lots on the western portion are currently irregularly shaped. The proposed plat would square them off, making them each 75’ x 200’. This plat meets the City’s zoning and subdivision regulations.

City Commission Options:
1. Approve
2. Disapprove
3. Disapprove with recommended revisions
4. Table for further discussion

Financial Considerations: None

Legal Considerations: None

Mission/Values: Approving this rezoning ordinance will encourage and support growth and development in our community.

Memorandum

To: Nick Hernandez, City Manager and City Commissioners
From: Corey Keller, Public Works Director
Date: March 1, 2023
Subject: Approve the Scope of Services for Categorical Exclusion
Agenda Item: New Business

Purpose: This scope of services will provide a Categorical Exclusion (CATEX) in support of Federal Aviation Administration (FAA) requirements for the remodel of the terminal building which will include the demolition of approximately 2,832 square feet of the basement and main level located on the south portion of the building. This service is based on the discovery of the Section 106 coordination conducted earlier this year by Burns and McDonnell.

Recommendation: Approve the Contract and Scope of Services for Categorical Exclusion from Burns and McDonnell in the amount of $49,275.89.

Background: In March of 2022 the Commission approved a scope of services to have Burns and McDonnell perform the spatial analysis and section 106 evaluation to make this project eligible for FAA funding. Based on the information discovered in the section 106 evaluation it was determined that only a partial environment study would need to be conducted. The CATEX will assess the potential direct or indirect effects of the project needed to perform the terminal remodel and construction. This is a requirement of FAA when using federal funds for these types of projects.

City Commission Options:
1. Approve the scope of services with Burns and McDonnell in the amount not to exceed $49,275.89.
2. Disapprove the scope of services agreement and delay the design phase.
3. Table for further discussion

Financial Considerations:

- $28,015.00 05% Match for the terminal Design
- $2,463.79 05% Match for CATEX
- **Total = $548,336.55**

It is expected that the city will spend an additional $334,521.021 which will bring the total to $882,857.76 for this project. The original budgeted amount for this project was 1.4 million which included the remodel construction and addition.

**Legal Considerations:** The City will be entering into a contract with Burns & McDonnell and will be bound by the provisions of this contract. Legal counsel is reviewing the contract.

ARTICLE I

SCOPE OF SERVICES

The CONSULTANT, in consideration of the payment as hereinafter specified on the part of the SPONSOR, agrees to perform the planning services, (Tasks) as follows.

1. Project Management and Coordination

   The CONSULTANT will perform:

   Project Management and Invoicing – project communications (including monthly status conference calls), project management, and project invoicing. FAA quarterly performance reporting forms will be submitted to the FAA and SPONSOR for all quarters throughout the duration of this project.

   a) FAA Coordination - The FAA ARP SOP No 5.1 Documented CATEX Checklist (effective date June 2, 2017) will be completed along with appropriate supporting documentation.

2. Project Description and Need and Purpose

   The CONSULTANT will:

   a) Clearly identify the need for the proposed action (expansion and remodel of the passenger terminal and associated improvements), the purpose of the proposed action(s), and the proposed time frame(s) for the proposed action(s) as described by the SPONSOR, as applicable.

   b) Coordinate with the SPONSOR for the collection and review of documentation and other relevant information supporting the need for the project, including project formulation, passenger and activity forecasts, and proposed development alternative (proposed action).

   c) Determine the appropriate paragraphs from FAA Order 1050.1F (paragraphs 5-6.1 through 5-6.6 - anticipate applying “5-6.4.h”) or from 5050.4B (Tables 6-1 and 6-2) that apply to the proposed action, and, describe any differences from those actions that may apply to this proposed action.

3. Categorical Exclusion

   The CONSULTANT will:

   a) Use FAA Order 1050.1F, 5050.4B, and the Environmental Desk Reference to determine the information to be included in the checklist. Background information will be collected through desktop analysis and coordination with the SPONSOR and appropriate local, state, and Federal agencies.

   1) Agency Scoping - Develop and send letters to appropriate local, state, and Federal agencies soliciting information applicable to the proposed action required as part of the NEPA process as well as any additional findings under other Federal laws that would pertain to the proposed undertaking. Agencies will be provided a 30-day...

The terminal was determined not individually NRHP-eligible.

   b) Provide archaeological potential review memo for inclusion in the CATEX. No field surveys are required.
