Subject: Hoover Roof Change Order

Agenda Item: Consent Calendar

Recommendation: Staff recommends approval of a change order to the contract with Diamond Roofing for the repair of the roof at Hoover Pavilion in the amount of $11,510.

Background: At the December 7th, 2009 meeting, Commissioners approved a contract with Diamond Roofing for the repair of the Hoover Pavilion roof. The scope of the project was to remove and re-lay the existing clay tiles and provide new underlayment and to replace the modified roofing system above. Final costs for this project could not be determined at that time as the condition of the roof deck and a quantity of replacement tiles could not be identified until the removal portion of the work was completed.

This change order provides for six (6) squares of replacement tiles at $600 per square and 310 s.f. of deck repair at a cost of $3.50 per s.f. The total for this addition is $4,685 and is based on quantity prices provided for in the bid documents.

Additionally, during the construction process three other changes were authorized. The existing roof hatch was removed and replaced with a pre-manufactured hatch to allow safer access to the roof at a cost of $1,400. The underlayment used in the tile sections was upgraded to a heavier material to provide a longer life span for the roof at a cost of $2740. Finally the contractor was authorized to paint the flag poles located in the tile sections at a cost of $2685. Completing this work prior to the re-laying of the tiles eliminates potential damage to the clay tiles. The total of these three items is $6825 bringing the total cost of the change order to $11,510.

Justification: The changes authorized by staff eliminates a safety issue involving access to the roof which is necessary due to routine maintenance of the HVAC roof top units and provides a longer lasting roof system.

Financial Considerations: Funds for these changes are available in the Insurance Claims fund.

Purpose/Mission: Approval of this change order is consistent with the City’s core value of Ongoing Improvement as it provides for the future preservation of a valuable city asset.

Subject: July 4 Fireworks Contract
Agenda Item: Consent Calendar

**Recommendation:** Staff requests Commission approval to enter into contract with Wald’s All American Display Fireworks in the amount of $25,000 for the July 4th fireworks show. The contract for 2010 is a one year agreement for the July 4 display.

**Background:** Wald’s has provided all of the fireworks shows for the Old Dodge City event since we first started in 1998 with this being the 13th year. They have provided well designed shows, choreographed with music that has developed Dodge City’s reputation as a premier show in the state.

This year’s event will again be held at Memorial Stadium. The event will kick off with the Cowboy Band beginning at 8 p.m. followed by a variety show featuring local talent and ending with fireworks at 10 p.m.

**Justification:** The Dodge City show is the largest display in western Kansas and local response is overwhelmingly positive. This show draws people into the community from all around the area and several thousand people line the streets and parking areas around north Dodge to view the display.

Wald’s has provided excellent service and quality displays for the event since its inception. The planning committee has met and recommends to continue contracting with Wald for the display.

**Financial Considerations:** The contract for this show is $25,000. Of the total, the City budgets $5,000 annually in the Non-Departmental budget. The remainder is raised by the local fireworks committee through corporate and individual sponsors. The committee is already working towards that goal and sent out initial solicitation letters.

**Purpose/Mission:** The City’s support of this program is consistent with the mission of the City to improve quality of life as it enhances a community wide event celebrating our history and providing entertainment for our citizens.

**Legal Considerations:** Liability issues with this activity are covered by Wald & Co. through a certificate of insurance with a coverage limit of $5,000,000 for public liability and property damage.

Subject: Utilize EFM Consulting LLC to develop a Hazard Mitigation Plan in accordance with 44 CFR 201.6 and the County Plan

Agenda: Ordinances and Resolutions

Recommendation: Approve Resolution No. 2010-12

Background: The Federal Government requires all taxing jurisdictions to have a Hazard Mitigation Plan to receive any pre or post disaster aid. Since 2004, the City of Dodge City and Ford County have been operating under the State of Kansas’ plan. The ability to continue to operate under the State of Kansas Mitigation Plan will end in 2010. The State of Kansas has made funds available to all counties to hire consultants to develop these plans. However, each taxing entities plan must be incorporated into Ford County’s Plan. In an effort to help the other taxing entities, the consultant that is developing Ford County’s plan is also able to assist us in developing our plan at no cost to the City. The initial grant to Ford County covers the expenses necessary to develop the City’s Hazard Mitigation Plan.

Justification: Should the City choose not to enter into this agreement, the City would be responsible to perform the necessary work and develop an appropriate plan ourselves. Any costs associated with developing the plan would not be reimbursed.

Financial Considerations: There will be no payment to the consultant from the City. The only cost will be associated with staff time spent at planning meeting and assembling information.

Purpose/Mission: By approving this resolution a plan for Hazard Mitigation will be developed. This plan will not only help staff and citizens to plan and respond to hazards, but also insure that the City can receive Federal and State funds to help with the hazards.

Legal Considerations: The City is committing itself to complete the Hazard Mitigation assessment and plan.

Subject: Ordinance 3488 prohibiting parking on Comanche Street from US-50 west to the end on Comanche Street
Agenda: Ordinances and Resolutions

Recommendation: Approve Ordinance as submitted.

Background: Comanche Street was recently constructed to a 4-lane divided street. As such no parking is permitted. However, staff has noticed that semi-truck ad trailers are parking on Comanche so the owners may go to the casino. This problem may occur due to the fact that the builders of the Event Center, they do not want to encourage or allow truck parking on Comanche.

Justification: While it should be clear to motorist that use this portion of the road, that parking in the street is not allowed, it is occurring. By passing this ordinance as posting the necessary signs motorist will be given notice that parking is prohibited.

Financial Considerations: Cost of the ordinance and posting of appropriate signs.

Subject: Ordinance 3489 Stop Signs on Cherry St. at Crawford Ave. and Minneola Rd.

Agenda: Ordinances and Resolutions

Recommendation: Approve the Ordinance for Stop Signs on Cherry Street at Crawford Avenue and Minneola Road as submitted.

Background: Recently the Engineering Department received a request for stop signs at these two intersections of Cherry Street. These two streets were constructed in early 2000. Prior to that Crawford Avenue accessed Cheery Street from the south Minneola Road did not connect to Cherry Street.

Justification: Normally, a detailed engineering study is required prior to erecting any traffic control device. However, as there is already a stop sign for northbound traffic at Crawford Avenue, it would make sense to erect a stop sign for southbound traffic. Traffic is not high on Minneola Road and there is not a history of accidents in this location. However, Cherry Street becomes a gravel street at this intersection. While it should be apparent at this location that traffic accessing Cherry Street should stop, I did witness several residents turning into traffic coming from Water Sports Campground. It would be my recommendation to install a Stop Sign on Minneola Road for southbound traffic.

Financial Considerations: Cost of Stop signs, posts, labor and future maintenance of Stop signs.

Purpose/Mission: The placement of these stop signs will provide motorist with a clear understanding of who should stop and yield for oncoming traffic, thus providing a safe road system for our citizens.

Subject: Ordinance amending Temporary Business Licenses/Permits
Agenda Item: Ordinances and Resolutions

Recommendation: I recommend the approval of Ordinance No. 3490

Background: The City of Dodge City currently has an Ordinance regulating temporary business licenses/permits. We have some changes that may need to be made to this ordinance because we get complaints and sometimes the current ordinance is difficult to regulate. It is also difficult to be consistent with all requests for permits. A committee of internal employees have met and discussed changes that may be needed to make the ordinance better. One of the immediate changes that we would like to have approved it to prohibit the peddlers, solicitors, vendors and food vendors along Wyatt Earp Boulevard.

Justification: Wyatt Earp is home to many food establishments and other retail establishments. This creates a lot of traffic and very few places that have the proper parking, access and other elements needed to make a good location for temporary businesses. This is also the location that we get the majority of complaints from citizens and competing businesses about the temporary businesses.

Subject: Approval of Purchasing Policy
Agenda Item: New Business

**Recommendation:** I recommend the approval of the Purchasing Policy

**Background:** The proposed policy was initiated because there were several questions that arose from our current policy and questions about the need for a local business preference.

The intention has always been to have centralized purchasing in order to ensure that supplies or services are purchased at fair and competitive prices and ensure that sound business practices are utilized in all procurement transactions. Some of the departments have migrated away from centralized purchasing and this proposed policy will clarify the purchasing function and bring it back to a purchasing department that will oversee and assist departments in their acquisitions. Mike Klein is the Purchasing Agent. As his duties have expanded into Public Works Supervisor, he no longer has the time to dedicate to be the sole purchasing agent, but wishes to maintain the duties. So, in order to accommodate him, the purchasing department will consist of Mike Klein, Corey Keller and Barb Slagle. Barb and Corey will assist Mike in the details.

This policy was reviewed by the City Commission at a work session on April 5th. The attached policy reflects the changes that the City Commission suggested. Those changes were some minor wording changes, increase City Manager authority for purchases to $25,000 and add wording for local business preference.

**Justification:** To update the purchasing policy as necessary.

**Financial Considerations:** None

**Purpose/Mission:** Ensure sound business practices are utilized in all procurement transactions.

NAME OF POLICY: Purchasing
Date of Initial Adoption: July 16, 1979
Date of Revised Policy: April 19, 2010
Department Involved: All Departments

PURPOSE. It is the goal of the City of Dodge City Purchasing Department to assist departments in acquiring the materials, supplies or services that are required at a fair and competitive price. It is the purpose of the purchasing policy to ensure that sound business judgment is utilized in all procurement transactions and the supplies, equipment, construction and services are obtained efficiently and economically and in compliance with applicable local, state and federal laws. The Purchasing Policy, as established and approved by the City Commission, shall be a guideline of purchasing information and procedures for purchasing of all supplies, equipment, construction and services of and for the City of Dodge City.

The Purchasing Department shall consist of a Purchasing Agent and/or his/her designee(s) hereinafter referred to as Agents responsible for purchases. The Purchasing Department or Agents responsible for purchases, pursuant to rules, regulations, or ordinances, shall contract for, purchase, store and distribute all supplies, materials and equipment required by any office, department, or agency of the City government. The Purchasing Department shall:

1. Act as the central purchasing department of the City.
2. Prepare, solicit and approve Bids/Quotations/Proposals for all items and/or services of $5,000 or more.
3. Coordinate the purchasing process with the user department and the ultimate vendor.
4. Maintain a file of specifications and approve and send out all specifications prior to their being sent out for bid.
5. Coordinate purchases of items and/or services that may be utilized by more than one department.
6. Maintain a vendor/bidder list and make source selections consistent with City policy.
7. Assist departments in planning purchases for submission of the annual budget.
8. Represent the City on disputed bills, terms, etc.
9. Coordinate joint governmental purchases and auctions when it is in the best interest of the City of Dodge City to participate.

All City employees should familiarize themselves with the regulations set forth herein and shall adhere to the procedures and practices established by this purchasing policy. All purchases will be reasonable and be within budget and policy guidelines. The City Manager, Finance Director and Agent responsible for purchases are aware that exceptions to the Purchasing Policy may occur as needs and responsibilities change. The City Manager, therefore, reserves the right to waive regulations established in this policy so long as the spirit and intent of this policy is upheld. Once this decision is made it shall be communicated to the Purchasing Department. The Agent responsible for purchases is prepared to offer assistance whenever a need arises. Proper
planning by Departments with assistance from the Agent responsible for purchases will eliminate
duplication of effort and increase City purchasing power by consolidating purchases and
encouraging competition among vendors.

JOINT GOVERNMENTAL PURCHASES. The City of Dodge City may join with and
cooperate with other cities, school districts, community college, counties, state or federal
agencies for the purchase of supplies, goods and/or services when the City of Dodge City deems
it to be in the best interest of the City.

SPECIFICATIONS FOR PURCHASES. All specifications, including but not limited to design,
performance, combination and brand name specifications shall be drafted so as to provide a clear
and concise description of the material, service or construction desired.

1. Before any purchase made under this policy, the Purchasing Department may cause to be
prepared written specifications detailing the City’s requirements for the material,
service or construction. The Purchasing Department may request other departments or
agencies of the City to assist in preparation of specifications for purchase to be
made primarily for such department or agency.

PURCHASES LESS THAN $5,000. Department Heads may authorize purchases under $5,000.
They shall insure that two or more quotations are obtained for purchases over $500.

1. Each Department will identify specific personnel eligible to make authorized
purchases. A list of those personnel shall be given to the Purchasing and Accounts
Payable Departments and kept updated. Such personnel shall be given a copy of this
purchasing policy and shall be familiar with its contents.

2. The City issues purchase cards to authorized employees. All employees having a
purchase card will sign an agreement as to the use of these cards.

3. Personal items will not be purchased by the City. (example: desk clocks, book ends,
wall frames, tissue, clothing not considered a uniform, etc.)

4. Department Heads shall ensure that all purchases made by their department are for a
public purpose and shall maximize the purchasing value of public funds (taking into
consideration the life cycle of the product).

PURCHASES MORE THAN $5,000 BUT LESS THAN $15,000. Purchases for products or
services in excess of $5,000 but less than $15,000 will follow the procedures outlined below.
Such purchases shall be approved by the City Manager or Assistant City Manager following
review of price quotations by the Agent responsible for purchases. The Agent responsible for
purchases or Finance Director may authorize purchases in the absence of the City
Manager/Assistant City Manager.

1. Purchases of products in excess of $10,000 require a purchase order number before
that purchase will be authorized. Purchase order numbers shall be obtained from the
Accounts Payable Department. If this policy is not followed, the purchase may not be
authorized.

2. Purchase orders shall be in writing with firms who can supply the needed products or
services. Purchase orders may be made orally only on an emergency basis and after a
purchase order number is received from Accounts Payable.

3. Written price quotations or bids are required from a minimum of three vendors if
available. Written documentation including date, vendor, salesperson, quantity and
price for the item must be submitted and maintained with the purchase order.

PURCHASES IN EXCESS OF $15,000. All purchases in excess of $15,000 shall have the
proper approval of the City Manager (up to $25,000) and the Governing Body (in excess of
$25,000) after bids/proposals have been received and will also follow the policy listed above
regarding purchase orders. Bids/proposals shall be accompanied by an estimate from the
appropriate department and shall be advertised in the local paper. Exception: Purchases for
Public Works Improvements (Infrastructure, i.e. streets, water, sewer) of less than $25,000 need
not be advertised.

1. Bid notices shall be published in the official newspaper by the City Clerk or the
Purchasing Department a minimum of one (1) time with the first publication being
not less than seven (7) days prior to the bid opening. Bid notices shall also be
published on the City web site and e-mail notifications will be sent to all vendors
signed up for e-notification on the City web site, www.dodgecity.org. Bid notices
shall be prepared by the Agent responsible for purchases or City Clerk prior to
publication. All bids requiring Commission approval will be opened in the City
Manager’s Conference Room or another place designated by the City Clerk at 2:00

City Clerk’s office, the time of bid opening may be changed. The department head or
other authorized department representative will be at the bid opening.

Bids will be accepted by mail or in person at City Hall, P.O. Box 880, 806 N. 2nd
Avenue, Dodge City, KS 67801. Bids received prior to the bid opening time will be
kept in the City Hall safe.

3. The Agent responsible for purchases will maintain a schedule of bid openings that
provides updated information regarding when bids are to be opened. One copy of the
bid specs will be kept at City Hall.

4. All requests for bids will include a contact person from the purchasing department
where additional information can be obtained.

5. Bids which are received that do not follow these procedures may not be submitted to
the City Commission for approval.
6. After the bid/proposal is approved by the Governing Body, the Agent responsible for purchases shall obtain a purchase order from the Accounts Payable Department. The Purchase Order shall be made in writing to the vendor authorized by the Governing Body.

7. The City Manager is authorized to waive these procedures when it is deemed necessary to make a purchase on an immediate basis. The City Manager shall inform the Commission and Purchasing Department of any such activities.

PURCHASE CARDS. The Purchase Card (p-card) program is designed to improve efficiency in processing purchases from any Vendor that accepts a VISA Procurement card. Each p-card is issued to a named City employee who is responsible for all purchases made with his/her card. The City of Dodge City is clearly identified on the card. All purchases made with p-cards must follow the above listed guidelines in this policy. See Addendum A, City of Dodge City Purchase Card Policy.

LOCAL BUSINESS PREFERENCE. The City Commission and City staff is conscious of the economic impact created by purchasing goods and services locally. No provision is made in this policy for dollar percentage or other types of preferential considerations for local vendors or contractors. It is the policy, however, to solicit bids from local suppliers whenever competitive local sources exist, and where no sacrifice or loss in price or quality would result. In the event of a tie bid between a local vendor and an out-of-town vendor, award will be made to the local vendor, if all factors, including price, quality, terms, and method and cost of delivery are equal.

SOLE SOURCE PURCHASES. A contract may be awarded or a purchase made without competition after a good faith review of available sources is conducted by the City Purchasing Department and upon approval by the Purchasing Department and the City Manager. When it is determined that there is only one source for the required product, the City Manager, Finance Director or Purchasing Department may then conduct negotiations as appropriate as to price, delivery and terms.

Circumstances that require a sole source purchase may include, but are not limited to: (1) no competitive product or availability from only one supplier; (2) the purchase of a component or replacement part for which there is no commercially available product, and which can be obtained only from the manufacturer; (3) the purchase of an item where compatibility is the overriding consideration, such as to maintain standardization or compatibility, or to match materials already in use to produce visual harmony; (4) the purchase of a used item; or (5) the purchase of a product for trial or testing.

Sole source can refer to the supplier as well as a product or service. Thus the ability to meet a delivery date or to provide on-call repairs can create a sole supplier condition. Justification for a sole source purchase depends on a needed item being available from only a single supplier under the prevailing conditions. If the item may be obtained from more than one source, price competition shall be solicited.
EMERGENCY PURCHASES. An emergency condition exists when there is a threat to public health, welfare, or safety such as may arise by reason of floods, epidemics, riots, equipment failure, etc. The condition must create an immediate and serious need for supplies, equipment, materials, and/or services that cannot be met through normal procurement procedures and the lack of which would threaten the function of City government or its programs. Any department may make emergency purchases when an emergency arises, however with such competition as is possible under the circumstances. Purchases shall be limited to only the quantity necessary to meet the emergency and in no event shall the contract price exceed commercially reasonable prices. If the emergency arises after normal working hours, the appropriate department shall notify the Purchasing Department on the next working day.

COMPETITIVE NEGOTIATION. In competitive negotiation, proposals are requested from a number of sources and a Request for Proposal is publicized. Competitive negotiations may be used if conditions are not appropriate for the use of competitive sealed bids. The following requirements shall apply for Competitive Negotiations:

1. The City of Dodge City may utilize competitive negotiation procedures for procurement of architectural/engineering professional services, or other professional services whereby competitor’s qualifications are evaluated and the most qualified competitors’ qualifications are selected subject to negotiation of fair and reasonable compensation.

2. Proposals shall be solicited from an adequate number of qualified sources to permit reasonable competition consistent with the nature and requirements of the procurement. The Request for Proposal shall be publicized in local and regional media and reasonable requests by other sources to compete shall be honored to the maximum extent practicable. The request shall be published in the local newspaper at least one time, 7 days prior to the proposal deadline.

3. The Request for Proposal shall identify all significant evaluation factors, including price or cost and their relative importance.

4. Awards may be made to the responsible responder whose proposal will be most advantageous to the City with price and other factors considered. Unsuccessful responders will be notified promptly.

NONCOMPETITIVE NEGOTIATION: Noncompetitive negotiation is procurement through solicitation of a proposal from only one source, or after solicitation of a number of sources, competition is determined inadequate or in the event of a public emergency when the urgency for the requirement will not permit a delay incident to competitive solicitation.

SMALL, MINORITY AND WOMEN’S BUSINESS ENTERPRISES: The City of Dodge City shall solicit qualified small, minority, and women’s businesses in compliance with the requirements of this policy.
This policy is effective immediately and shall apply to all purchases including those which involve State or Federal funds.

Adopted by the Governing Body of the City of Dodge City, Kansas, April 19, 2010.
