Investing My Time and Energy To Complete Each Task Assigned To Me

Understand the Job
Know your destination, and bring your whole self to each task. Clarify methods, envision the finished product, and devise a strategy. Continuously study your present job and the surrounding areas in order to find better methods. Anticipate additional steps that might become necessary as things change.

Get Started
Some are inspired and others are depressed by goals. Break down your larger objectives into small enough pieces so that you can do something today. Do not procrastinate. Getting started builds confidence, encourages new ideas, and provides the experience you need in order to reach your goals.

Focus Your Energy
Countless good ideas can distract you from what is most important. Set priorities and do the important things first every day. Give yourself realistic deadlines, and get into a daily rhythm rather than trying to cram. Set aside blocks of time in which you can complete each project; give yourself deadlines; and guard those times from distractions.

Maintain Quality
Anything worth doing is worth doing to the best of your ability, even if no one will ever know the difference. Address the details no matter how monotonous. When you see a need for improvement, find a way to improve.

Evaluate
There is always a more efficient way to do something. Compare your plans with the way things turned out. Identify where you wasted time or materials, and make adjustments.

Rest
It’s easy to look busy. It’s harder to build productive habits. Notice when you tend to get tired, discouraged, or distracted. The key to building working capacity is to work just past your ordinary limits and then rest. Take a short break every 60 to 90 minutes. Make sure you get regular exercise.

To: City Manager  
    Assistant City Manager  
    City Commissioners
From: Dennis Veatch
Date: August 11, 2010
Subject: Ordinance No. 3493  
        Rezoning 105 N. 14th Avenue

Agenda Item: Ordinances and Resolutions

Recommendation: The Dodge City Zoning Board is recommending denial of Ordinance No. 3493. Development Services Staff recommends approval.

Background: Mr. Larry Thephacahanh has submitted a request to rezone 105 N. Fourteenth Ave. from R-2, Residential Medium Density to C-2, Commercial Highway. The Zoning Board held a public hearing on July 29, 2010 to review this case. The Zoning Board denied this request by a 3-1 vote based on their concern about spot zoning and protecting the adjacent residential homes. This hearing was duly advertised in the Dodge City Daily Globe. There were no property owners in attendance that spoke in favor or against this request and no protest petition has been filed.

Justification: Mr. Thephacahanh proposes to develop this property into retail uses. The development will conform to the Dodge City Zoning Regulations and the City Comprehensive Plan.

Financial Considerations: None

Purpose/Mission: To promote and develop new retail growth.

Legal Considerations: None

Attachments: Ordinance No. 3493, Development Services Report and map showing proposed rezoning.
ORDINANCE NO. 3493

AN ORDINANCE REZONING A TRACT OF LAND FROM R-2, RESIDENTIAL MEDIUM DENSITY TO C-2, COMMERCIAL HIGHWAY.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF DODGE CITY, KANSAS:

SECTION 1: The following described real property located in Dodge City, Ford County, Kansas is hereby rezoned from R-2, Residential Medium Density to C-2, Commercial Highway:

Tract 8, Westlawn Place, Dodge City, Ford County, Kansas, also known as 105 N. Fourteenth Avenue.

SECTION 2: This ordinance shall take effect, from and following its publication in the official paper, as required by law.

PASSED BY THE CITY OF DODGE CITY GOVERNING BODY, IN REGULAR SESSION AND APPROVED BY THE MAYOR, THIS SEVENTH DAY OF SEPTEMBER, 2010.

CITY OF DODGE CITY
DEVELOPMENT SERVICES REPORT
CASE NO. 10-12

APPLICANT: Larry Thepachanh

REQUEST: Zoning Map Amendment, from R-2, Residential Medium Density to C-2, Highway Commercial

SURROUNDING LAND USES (ZONING):
- North- Residential Medium Density (R-2)
- South- Residential Medium Density (R-2)
- East- Commercial Highway (C-2)
- West- Residential Medium Density (R-2)

BACKGROUND
This site was previously a location of an old mobile home park and a single family structure. The mobile homes were removed several years ago and the single family structure was recently demolished. This area is served by public water. No sewer is available at this time. All septic systems were abandoned when the mobile homes were removed.

ANALYSIS
The Comprehensive Plan indicates that this site is located in a High Accessibility Corridor Category II area. Most of these corridors are those highways and surrounding lands that accommodate most non-residential development outside of downtown.

High Accessibility Corridor Policies should be followed:
- Land in the High Accessibility Corridors should be used for activities generating employment, high volumes of visitor traffic, and/or frequent truck trips. Such uses include highway commercial and commercial office.
- Use of vacant land, cleared land or existing structures and property improvements should be compatible with existing sound, viable uses on adjoining property and in the immediate area, consistent with any more detailed sub-area plans that may be prepared by the City from time to time.
- Property in this area should exhibit a high quality of site design and continuous property maintenance consistent with the character of the land use category. The use and maintenance of property should specifically avoid creating nuisances that detract from the use of adjoining and nearby properties.
- Commercial uses should not be in competition with the retail and service establishments in the downtown and established centers. Prior to adding new commercial areas under zoning, existing marginal commercial property should be reused for new productive commercial purposes.
- Commercial uses should be concentrated whenever possible to limit the disruption of traffic flow on adjoining streets. Redevelopment proposals should incorporate restricted access when practical.

RECOMMENDATION
Development Services staff recommends that the Zoning Board approve this application.

Subject: Recommendation for 2109 Special Alcohol and Drug Funds

Agenda Item: New Business

**Recommendation:** I recommend the approval of the disbursements of Special Alcohol and Drug Tax money for the recommended programs.

**Background:** The City of Dodge City receives a portion of the alcohol and drug tax that is collected in the community. That tax is allocated 1/3 to the General Fund, 1/3 to a Special Park and Recreation Fund and 1/3 to a Special Alcohol and Drug Fund. This allocation is spelled out in the Kansas State Statutes. The amount deposited into the Special Alcohol and Drug fund are to be used for “the purchase, establishment, maintenance or expansion of services or programs whose principal purpose is alcoholism and drug abuse prevention and education, alcohol and drug detoxification, intervention in alcohol and drug abuse or treatment of persons who are alcoholics or drug abusers or are in danger of becoming alcoholics or drug abusers”. In order to accomplish this, we take applications from agencies/programs that provide those services. A committee of 3 individuals reviewed the applications and made a recommendation on the allocation of these funds. The 3 people serving on the committee were Jane Longmeyer, Luanne Menard and Vickie Williamson. I was the coordinator and facilitator. There is approximately $98,000 to be allocated for these programs. The applications received, the amount applied for and the recommended allocation is:

Subject: Retail Fuel Station Bids
Agenda Item: New Business

Recommendation: On August 24, 2010 three bids were received and opened to provide the City fuel from a retail fueling station. Based on the bids received staff would recommend that the Commission accept the bid from Dodge Petroleum, Inc. and Quick Pick, Inc. at which they will provide fuel to the City at their cost of fuel.

Background: Since 1998 Southwest Oil and Supply Co., Inc has provided fuel to the City at their fueling stations. The price of the fuel sold to the City was at a rate of three cents above the cost of fuel that was sold to Southwest Oil and Supply. A few months ago it was requested that the City rebid this contract to offer other fueling stations in town a chance to provide the City with fuel. The bid sent out will offer a Retail Fueling Station a five year contract at which time the fuel prices will be rebid at the end of such 5 year term.

Justification: Based on the bids received Dodge Petroleum, Inc. and Quick Pick, Inc. has submitted a bid to provide the City fuel at the wholesale cost at which the fuel is provided to them. Quick Pick, Inc will offer four locations at which the City can retain these services two locations on Central, one location on Gary, and One location on south 14th.

Financial Considerations: Each department within the City has a budgeted line item to purchase fuel. At this time the only financial consideration would be the price at which the City will purchase its fuel.

Purpose/Mission: To provide local businesses the opportunity to do business with the City of Dodge City. To purchase quality products at the lowest price possible.
**Legal Considerations:** Five year contract with the City of Dodge City.
