Nannette Pogue, City Clerk
Memorandum

To: City Manager
   Assistant City Manager
   City Commissioners
From: Paul Lewis
Date: September 30, 2010
Subject: SMPC Advisory Board Vacancy
Agenda Item: Consent Calendar

Recommendation: Staff recommends appointing Bonita Green to fill an unexpired term on the SMPC Advisory Board.

Background: An opening exists on the SMPC Advisory Board due to the resignation of Cody Keith earlier this year. The Advisory Board recommends the City Commission appoint Ms. Green to fill that spot and complete the term which expires in January 2013.

Justification: Ms. Green is the new Director for the Newman University Western Center taking over the position previously held by Tom Heydman. With an active role in the Hennessy facility, Ms. Green is well situated to advise the City on the needs and issues involving Hennessy and the campus.

Financial Considerations: n/a

Purpose/Mission: Open communication with community members is a central component of the City’s Mission Statement. Many times that communication occurs through the Advisory Board process and Ms’s Greens appointment helps further that communication.

Legal Considerations: No legal issues are associated with appointing Ms. Green to the Advisory Board.

Attachments: n/a
Memorandum

To: Ken Strobel, City Manager  
   Cherise Tieben, Assistant City Manager
From: Nannette Pogue
Date: September 30, 2010
Subject: Motion to Temporarily Allow Consumption of Alcoholic Beverages in Eisenhower Park
Agenda Item: Consent Calendar

Recommendation: I recommend a motion to allow the consumption of alcoholic beverages on a temporary basis for a private function at a City park.

Background: The City of Dodge City’s ordinances has a prohibition against the sale, service or consumption of cereal malt beverages or alcoholic beverage on city property unless there is a specific ordinance exempting a location. The ordinance reads that certain city-owned property is exempted from this prohibition and other property be exempted as determined from time to time by duly adopted motion of the City Commission. We have had a request from Mike Doll to use Eisenhower Park on October 9 from approximately 4:00 p.m. – 8:00 p.m. for an open house of his new business. His new offices are located around the corner from the park. He has also asked if we would consider allowing the consumption of alcoholic beverages during the open house at the park location as he will be providing entertainment outside.

Justification: The City has had similar requests in the past for allowing consumption or sale on city property. In the past, we have allowed it for a limited time period in a specific location with proper licensing. In this instance, since they will not be selling the beverages, there will be no additional licenses required. The ordinance allows the prohibition to be exempted upon motion of the City Commission. Upon approval by the City Commission, we will limit the time and require that the premises be cleaned.

Financial Considerations: None

Purpose/Mission: Work with the community for a safe and inviting environment.

Legal Considerations: Allowed by City Ordinance
Memorandum

To: City Manager
    Assistant City Manager
    City Commissioners

From: Paul Lewis

Date: September 30, 2010

Subject: Mobility Manager Request

Agenda Item: New Business

Recommendation: Staff recommends authorizing submittal of a request to the Kansas Department of Transportation for funding of a Mobility Manager position.

Background: KDOT has selected Southwest Kansas as a pilot project for enhancing public transportation and is working to garner local support for the effort. Over the last several months, staff along with County representatives and a variety of members from the public has met with KDOT to discuss transportation issues and needs in the region.

Meetings to date have included Ford County and Dodge City Community College officials along with representatives from several businesses including Cargill, the Medical Center, and Western Plains Regional Hospital. Through these meetings there has been an interest expressed in the potential to expand the existing public transportation system. As a result of these efforts both the City and County Commissions approved Expression of Interest letters related to transportation initiatives.

In order to move this process forward, we’ve reached a point where additional support is necessary. This request to KDOT is to fund a Mobility Manager staff person whose responsibility will be to coordinate the design of a comprehensive transportation system, developing routes and schedules, infrastructure requirements, budgets, etc. Depending on future action by the Commissions, this position would also develop grant applications for future funding.

Justification: Transportation is a significant need for many individuals in this community. For some it’s getting to a medical appointment, for others it’s just a means to accomplish basic everyday tasks like shopping or a hair appointment. Beyond the days to day needs, others have expressed interest in opportunities to access the various entertainment options that are available throughout the county.

This proposal also seeks to expand the availability of service to those outside the community. As a regional hub, it’s critical those from other population centers around Ford County and surrounding counties have access to the services available here.
**Financial Considerations:** This request is based on an 80/20 match with KDOT. If approved, KDOT will provide 80% of the proposed $80,000 budget. The remaining 20% will be a local match of $16,000. This program proposes a partnership between the City of Dodge City and Ford County with each entity participating equally in the financing.

This initial request is for one year but there is a potential that an additional six or twelve months of service from the Mobility Manager may be necessary to complete all the work contemplated under this grant. In that event, an additional request may be necessary to KDOT and the Commission will need to authorize that extension.

**Purpose/Mission:** This proposal is consistent with the Mission Statement of the City to make ongoing improvements. It seeks to take an existing service and look at alternatives for expansion and provide services to more individuals.

**Legal Considerations:** If approved by KDOT, this proposal commits the City to a one year project to study and design an expanded transportation system and develop budgets for the development and operation of such a system. There are no future commitments and the Commission will have the opportunity to consider and review a proposed system prior to any further requests.

**Attachments:** Mobility Manager Request
REQUEST FOR FUNDING
Mobility Manager

INTRODUCTION
Dodge City and Ford County is a diverse, vibrant, growing community. With a strong economy based primarily on agricultural, the area in recent years has worked to enhance the local economy through increased emphasis on tourism and energy generation.

Like the economy, the population of the area is equally diverse. The area contains a significant older demographic as well as multiple ethnic populations. Such a diverse community presents a wide variety of transportation issues.

For many years, the City of Dodge City has been a 5111 Transportation provider through a demand based, point to point system. This system provides general public transportation and attempts to fill in the gaps for those needing rides for medical appointments, shopping, and other day to day needs. But this system operates only within the city limits and is inefficient and serves only a small fraction of transportation needs identified throughout the region.

PROJECT
Dodge City and Ford County request funding to hire a Mobility Manager, whose purpose will be to design a comprehensive transportation system, serving initially the Ford County area with the potential to create a regional transportation hub. The grant will provide one individual as well as provide office equipment and supplies, telephone, office space, utilities, and cell phone.

Budget
The proposed budget for the project is as follows:

<table>
<thead>
<tr>
<th>Budget</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Wages &amp; Benefits</td>
<td>65,770</td>
</tr>
<tr>
<td>Professional Fees</td>
<td>5,000</td>
</tr>
<tr>
<td>Travel &amp; Training</td>
<td>2,500</td>
</tr>
<tr>
<td>Office Rent</td>
<td>6,000</td>
</tr>
<tr>
<td>Computer &amp; Software</td>
<td>2,000</td>
</tr>
<tr>
<td>Telephone</td>
<td>900</td>
</tr>
<tr>
<td></td>
<td>82,170</td>
</tr>
<tr>
<td>KDOT Grant (80%)</td>
<td>65,740</td>
</tr>
<tr>
<td>Local Match (20%)</td>
<td>16,430</td>
</tr>
</tbody>
</table>

The local match will be met by the City of Dodge City and Ford County. Both entities have agreed to support the project and partner in providing the local match necessary to fund the project.
Request for Funding
Mobility Manager

Responsibilities:
- Manage the growth of the Dodge city transit program from the current two vehicles to a regional transit hub that in the future operations may manage multiple counties, multiple cities, and develop plans for expanded service in Dodge City/Ford County;
- Explore the possibility of fixed route and workforce transportation;
- Research and evaluate potential service contracts to provide expanded services and income to support the operation;
- Coordinate with other stakeholders to meet transportation needs for tourism and entertainment, services for senior citizens and medical transport;
- Working with employers to understand workforce needs.

Potentially the Mobility Manager might evolve into a Transit Manager position if the program develops as anticipated. Depending on the planning process and grant applications and approval cycles, that transformation might take 18 – 24 months.

Timeline
See Exhibit A

SUMMARY
There are many interests locally on seeing an expanded transit service. Over the last several months individuals have participated in ongoing meetings to discuss transportation needs. Those individuals have come from the largest local employers, Senior groups and the Ford County Council on Aging, the medical community, and tourism and entertainment providers to mention a few.

The Mobility Manager position is a critical component necessary to move the concept of a regional transportation system forward in Southwest Kansas. Without this staff person, development of the Dodge City/Ford County system can not progress in a timely fashion.
