To: Cherise Tieben, City Manager
From: Nannette Pogue, Finance Director/City Clerk
Date: June 30, 2015
Subject: Ordinance designating Dodge City Days as a Special Event
Agenda Item: Ordinance

Recommendation: I recommend approval of Ordinance No. 3608

Background: Jessie Garcia from the Doctor’s Office is requesting a temporary alcohol permit for the area in front of the Doctor’s Office which includes the street. K.S.A. 41-719 allows for a city to designate a festival or other similar community gathering, such as Dodge City Days, as a “special event” as a condition precedent to allowing the State of Kansas the discretion to issue temporary permits for the consumption of alcohol. The first step in allowing the State to issue a temporary permit is to pass an ordinance designating Dodge City Days as a Special Event.

The City will have to also make some decisions as to whether we want to issue him a street closing permit and allow him to serve alcohol in front of his building and what the conditions will be. City staff will be meeting on this in the very near future.

After approving the ordinance and other conditions, Mr. Garcia will be able to apply to the State of Kansas for a temporary alcohol permit.

Justification: Designate Dodge City Days as a special event so that events that are being planned in Dodge City can obtain the proper permits to hold their events.

Financial Considerations: None

Purpose/Mission: Together we promote open communications with our community members.

Legal Considerations: No additional

Attachments: Ordinance No. 3608
ORDINANCE NO. 3608

AN ORDINANCE DESIGNATING DODGE CITY DAYS AS A SPECIAL EVENT IN THE CITY OF DODGE CITY, KANSAS.

WHEREAS, Dodge City Days is a ten (10) day special event held annually during the last week in July and first week in August; and,

WHEREAS, the City of Dodge City celebrates its historical roots during this city-wide special event; and,

WHEREAS, a variety of activities are held throughout the City during this special event; and,

WHEREAS, K.S.A. 41-719 allows for a city to designate a festival or other similar community gathering, such as Dodge City Days, as a “special event” as a condition precedent to allowing the State of Kansas the discretion to issue temporary permits for the consumption of alcohol; and,

WHEREAS, the City of Dodge City has been asked to make such designation as a prelude for business and individuals to request temporary permits from the State of Kansas for the sale and consumption of alcoholic liquor on public streets, alleys, sidewalks, roads or highways at special events as defined by K.S.A. 41-719(a)(2).

NOW THEREFORE, the City of Dodge City hereby designates the community gathering and festival, commonly known as Dodge City Days as a “special event” in Dodge City, Kansas. This special event will extend for a period of ten (10) days beginning on July 24, 2015 and ending on August 2, 2015.

The Ordinance will take effect upon approval by the City Commission and upon publication of a summary Ordinance in the Dodge City Daily Globe.

Approved this 6th day of July, 2015.

Memorandum

From: Ray Slattery, P.E.
Director of Engineering Services

Date: June 29, 2015
Subject: Change Order #5 for Trail Street Reconstruction- 2nd Ave. to 14th Ave. (ST 1203)
Agenda Item: New Business

Recommendation: Approve the Change Order #5 of the Trail St. Reconstruction Project in the total amount of $77,457.52.

Background: This Change Order represents final field measurements. As with any project there will be variances from what is shown on the plans/proposal document to what actually is constructed in the field. Although the amount sound large it is roughly 2% of the overall project cost. Some of the larger items in this Change Order are;

Unclassified Excavation - Additional grading and removal of pavement resulted in the overrun of 3,266.5 CY.
9" NRDJ Concrete Pavement - Actual field measurements resulted in a decrease of 758 SY.
30"x19" RCEP - The proposal stated more lineal feet of this pipe size than what the plans shown. This resulted in a decrease of 299 LF.
38"x24" RCEP - the proposal showed less lineal feet than the plans or what was installed. This resulted in an overrun of 809 LF.
Concrete Pavement 9" - As a result of not installing the new 12" waterline all the way out to the driving lanes of 2nd Ave. and shortening the tie-in area on 14th Ave., there was a decrease of 465.8 SY.

Many of the other items listed in the Change Order were just a few quantities or dollar increase or decrease.

Again this represents actual final field place quantities. The Contractor and City Staff have spent the last couple month verifying all quantities of the project.

Justification: These changes will eliminate future problems, maintenance issues, and provided the project with a much cleaner finished appearance.

Financial Considerations: The cost of this Change Order is $77,457.52. The project came in roughly $400,000 under the Engineer's Estiamte and well below the budgetted amount so money
is available for these Change Order. The total amount of all the Change Ordres is $327,324.19, of which $200,000 was for the unplanned 3rd Ave. RCB replacement.

**Purpose/Mission:** The completion of this project will ensure the safety of our citizens, maintain our infrastructure in an acceptable condition, and extend the life of this important roadway.

**Legal Considerations:** By approving the Change Order with Smoky Hill, LLC, the City will be responsible to make payments to Smoky Hill, LLC, for the completed work.

RECOMMENDED FOR APPROVAL:

Ray St. George, P.E.
Director of Engineering Services

Nannette Pogue, City Clerk
Mayor or City Manager

This is to affirm that I have inspected this change in plans and construction and hereby agree to the quantities, unit prices, and amounts shown above.

Contractor: Smoky Hill

By: ___________________________
Memorandum

To: City Manager
   City Commissioners

From: Tanner Rutschman, E.I.
       Civil Engineer

Date: August 3, 2015
Subject: 14th Ave. Erosion Improvements,
         SD 1501

Agenda Item: New Business

Recommendation: Reject the bid for the construction of the 14th Ave. Erosion Improvements. The Engineer’s Estimate for the project was $38,915.00. The low bid from JAG Construction Co. was $49,671.00 or 128% over the Engineer’s Estimate. The staggering price tag is due to the only bidder having several jobs that will not work with the time frame that we were requiring for this project. Staff will work to determine the best way to proceed with the project moving forward.

Background: The need for this project rose from side slopes that were unable to establish vegetation to hinder the soil from being eroded along several properties on 14th Ave.

Justification: This was an unbudgeted project that should not cost much more than $40,000 to complete. We will seek other means of completing these much needed improvements.

Financial Considerations: Since the bids are being recommended for rejection, there will not be any financial Consideration at this time.

Purpose/Mission: The completion of this project would align with the City’s core value of ongoing improvement.

Legal Considerations: By rejecting the bid, the city will not have any responsibility to JAG Construction Co.

Attachments: Bid Tab with the Engineer’s Estimate.
